**Rosehill Farms LLP
Members' Report**

The members present their report and accounts for the year ended 31 October 2021.

Principal activities

The LLP's principal activity during the year continued to be the ownership & development of a parcel of land.

Designated members

The following persons served as designated members during the year:

Clive R Higgins
Margaret Higgins
Benjamin Higgins

Policy with respect to members' drawings and subscription and repayment of members' capital

Members are permitted to make drawings in anticipation of profits which will be allocated to them. The amount of such drawings is set at the beginning of each financial year, taking into account the anticipated cash needs of the LLP. New members are required to subscribe a minimum level of capital and in subsequent years members are invited to subscribe for further capital, the amount of which is determined by the performance and seniority of those members. On retirement, capital is repaid to members.

This report was approved by the members on 28 July 2022 and signed on their behalf by:

Margaret Higgins
Designated member

Rosehill Farms LLP

Chartered Accountants' report to the members on the preparation of the unaudited statutory accounts of Rosehill Farms LLP for the year ended 31 October 2021

In order to assist you to fulfil your duties under the Companies Act 2006 (as applied by the LLP regulations), we have prepared for your approval the accounts of Rosehill Farms LLP for the year ended 31 October 2021 which comprise the Profit and Loss Account, the Balance Sheet, the Reconciliation of Members' Interests and the related notes from the LLP's accounting records and from information and explanations you have given us.

As a practising member firm of the Institute of Chartered Accountants in England and Wales, we are subject to its ethical and other professional requirements which are detailed at www.icaew.com/en/members/regulations-standards-and-guidance

Our work has been undertaken in accordance with ICAEW Technical Release 07/16 AAF.

A handwritten signature in black ink that reads "AJR & Co. Ltd". The signature is written in a cursive, flowing style. Below the signature is a long, horizontal, slightly wavy line that serves as a flourish or underline.

Rosehill Farms LLP
Notes to the Accounts
for the year ended 31 October 2021

1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by section 1A of the standard) and the Statement of Recommended Practice (SORP), Accounting by Limited Liability Partnerships.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

Division of profits

Profits are treated as being available for discretionary division only if the LLP has an unconditional right to refuse payment of the profits of a particular year unless and until the members agree to divide them. Profits are otherwise automatically divided and included under Members' remuneration charged as an expense in the profit and loss account.

Taxation

Taxation is not provided for in the accounts as taxation is the personal liability of the members. Any amounts held by the LLP on behalf of members in respect of their tax liabilities are treated as debts due to members.

Tangible fixed assets

Tangible fixed assets are measured at cost less accumulative depreciation and any accumulative impairment losses. Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Freehold buildings	over 50 years
Plant and machinery	over 10 years
Fixtures, fittings, tools and equipment	over 10 years
Computer equipment	over 3 years

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost is determined using the first in first out method. The carrying amount of stock sold is recognised as an expense in the period in which the related revenue is recognised.

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Rosehill Farms LLP
Notes to the Accounts
for the year ended 31 October 2021

Creditors

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

Members' capital

Members' capital is classified as debt and not equity if there is a contractual obligation for the LLP to repay the capital to members, even if that obligation is conditional.

Leased assets

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership. All other leases are classified as operating leases. The rights of use and obligations under finance leases are initially recognised as assets and liabilities at amounts equal to the fair value of the leased assets or, if lower, the present value of the minimum lease payments. Minimum lease payments are apportioned between the finance charge and the reduction in the outstanding liability using the effective interest rate method. The finance charge is allocated to each period during the lease so as to produce a constant periodic rate of interest on the remaining balance of the liability. Leased assets are depreciated in accordance with the LLP's policy for tangible fixed assets. If there is no reasonable certainty that ownership will be obtained at the end of the lease term, the asset is depreciated over the lower of the lease term and its useful life. Operating lease payments are recognised as an expense on a straight line basis over the lease term.
