IGNIS FUND MANAGERS LIMITED

Directors' report

Company Registration No: SC85610

Country of incorporation: Scotland

Registered Office:
50 Bothwell Street
Glasgow
G2 6HR

The Directors present their Report and Financial Statements of Ignis Fund Managers Limited ("the Company") for the year ended 31 December 2011.

The financial statements of the Company have been prepared in accordance with International Financial Reporting Standards ('IFRS').

Business review

Principal activities

The principal activity of the Company is the management of Unit Trusts, and Open Ended Investment Companies (OEICs), as well as Personal Equity Plans (PEPs) and Individual Savings Accounts (ISAs) investing solely in Unit Trusts.

The Company is a private limited company whose principal place of business is the UK. The Company is regulated by the Financial Services Authority.

The Company is a member of the Ignis Asset Management Group of companies. The Ignis Group itself is a member of The Phoenix Group.

Strategy

The vision of the Phoenix Group, of which the Company is a member, is to be recognised as the 'industry solution' for the safe, innovative and profitable decommissioning of closed life funds and as a specialised asset manager. Its mission is to improve returns for Phoenix policyholders and Ignis customers, and deliver value for shareholders. The Phoenix Group's mission and vision are based on the three pillars of structure, manage and acquire. These are underpinned by trust and competence.

The Ignis Asset Management Group aims to be a leading asset management business committed to performance excellence and innovation, where talented people want to work and, most importantly, where clients want to invest their money. The Ignis Asset Management Group intends to fulfil this aim by achieving its goals:

- Meet or exceed investment performance expectations for all clients;
- Put clients at the heart of everything we do;
- Support our business with a well-controlled and efficient operating platform;
- Develop further as a high quality and profitable company.

Supported by these goals, the development of a profitable and growing third party business remains a key objective of the Ignis Asset Management Group.

Corporate activity

During the course of 2011 the Company launched several institutional share classes across a variety of Funds, as well as a Euro denominated share class in the Argonaut European Alpha Fund. In January 2012 two Emerging Market Debt Funds were launched under the Bothwell brand, for the specific use of Phoenix Group Life Companies. The Company continues to seek to identify other opportunities for both new retail and institutional collectives.

On 6 December 2011, it was announced that subject to agreement of contracts in 2012, the Company would outsource investment operations, fund accounting and other related activities to HSBC Bank plc (hereafter HSBC). This will result in the transfer of up to 150 staff in both Glasgow and London to HSBC in May 2012. A transition to HSBC's systems and process will follow; due for completion in the second half of 2013.

Result and dividends

The result of the Company for the year is shown in the statement of comprehensive income on page 8. The profit before tax was £777,000 (2010: £1,612,000).

No dividends were paid during the year (2010:£nil).

IGNIS FUND MANAGERS LIMITED

Principal risks and uncertainties

The Ignis Risk Management framework provides a structured approach for identifying, assessing, controlling and monitoring risk within the Ignis Group. The main risks to the Company's financial performance are loss of key investment management mandates and reductions in fees due to significant market movements. The key financial risks the Company is exposed to are market risk, credit risk and liquidity risk. The Company does not apply hedge accounting. Financial risk management is discussed within note 20 to the financial statements.

Key Performance Indicators ("KPIs")

Given the straightforward nature of the business, the Company's Directors are of the opinion that analysis using KPIs is not necessary for an understanding of the development, performance or position of the business.

Future developments

The Company will continue to focus on delivering the key elements of its strategy. In achieving this, the Company seeks to grow profitability through growing third party business across its retail, institutional and international channels. This, together with outperformance of the funds managed by the Company, is key to the growth in profitability.

Going concern

The Board has followed the UK Financial Reporting Council's "Going Concern and Liquidity Risk: Guidance for Directors of UK Companies 2009" when performing their going concern assessment. As part of its comprehensive assessment of whether the Company is a going concern, the Board has prepared cash flow forecasts for the Company for the foreseeable future based on annual operating plan profits, under both normal and stressed conditions. In addition the Board has also considered the cash position of the Ignis group, Parent company financial position, and contingent liabilities.

