Soundhouse Construction LLP

Notes to the Abridged Financial Statements

For The Year Ended 31 March 2023

1. General Information

Soundhouse Construction LLP is a limited liability partnership, incorporated in England & Wales, registered number OC379839 . The Registered Office is First Floor Redington Court, 69 Church Road, Hove, BN3 2BB.

2. Accounting Policies

2.1. Basis of Preparation of Financial Statements

The financial statements are prepared under the historical cost convention and in accordance with applicable United Kingdom accounting standards, including Financial Reporting Standard 102 for small limited liability partnerships regime - The Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), The Statement of Recommended Practice 'Accounting by Limited Liability Partnerships' issued in December 2021 (SORP) and the Companies Act 2006 (as applied to LLPs).

The financial statements are prepared in sterling which is the functional currency of the LLP.

2.2. Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover is reduced for estimated customer returns, rebates and other similar allowances.

Sale of goods

Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods has transferred to the buyer. This is usually at the point that the customer has signed for the delivery of the goods.

Rendering of services

Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs. Turnover is only recognised to the extent of recoverable expenses when the outcome of a contract cannot be estimated reliably.

2.3. Tangible Fixed Assets and Depreciation

Tangible fixed assets are measured at cost less accumulated depreciation and any accumulated impairment losses. Depreciation is provided at rates calculated to write off the cost of the fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Computer Equipment	33% Straight Line
--------------------	-------------------

2.4. Stocks and Work in Progress

Stocks and work in progress are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads. Work-in-progress is reflected in the accounts on a contract by contract basis by recording turnover and related costs as contract activity progresses.

3. Average Number of Employees

Average number of employees, including members with contracts of employment, during the year was: 2 (2022: 2)

4. Tangible Assets
