Strategic report

The directors present their strategic report and the financial statements for the 53 weeks ended 2 September 2018.

Principal activities and review of the business

The principal activities of the group consist of Civil Engineering and Remediation, Energy, Property, Development, Plant Hire, Farming and Estate Management.

The directors monitor turnover, gross margin and working capital as their key performance indicators, as well as other measures to assess progress on contracts and developments. Turnover has decreased in the year reflecting a reduction in on-shore wind energy projects and a reduction in workload, particularly in the first half of the year to February 2018. Many projects are being delayed as clients experience planning and funding issues.

A number of contracts managed from our Warrington base performed badly in the period. Provision for anticipated losses relating to these jobs has been made in these accounts and since the year-end, a number of management changes have been implemented. As a result, we expect improved margins from this region going forward. Strong management and an excellent reporting and control environment remain essential.

The group continues to engage in property development. Projects in Fife, Dundee and Falkirk have progressed and we are pleased to see the housing market showing continued growth. Construction work has continued at our Dunfermline site where we hope to complete a second sale of land in 2019. In Dundee, we have been engaged in infrastructure works ahead of sales to various parties including a food retailer and our housing site at Bathgate is almost complete.

The group's Slievenahanaghan wind farm has performed well.

The property business, Breckenridge Estates Rental Limited, had an acceptable year although a downward valuation adjustment was made against property values at the year-end. Breckenridge Lettings Limited is making its presence felt in the Ascot, Sunningdale and Virginia Water area with its client base growing.

The group's working capital position is satisfactory.

In conclusion, we expect our market place to continue to be challenging. Our volume of civil engineering work is expected to increase and we anticipate making further progress across our property developments.

Principal risks and uncertainties

The group's principal financial instruments comprise cash, cash equivalents and loans. Other financial assets and liabilities, such as trade creditors and trade debtors, arise directly from the group's operating activities.

The main risks associated with the group's financial assets and liabilities are set out below.

Interest rate risk

The group invests surplus cash in a floating rate interest yielding bank deposit account and has access to a floating rate interest bearing overdraft facility. Term loans are entered into at floating interest rates. The group's interest income and expenses are therefore affected by movements in interest rates.

Credit risk

The group has external debtors; however, the group undertakes assessments of its customers in order to ensure that credit is not extended where there is a likelihood of default.

Liquidity risk

The group aims to mitigate liquidity risk by managing cash generated by its operations.

Strategic report

Principal risks and uncertainties (continued)

Cash Flow Risk

Cash flow risk is the risk of exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability. The group manages this risk, where significant, by use of cash flow forecasting and negotiating regular stage payment arrangements with customers.

Foreign currency risk

The group does not have any foreign currency transactions and therefore is not exposed to any foreign currency risk.

On behalf of the Board

J S Brown Director

25 April 2019

Registered No. SC 040891

Directors' report

The directors present their report and financial statements for the 53 weeks ended 2 September 2018.

Certain information, including principal activities, review of business and financial risks is not shown in the Directors' Report because it is shown in the strategic report instead under S414 C (11).

Results and dividends

The group profit for the period after taxation amounted to £350,742 (52 weeks ended 27 August 2017 – profit of £2,124,794). The directors do not recommend a final dividend (52 weeks ended 27 August 2017 – £nil). Interim dividends amounting to £288,800 (2017: £505,400) were paid during the period.

Going concern

The directors have performed an assessment of the company's ability to continue trading as a going concern, by reference to trading forecasts and financing requirements for a period of 12 months from the approval of these financial statements. The directors are satisfied that the going concern basis of preparation for these financial statements is appropriate.

Directors

The directors who served the company during the period and up to the date of signing these financial statements were as follows:

J H Brown (Chairman)

J S Brown (Managing Director)

R M Brown

D H Brown

A Miller

D A Brown

N Taylor (Resigned 1 March 2019)

A S Kenwell

R M Entwistle

Disclosure of information to the auditors

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information, being information needed by the auditor in connection with preparing its report, of which the auditor is unaware. Having made enquiries of fellow directors and the group's auditor, each director has taken all the steps that he is obliged to take as a director in order to make himself aware of any relevant audit information and to establish that the auditor is aware of that information.

Auditors

A resolution to reappoint Ernst & Young LLP as auditors will be put to the members at the Annual General Meeting.