As a result of this review, the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the 12 months from the date of signing of the accounts. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

Directors and their interests

The names of those individuals who served as Directors of the Company during the year or who held office as at the date of signature of this report are as follows:

C Bannister – appointed 2 March 2011, Chairman

J Moss – resigned 7 February 2011

J Yates – resigned 21 December 2011

C Samuel

J Polin – resigned 17 June 2011

I Paterson Brown

T Roberts

C Fellingham

C Chene – appointed 16 November 2011

P Miles – appointed 16 March 2012

Company Secretary

S Griffin acted as Secretary throughout the year.

Disclosure of indemnity

Qualifying third party indemnity arrangements (as defined in section 234 of the Companies Act 2006) were in force for the benefit of the Directors of the Company during the year and remain in place at the date of approval of this report.

IGNIS FUND MANAGERS LIMITED

Disclosure of information to auditors

So far as each of the Directors is aware, there is no relevant audit information (as defined in the Companies Act 2006) of which the Company's auditors are unaware, and each of the Directors has taken all the steps that he ought to have taken as a Director to make himself aware of any relevant audit information (as defined) and to establish that the Company's auditors are aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of section 418(2) of the Companies Act 2006.

Re-appointment of auditors

In accordance with section 487 of the Companies Act 2006, the Company's auditors, Ernst & Young LLP, will be deemed to have been re-appointed at the end of the period of 28 days following circulation of copies of these financial statements as no notice has been received from members pursuant to section 488 of the Companies Act 2006 prior to the end of the accounting reference period to which these financial statements relate.

On behalf of the Board

S GRIFFIN
Company Secretary
20 March 2012

IGNIS FUND MANAGERS LIMITED

Statement of Directors' responsibilities in relation to the Company's Financial Statements

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable United Kingdom law and International Financial Reporting Standards as adopted by the European Union.

Company Law requires the directors to prepare Financial Statements for each financial year, which give a true and fair view of the state of affairs of the Company and of the profit or loss for that financial year. In preparing those Financial Statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information;
- provide additional disclosures when compliance with the specific requirements of IFRSs is insufficient to enable users to understand the impact of particular transactions, other events and conditions on the entity's financial position and financial performance;
- state that the company has complied with IFRSs, subject to any material departures disclosed and explained in the financial statements; and
- make judgements and estimates that are reasonable and prudent.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and which enable them to ensure that the Financial Statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities

IGNIS FUND MANAGERS LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF IGNIS INVESTMENT SERVICES LIMITED

We have audited the financial statements of Ignis Investment Services Limited for the year ended 31 December 2011 which comprise the Statement of Comprehensive Income, the Statement of Financial Position, the Statement of Cash Flows, the Statements of Changes in Equity and the related notes 1 to 34. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union.

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2011 and of its profit for the year then ended;
- have been properly prepared in accordance with IFRSs as adopted by the European Union; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

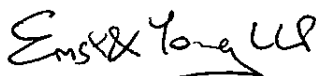

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Amarjit Singh (Senior statutory auditor)
for and on behalf of Ernst & Young LLP, Statutory Auditor

IGNIS FUND MANAGERS LIMITED

Notes to the financial statements

1. Accounting policies

(a) Basis of preparation

The financial statements have been prepared on a historical cost basis except for the stock of units which are carried at fair value.

The financial statements are presented in sterling (£) rounded to the nearest £000 except where otherwise stated.

Statement of compliance

The financial statements have been prepared in accordance with International Financial Reporting Standards as adopted by the European Union ("IFRS").

Assets and liabilities are offset and the net amount reported in the statement of financial position only when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liability simultaneously. Income and expenses are not offset in the income statement unless required or permitted by an international financial reporting standard or interpretation, as specifically disclosed in the accounting policies of the Company.

(b) Critical accounting estimates and judgements

The preparation of financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Critical accounting estimates are those which involve the most complex or subjective judgements or assessments. The areas of the Company's business that typically requires such estimates relate to the determination of the fair value of financial assets and income taxes.

Fair value of financial assets

The fair values of financial assets are classified and accounted for as set out in accounting policy (f). All financial assets are categorised as Level 1 financial instruments and do not involve estimates.

Income taxes

Deferred tax assets are recognised to the extent that they are regarded as recoverable, that is to the extent that, on the basis of all the available evidence, it can be regarded as more likely than not that there will be suitable taxable profits against which the losses can be relieved. The UK taxation regime applies separate rules to trading and capital profits and losses. The distinction between temporary differences that arise from items of either a capital or trading nature may affect the recognition of deferred tax assets. Any judgements made, and uncertainties considered, in arriving at the carrying values of deferred tax assets and liabilities in the financial statements are discussed in note 13.

