LendNet LLP

Members' Report for the year ended 31 March 2020

The members present their report and financial statements for the year ended 31 March 2020

Principal activities of the business

The principal activity of the company is that of providing loan finance to SMEs.

Results

The LLP's profit for the year was £10,949,148 (2019: £7,460,357).

Members

The following designated members have held office since 1 April 2019:

Triple Point LLP

Triple Point Navigator Partners LLP

Generations Navigator LLP

Triple Point Advancr Leasing PLC

Statement of members' responsibilities

The members are responsible for preparing the financial statements in accordance with applicable laws and regulations.

Company law (as applied by The Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008) requires the members to prepare financial statements for each financial year. Under that law the members have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice. Under company law (as applied by The Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008) the members must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the limited liability partnership and of the profit or loss of the limited liability partnership for that period. In preparing these financial statements, the members are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the limited liability partnership will continue in business.

The members are responsible for keeping adequate accounting records that are sufficient to show and explain the limited liability partnership's transactions and disclose with reasonable accuracy at any time the financial position of the limited liability partnership and enable them to ensure that the financial statements comply with the Companies Act 2006 (as applied by The Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008). They are also responsible for safeguarding the assets of the limited liability partnership and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This report has been prepared in accordance with the special provisions relating to small entities within Part 15 of the Companies Act 2006.

LendNet LLP

Notes to the accounts for the year ended 31 March 2020

1 Accounting Policies

Partnership information

LendNet LLP (the "partnership") was established on 5 February 2014 and is registered as a limited liability partnership in England and Wales. The registered office is 1 King William Street, London, EC4N 7AF.

1.1 Accounting Convention

These financial statements have been prepared in accordance with Section 1A of FRS 102 – 'The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland' ('FRS 102') and the requirements of the Companies Act 2006. The financial statements have been prepared on the historical cost basis.

The financial statements are prepared in sterling, which is the functional currency of the partnership. Monetary amounts in these financial statements are rounded to the nearest £.

1.2 Going concern

The financial statements have been prepared on a going concern basis. The members have reviewed and considered relevant information, including the annual budget and future cash flows in making their assessment. In particular, in response to the COVID-19 pandemic, the members have tested their cash flow analysis to take into account the impact on their business of possible scenarios brought on by the impact of COVID-19, alongside the measures that they can take to mitigate the impact. Based on these assessments, given the measures that could be undertaken to mitigate the current adverse conditions, and the current resources available, the members have concluded that they can continue to adopt the going concern basis in preparing the annual report and accounts.

1.3 Turnover

Turnover represents interest received from providing loan finance to SMEs.

1.4 Cash and cash equivalents

Cash and cash equivalents include cash in hand and held with banks.

1.5 Financial instruments

The partnership has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the partnership's statement of financial position when the partnership becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include trade and other debtors, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest.

LendNet LLP

Notes to the accounts for the year ended 31 March 2020

1 Accounting Policies (continued)

Impairment of financial assets

Financial assets, other than those held at fair value through profit and loss, are assessed for indicators of impairment at each reporting end date.

Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows have been affected. If an asset is impaired, the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in profit or loss.

If there is a decrease in the impairment loss arising from an event occurring after the impairment was recognised, the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been, had the impairment not previously been recognised. The impairment reversal is recognised in profit or loss.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire or are settled, or when the partnership transfers the financial asset and substantially all the risks and rewards of ownership to another entity, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party.

Classification of financial liabilities

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the partnership after deducting all of its liabilities.

Basic financial liabilities, including trade and other creditors, bank loans, loans from fellow group companies and preference shares that are classified as debt, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as 'creditors: amounts falling due within one year' if payment is due within one year or less. If not, they are presented as 'creditors: amounts falling due after more than one year'. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Derecognition of financial liabilities

Financial liabilities are derecognised when the partnership's contractual obligations expire or are discharged or cancelled.

LendNet LLP**Notes to the accounts for the year ended 31 March 2020**

2 Debtors	2020	2019
	£	£
Trade Debtors	865,849	958,738
Accrued Income	385,681	284,883
	<u>1,251,530</u>	<u>1,243,621</u>

3 Creditors - Amounts falling due within one year	2020	2019
	£	£