On behalf of the Board

J S Brown Director

25 April 2019

Statement of directors' responsibilities

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and the company and of the profit or loss of the group for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the group's and the company's transactions and disclose with reasonable accuracy at any time the financial position of the group and the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the group and the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent auditors' report

to the members of I & H Brown Limited

Opinion

We have audited the financial statements of I & H Brown Limited ('the parent company') and its subsidiaries (the 'group') for the 53 weeks ended 2 September 2018 which comprise the Group Income Statement, the Group Statement of Comprehensive Income, the Group and Parent Company Statement of Changes in Equity, the Group and Parent Company statement of financial position, the Group Statement of Cash Flows and the related notes 1 to 25, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the group's and of the parent company's affairs as at 2 September 2018 and of the group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report below. We are independent of the group and parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the group's or the parent company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

Independent auditors' report

to the members of I & H Brown Limited

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the group and the parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns;
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit

Responsibilities of directors

As explained more fully in the directors' responsibilities statement set out on page 5, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

Independent auditors' report

to the members of I & H Brown Limited

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Statement of compliance

I & H Brown Limited is a private limited liability company, limited by shares, incorporated in Scotland. The Registered Office is Dunkeld Road, Perth, PHI 3YD.

The group's financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', as it applies to the financial statements of the Group for the period ended 2 September 2018.

Basis of preparation

The financial statements are prepared under the historical cost convention and in accordance with applicable accounting standards. Accounting policies are consistent across all subsidiaries within the group and all entities have coterminous financials years.

Period of financial statements

These financial statements cover a 53 week period from 27 August 2017 to 2 September 2018. The normal accounting year comprises 52 weeks ending on the Sunday nearest 31 August. Periodically a 53 week period is necessary to realign the accounting year with the calendar.

Group financial statements

The group financial statements group the financial statements of the company and its subsidiary undertakings for the 53 weeks ended 2 September 2018. The company has taken advantage of the exemption conferred by section 408 of the Companies Act 2006 and has presented no income statement.

The gains and losses arising in I&H Brown Limited was a profit of £133,784 (2017: £2,515,596)

In the parent company financial statements, investments in subsidiaries are accounted for at cost less impairment.

Judgements and key sources of estimation uncertainty

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities at the statement of financial position date, and the amounts reported for revenues and expenses during the period.

However, the nature of estimation means that actual outcomes could differ from those estimates.

The following judgements and estimates have had the most significant effect on the financial statements:

Revenue recognition

The Group's activities include long term contracts. These contracts require estimates to be made for contract costs and revenues, of which the expected outcome of long term contractual obligations can span more than one period. Management bases its judgements of contract costs and revenues on the latest available information which included contract valuations. The amount of profit attributable to the stage of completion of a long-term contract is recognised when the outcome of the contract can be foreseen with reasonable certainty. This stage of completion method places importance on accurate estimates of the extent of progress towards completion and may involve estimates on the scope of service required for fulfilling the contractual obligation. These significant estimates include total contract costs, total contract revenues, contract risks and other judgements, such changes in estimates, may lead to an increase or decrease in revenues. Full provision is made for all known or expected losses on individual contracts once such losses are foreseen.

Taxation

Judgement is required when determining the provision for taxes. Tax benefits are not recognised unless it is probable that the benefit will be obtained. Tax provisions are made if it is possible that a liability will arise. The company reviews each significant tax liability or benefit to assess the appropriate accounting treatment. Management estimation is required to determine the amount of deferred tax assets that can be recognised, based upon likely timing and level of future profits.

at 2 September 2018

1. Accounting policies (continued)

Development land

Judgement is required when determining the cost that is attributed to income realised on a sale of development land in the period. Costs attributed to a development land sale consist of both attributable costs incurred to the date of sale (work in progress) and a reasonable provision for future costs yet to be incurred in relation to the area of land sold, most notably Section 75 planning obligations.

Other significant accounting policies

Going concern

The directors have performed an assessment of the company's ability to continue trading as a going concern, by reference to trading forecasts and financing requirements for a period of 12 months from the approval of these financial statements. The directors are satisfied that the going concern basis of preparation for these financial statements is appropriate.

