Notes to the Abbreviated Accounts
for the Year Ended 28 February 2016

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

Turnover

Turnover represents amounts receivable for goods sold and services rendered during the year, exclusive of value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Freehold property	- 2% on cost
Plant and machinery	- 20% on reducing balance
Motor vehicles	- 25% on reducing balance
Computer equipment	- 25% on cost

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

The payment of taxation is deferred or accelerated because of timing differences between the treatment of certain items for accounting and taxation purposes. Deferred tax assets are recognised only to the extent that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Full provision for deferred taxation is made under the liability method, without discounting, on all timing differences that have arisen, but not reversed by the balance sheet date, unless such provision is not permitted by accounting standards.

In accordance with such standards deferred tax is not provided for:

- a) revaluation gains on land and buildings, unless there is a binding agreement to sell them at the balance sheet date; and
- b) gains on the sale of non-monetary assets, if the taxable gain will probably be rolled over.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.