The accounting policy for income taxes (both current and deferred taxes) is discussed in more detail in accounting policy (c).

(c) Income tax

Income tax comprises current and deferred tax. Income tax is recognised in the statement of comprehensive income.

Current tax is the expected tax payable on the taxable income for the year, using tax rates and laws enacted or substantively enacted at the date of the statement of financial position together with adjustments to tax payable in respect of previous years.

Deferred tax is provided for on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not provided in respect of temporary differences arising from the initial recognition of goodwill and the initial recognition of assets or liabilities in a transaction that is not a business combination and that, at the time of the transaction, affects neither accounting nor taxable profit. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates and laws enacted or substantively enacted at the period end.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

IGNIS FUND MANAGERS LIMITED

(d) Foreign currency transactions

Assets and liabilities denominated in foreign currencies are translated into sterling at the closing rate at the period end. Income and expenses denominated in foreign currencies are translated at the prevailing rate at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

(e) Employee benefits

Defined contribution plans

Employees of the Company are members of the Phoenix Group Pension Scheme which now comprises only a defined contribution section; the defined benefit section was closed for future accrual on 30 June 2011. Please refer to note 14 for further details.

Defined contribution pension plans

Obligations for contributions to defined contribution pension plans are recognised as an expense in the statement of comprehensive income as incurred.

Defined benefit scheme

The Company did not make any contributions to the defined benefit scheme and all costs were borne by Pearl Group Holdings (No 1) Limited, a fellow Phoenix Group company. For details of the closure of the defined benefit scheme please refer to note 14.

The assets of the defined benefit section (the scheme) are held in a trustee administered fund. An independent actuary carries out a valuation of the scheme every three years and contributions to the scheme are paid in accordance with his recommendations after consultation with the sponsoring employers.

(f) Financial assets

Units in Unit Trusts and shares in Open Ended Investment Companies managed by the Company for subsequent sale are treated as financial assets held at fair value through profit or loss and are stated at the bid price.

A financial asset classified in this category may be either held for trading or otherwise designated as held at fair value on inception. The assets are recognised initially at fair value and transaction costs are taken directly to the statement of comprehensive income. Gains and losses arising from changes in fair value are included directly in the statement of comprehensive income. The assets are derecognised when the rights to receive cash flows have expired or the entity has transferred substantially all the risk and rewards of ownership.

Fair value estimation

For units in Unit Trusts and shares in Open Ended Investment Companies, fair value is by reference to published bid values.

(g) Cash and cash equivalents

Cash comprises cash balances held with at least BBB+ rated banks (Standard & Poor's rating).

(h) Dividends

Final dividends on ordinary shares are recognised as a liability and deducted from equity when they are approved by the Company's owners. Interim dividends are deducted from equity when they are paid.

Dividends for the year that are approved after the reporting period are dealt with as an event after the reporting period.

(i) Income recognition

Revenue is derived primarily from business transacted in the UK.

(i) Management fees

Fund management based fees are amounts due for management and registration fees charged to the funds under management less rebates payable. They are recognised as the services are provided. Income is measured at the fair value of the consideration received or receivable.

(ii) Interest income

Interest income is recognised in the statement of comprehensive income as it accrues using the effective interest method

IGNIS FUND MANAGERS LIMITED

(j) Share capital

Ordinary share capital

The Company has issued ordinary shares which are classified as equity.

(k) Share premium

The share premium account includes any excess contribution received on the initial issuing of the share capital. Incremental costs directly attributable to the issue of new share are shown in equity as a deduction from the share premium account.

(l) Events after the reporting period

The financial statements are adjusted to reflect significant events that have a material effect on the financial results and that have occurred between the period end and the date when the financial statements are authorised for issue, provided they give evidence of conditions that existed at the period end. Events that are indicative of conditions that arise after the period end that do not result in an adjustment to the financial statements are disclosed.

2. Financial information

The financial statements for the year ended 31 December 2011, set out on pages 8 to 22, were authorised by the Board of Directors for issue on 20 March 2012. The financial statements have been prepared in accordance with IFRS.

In preparing the financial statements the Company has adopted the following standards, interpretations and amendments which have been issued by the International Accounting Standards Board ('IASB') and have been adopted for use by the EU. None of these have a material effect on the results of the Company.