Investment properties

Certain of the group's properties are held for long term investment. Investment properties are recognised on the basis of Fair Value of the owner's interest as determined by a professionally qualified, independent valuer, based on market value. The surplus or deficit on revaluation is recognised in the income statement account accumulated in a non-distributable reserve. Where the deficit is below original cost, or its reversal on an individual investment property is expected to be permanent, it is recognised in the profit and loss reserve.

Tangible fixed assets

Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost or valuation, less estimated residual value, of each asset evenly over its expected useful life as follows:

Freehold buildings – 50 years
Plant and machinery – 3-5 years
Motor vehicles – 5 years
Wind turbines – 20 years

Certain of the group's freehold properties are not depreciated. In the opinion of the directors, given that residual values on freehold buildings are expected to be at least equal to their original cost any annual depreciation charge would not materially impact the results for the period.

Any premium paid over and above agricultural value for land and associated buildings with mineral extraction or wind farming potential, is written off where the necessary consents to exploit this potential have not been secured.

The carrying values of tangible fixed assets are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable.

Investments

Fixed asset investments are stated at cost unless, in the opinion of the directors, there has been an impairment, in which case an appropriate adjustment is made.

Listed current investments are stated at market value, determined by their quoted share prices and the volume of shares held by the group.

Stocks

Stocks are stated at the lower of cost incurred in bringing each product to its present location and condition, and net realisable value as follows:

Development land – purchase cost plus attributable expenses and

development costs.

Spares and fuel – purchase cost on a first-in, first-out basis.

at 2 September 2018

1. Accounting policies (continued)

Stocks (continued)

Farm stock

cost of direct materials and labour plus attributable overheads based on a normal level of activity.

Net realisable value is based on estimated selling price less any further costs expected to be incurred to completion and disposal.

Costs incurred in relation to development activities are included in the statement of financial position in work in progress in so far as there is reasonable certainty over the outcome of the project. Otherwise, a provision is made against the recoverability of these costs.

Revenue recognition

Revenue is recognised to the extent that the group obtains the right to consideration in return for its performance. Revenue is measured at the fair value of the consideration received, excluding discounts, rebates, VAT and other sales taxes or duty. The following criteria must also be met before revenue is recognised.

Sale of goods

Revenue from the sale of goods is recognised when substantially all of the risks and rewards of ownership of the goods have passed to the buyer, usually on dispatch of the good, the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the entity and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Rendering of services

Revenue from civil engineering division is recognised by reference to stage completion. Stage completion is measured by reference to costs incurred to date as a percentage of total expected costs for each contract. Where the contract outcome cannot be measured reliably, revenue is recognised only to the extent of the expenses that are recoverable.

In respect of speculative house building, revenue and profit is recognised on the sale of houses when, subject to the stage of completion of the development, the sales have been legally completed and after allocating total foreseen construction and site development costs to each unit.

Taxation

Tax is recognised in the income statements and represents the aggregate amount of current and deferred tax in the reporting period.

Current tax

Current tax is recognised on taxable profit for the current and past periods. Current tax is measured as the amounts of tax expected to pay or recover using tax rates and law that have been enacted in the UK.

Deferred taxation

Deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date where transactions or events have occurred at that date that will result in an obligation to pay more, or right to pay less or to receive more, tax, with the following exception:

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely
than not that there will be suitable taxable profits from which the future reversal of the underlying
timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the statement of financial position date.

at 2 September 2018

1. Accounting policies (continued)

Leasing and hire purchase commitments

Assets held under finance leases and hire purchase contracts, which are those where substantially all the risks and rewards of ownership of the asset have passed to the company, are capitalised in the statement of financial position and are depreciated over their useful lives.

The interest element of the rental obligations is charged to the income statement over the period of the lease and represents a constant proportion of the balance of capital repayments outstanding.

Rentals paid under operating leases are charged to income on a straight-line basis over the lease term.

Pensions

The group operates two defined contribution pension schemes. Contributions are charged to the income statement as they become payable in accordance with the rules of the schemes.

Restoration and aftercare provisions

A provision is recognised when the group has a legal or constructive obligation as a result of a past event and it is probable that an outflow of economic benefits will be required to settle the obligation. Provision is made for the restoration and aftercare obligations in respect of a landfill site and a wind farm site.

2. Turnover

Turnover comprises the invoiced value of goods and services supplied by the group exclusive of VAT and intra-group transactions. In respect of long-term contracts turnover comprises the sales value of work done, after appropriate measurement provisions, in the period. All turnover arises from activities in the United Kingdom.

