1. STATUTORY INFORMATION

BPB Paperboard Limited is a private company, limited by shares, registered in Scotland. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Preparation of consolidated financial statements

The financial statements contain information about BPB Paperboard Limited as an individual company and do not contain consolidated financial information as the parent of a group. The company is exempt under Section 400 of the Companies Act 2006 from the requirements to prepare consolidated financial statements as it and its subsidiary undertakings are included by full consolidation in the consolidated financial statements of its parent, Compagnie de Saint-Gobain, .

Impairment

The company assesses at each reporting date whether there is any indication that an asset may be impaired. If any such indication exists, the company makes an estimate of the asset's recoverable amount. The asset's recoverable amount is the higher of the fair value, less costs to sell, and its value in use. For the assets of BPB Paperboard Limited, which mainly consist of investments in subsidiaries and loans to other group companies, these values are determined on a company by company basis. Where the carrying value of an asset exceeds its recoverable amount, the asset is considered impaired and written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to that asset. Impairment losses of continuing operations are recognised in the income statement in those expense categories consistent with the function of the impaired asset.

Financing income and expense

Interest income and interest payable is recognised in profit or loss as it accrues, using the effective interest method. Dividend income is recognised in the income statement on the date the entity's right to receive payments is established.
