CLYDE MARINE SERVICES LIMITED

NOTES TO THE ABBREVIATED ACCOUNTS

FOR THE YEAR ENDED 31 DECEMBER 2014

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention modified to include the revaluation of motor launches and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The company has not revalued all assets under the heading of motor launches as the valuation was carried out in 1991 before the requirements of FRS 15 to revalue all assets within the same category was introduced. On the implementation of FRS 15 the company followed the transitional provisions of the standard which allowed them to retain the book amounts of the assets at the revalued amounts. These assets have not been revalued since 1991.

1.2 Turnover

Turnover represents amounts receivable for goods and services in relation to the provision of ships servicing and motor launch activity. It is recognised in the accounts on an invoice basis, net of value added tax and arises wholly within the United Kingdom.

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation less estimated residual value of each asset over its expected useful life, as follows:

Heritable property	5% reducing balance.
Motor launches	5% reducing balance.
Plant, furniture & fittings	25% straight line.
Motor vehicles	25% reducing balance.

1.4 Investments

Fixed asset investments are stated at cost less provision for diminution in value.

1.5 Stock

Stock is valued at the lower of cost and net realisable value.

1.6 Pensions

The company operates a defined contribution scheme for the benefit of its employees. Contributions payable are charged to the profit and loss account in the year they are payable.

1.7 Deferred taxation

Deferred taxation is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted.

1.8 Foreign currency translation

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to profit and loss account.

1.9 Group accounts

The financial statements present information about the company as an individual undertaking and not about its group. The company and its subsidiary undertaking comprise a small-sized group. The company has therefore taken advantage of the exemptions provided by section 399 of the Companies Act 2006 not to prepare group accounts.