The amount of group turnover attributable to each of the classes of continuing activity (unless otherwise stated) of the group is as follows:

	53 weeks ended	52 weeks ended
	2 September	27 August
	2018	2017
	£	£
Plant hire, civil engineering and waste disposal	34,515,839	49,306,795
Farming and estate management	912,755	941,688
Rental income from investment property	1,146,832	974,031
Property development	2,954,168	3,381,439
	39,529,594	54,603,953

Within the above, revenue of £32,795,016 (2017: £47,814,087) was recognised from long term contracts.

at 2 September 2018

7. Tax

(a) Tax on profit

The (credit)/charge is made up as follows:

	53 weeks ended 2 September 2018 £	52 weeks ended 27 August 2017 £
Current tax:		
UK corporation tax on the profit for the period	8,897	406,458
Adjustments in respect of previous periods	(23,829)	<u>-</u>
Total current tax	(14,932)	406,458
Deferred tax:		
Origination and reversal of timing differences	(77,618)	(219,601)
Adjustments in respect of previous periods	17,351	-
Effects of changes in the rate of tax	1,020	(8,437)
Total deferred tax (note 7(c))	(59,247)	(228,038)
Total tax on profit (note 7(b))	(74,179)	178,420

(b) Factors affecting total tax (credit)/charge for the period

The tax assessed for the period differs from the standard rate of corporation tax in the UK of 19% (52 weeks ended 27 August 2017 – 19.58%). The differences are explained below:

	53 weeks ended	52 weeks ended
	2 September	27 August
	2018	2017
	£	£
Profit before tax	276,563	2,303,214
Profit multiplied by standard rate of corporation tax in the UK of 19% (52 weeks ended 27 August 2017 – 19.58%)	52,547	450,988
Effects of:		
Expenses not deductible	107,055	118,495
Income not taxable	(391,928)	(305,022)
Adjustments in respect of previous periods	(6.478)	-
Chargeable gains	-	(11,741)
Current and deferred tax rate differential	-	19,993
Revaluations	163,605	(85,856)
Effects of changes in the rate of tax	1,020	(8,437)
Total tax for the period (note 7(a))	(74,179)	178,420

7. Tax (continued)

(d) Factors that may affect future tax charges

A reduction in the UK corporation tax rate from 20% to 19% was substantively enacted on 26 October 2015 and was effective from 1 April 2017. A rate of 19% therefore applies to current year tax (52 weeks ended 27 August 2017 – 19.58%).

A further reduction to 17% (effective from 1 April 2020) was substantively enacted on 15 September 2016. A rate of 17% has therefore been applied to the deferred tax liability at the statement of financial position date.

The group net book value of plant and machinery and motor vehicles above includes an amount of £515,234 (27 August 2017 – £880,583) in respect of assets held under finance leases and hire purchase contracts.

A revaluation of freehold farm land and buildings at 30 August 1996 was undertaken by the directors and incorporated into the financial statements to reflect the appreciation in the value of land in Scotland in previous periods.

The historical cost of freehold land and buildings included at valuation is as follows:

	Group	Company
	£	£
Cost:		
At 27 August 2017 and 2 September 2018	6,695,761	6,695,761

The freehold investment properties were professionally valued as at 28 August 2018 by an independent valuer, Smart & Co Surveyors, in accordance with the RICS Valuation - Global standards (July 2017) on the basis of Fair Value of the owner's interest. The valuation methodology used was that of sale prices of similar properties and local market evidence, adjusting for location, size and condition of the properties.

at 2 September 2018

at 2 September 2018

14. Loans (continued)

The bank loan is secured against certain freehold investment properties and repayable within five years. The other loans are unsecured and repayable on demand.

15. Obligations under finance leases and hire purchase contracts

Finance leases and hire purchase contracts are analysed as follows:

	Group		Company	
	2 September 2018	27 August 2017		27 August 2017
	£	£	£	£
Within one year (note 12)	191,370	226,865	183,550	225,646
In two to five years (note 13)	109,239	134,995	109,239	129,613
	300,609	361,860	292,789	355,259

The finance lease and hire purchase contracts at 2 September 2018 attract variable interest which is payable separately on the balance of capital outstanding. As such, the amounts payable at 2 September 2018 do not include a liability for finance charges.

