Statement of directors' responsibilities

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company as at the end of the financial year and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to

Select suitable accounting policies and then apply them consistently,
make judgements and estimates that are reasonable and prudent,
prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities

Auditors

A special resolution was passed on 10th November, 1994 making the company exempt from the provisions of Part VII of the Companies Act 1985 relating to the audit of the financial statements and from the obligation to appoint auditors for subsequent financial years