16. Provisions for liabilities

		Group		Company
	2 September 2018	27 August 2017	•	27 August 2017
	£	£	£	£
Deferred taxation (note 7(c))	18,128	77,375	20,395	11,725
Restoration and aftercare provisions	1,487,938	1,697,918	<u>1,</u> 487,938	1,697,918
	1,506,066	1,775,293	1,508,333	1,709,643

Provision is made for the restoration and aftercare obligations in respect of a landfill site and a wind farm site.

The movement in the period in restoration and aftercare provision can be summarised as follows:

	Company
	£
At 27 August 2017	1,697,918
Unwinding of landfill restoration and aftercare provision	(24,009)
Reversal of unused landfill restoration and aftercare provision	(306,557)
Wind farm restoration and aftercare costs provided in the period	120,586
At 2 September 2018	1,487,938

The landfill provision covers the ongoing costs of restoration and aftercare of a landfill site that requires to be maintained until 2046. The wind farm provision covers the projected cost of dismantling the turbine and making good the site upon de-commissioning of the turbine in 2037.

at 2 September 2018

19. Pensions

The company operates two defined contribution pension schemes for its employees. The assets of the schemes are held separately from those of the company in independently administered funds. The unpaid contributions outstanding at the period end, included in other creditors are £42,881 (27 August 2017 – £98,610).

20. Other financial commitments

The group had annual commitments under non-cancellable operating leases as set out below:

	2 September 2018			27 August 2017		
	Land and buildings	Plant and machinery	Land and buildings	Plant and machinery		
	£	£	£	£		
Future minimum rentals payable under non- cancellable operating leases are as follows:						
Within one year	69,541	79,596	57,920	97,484		
In two to five years	242,387	74,004	143,190	119,410		
Over five years	77,500		<u> </u>	-		
	389,428	153,600	201,110	216,894		

21. Contingent liabilities

- (a) The group bankers hold a bond and floating charge for all monies of the group as security over the group overdraft facilities in support of a cross-guarantee between group companies.
- (b) At the period end, the company's bankers provided, with recourse to the company, guarantees under performance bonds amounting to £355,611 (27 August 2017 £355,611).
- (c) At the period end, the company's insurers provided, with recourse to the company, guarantees under performance bonds amounting to £5,660,036 (27 August 2017 £4,187,340).

22. Related party transactions

An amount of £9,741 (27 August 2017 – £9,691) was due from Ian Brown and Sons, a business connected to D H Brown and R M Brown by virtue of a close family relationship and an amount of £5,262 (27 August 2017 – £105,157) was due from Fordoun Estates Limited, a company under common control.

An amount of £1,943,800 (27 August 2017 – £nil) was due payable in respect of loans received from the directors' FURBS trusts. The loans are extended on standard commercial terms, are unsecured and repayable on demand. Interest amounting to £37,764 (27 August 2017 – £nil) was paid in respect of these loan in the period. Additionally during the period, £86,779 (27 August 2017 – £92,577) of rental payments were made to the directors' FURBS trusts.

£300,000 is invested in Hampden & Co., an independent bank of which Ray Entwistle, director of I&H Brown Limited, is chairman.

Key management personnel

Key management personnel are considered to be the members of the Board, who have authority and responsibility for planning, directing and controlling the activities of the group. The national insurance contributions paid on behalf of Directors, in addition to their remuneration disclosed in note 4, was £109,120 (27 August 2017 – £134,825).

at 2 September 2018

22. Related party transactions (continued)

Dividends paid during the period relating to directors of the company were as follows:

	£
J S Brown	139,120
D H Brown	40,000
R M Brown	40,000
Trustees of Scott Brown's Children's Trust	14,840
Trustees of Hardie Brown's Grandchildren's Trust	14,840

An ordinary dividend of £288,800 (2017 - £505,400) was paid during the period. In addition to the above amounts, a dividend of £40,000 (2017: £70,000) was paid to a non-director shareholder of the company.

23. Reserves

Share premium account

This reserve records the amount above the nominal value received for shares sold, less transaction costs.

Non-distributable reserve

This reserve records market value revaluations over cost of certain tangible fixed assets and investments.

Capital redemption reserve

This reserve records the nominal value of shares repurchased by the company.

24. Financial instruments