- IAS 32 *Financial Instruments: Presentation* (Amendment). The amendment alters the definition of a financial liability in IAS 32 to enable entities to classify rights issues and certain options or warrants as equity instruments.
- IFRIC 14 *Prepayments of a Minimum Funding Requirement* (Amendment). The amendment permits a prepayment of future service costs in accordance with a minimum funding requirement to be recognised as a pension asset.
- IFRIC 19 *Extinguishing Financial Liabilities with Equity Instruments*. Addresses the accounting by an entity when the terms of a financial liability are renegotiated and result in its equity instruments being issued to extinguish all or part of the financial liability.
- Annual improvements 2010. This makes a number of minor improvements to existing standards and interpretations.

The IASB has issued the following standards, interpretations and amendments which, subject to adoption for use by the EU, apply from the dates shown. The Company has decided not to early adopt any of these standards, interpretations or amendments where this is permitted. The impact on the Company of adopting them is subject to evaluation:

- IFRS 9 *Financial Instruments* (2015). These are the first two parts of a replacement standard for IAS 39 *Financial Instruments: Recognition and Measurement* and deals with the classification and measurement of financial assets and financial liabilities, including some hybrid contracts.
- Deferred tax: Recovery of Underlying Assets (Amendments to IAS 12) (2012). This provides a practical approach to the measurement of deferred tax liabilities and assets when investment property is measured at fair value, according to whether the entity expects to recover an asset by using or selling it.
- Disclosure – Transfer of Financial Assets (Amendments to IFRS 7) (2012). This revises the required disclosures to help users of financial statements evaluate the risk exposures relating to transfers of financial assets and the effect of those risks on an entity's financial position.
- IFRS 11 *Joint Arrangements* (2013) establishes principles for financial reporting by parties to a joint arrangement.
- IFRS 12 *Disclosure of Interests in Other Entities* (2013) combines, enhances and replaces the disclosure requirements for subsidiaries, joint arrangements, associates and unconsolidated structured entities.
- IFRS 13 *Fair Value Measurement* (2013) defines fair value and sets out in a single IFRS a framework for measuring fair value.
- Presentation of Items of Other Comprehensive Income (Amendments to IAS 1) (2013). The amendment requires companies to group together items within other comprehensive income that may be reclassified to the profit or loss section of the income statement.
- IAS 19 *Employee Benefits* (Amendment) (2013). The IASB has issued numerous amendments to IAS 19. These range from fundamental changes like removing the corridor mechanism and the concept of expected returns on plan assets to simple clarifications and re-wording.

IGNIS FUND MANAGERS LIMITED

- IAS 27 *Separate Financial Statements* (Revised). IAS 27 now only deals with the requirements for separate financial statements, which have been carried over largely unamended from IAS 27 *Consolidated and Separate Financial Statements*. Requirements for consolidated financial statements are now contained in IFRS 10 *Consolidated Financial Statements*.
- IAS 28 *Investments in Associates and Joint Ventures* (Revised). This standard supersedes IAS 28 *Investments in Associates* and prescribes the accounting for investments in associates and sets out the requirements for the application of the equity method when accounting for investments in associates and joint ventures
- Disclosures - Offsetting Financial Assets and Financial Liabilities (Amendments to IFRS 7) (2013). The new disclosure requirements are intended to help users of financial statements better assess the effect or potential effect of offsetting arrangements on an entity's financial position.
- Offsetting Financial Assets and Financial Liabilities (Amendments to IAS 32) (2014). The amendments address inconsistencies in current practice when applying the offsetting criteria in IAS 32.

In addition, the following standards, interpretations and amendments have been issued but are not currently relevant to the Company:

- IFRS 10 *Consolidated Financial Statements* (2013) provides a single consolidation model that identifies control as the basis for consolidation for all types of entities.
- Severe Hyperinflation and Removal of Fixed Dates for First-time Adopters (Amendments to IFRS 1) (2012).
- IFRIC 20 *Stripping Costs in the Production Phase of a Surface Mine* (2013).

3. Fees and other income

	2011 £000	2010 £000
Registration fees	987	1,075
Management fees	48,950	62,983
Less: rebates to fellow subsidiaries	(21,881)	(39,979)
Less: rebates to third parties	(10,985)	(6,697)

Reversal of temporary differences	4	2
	<u>4</u>	<u>2</u>
Total tax charge	<u>315</u>	<u>654</u>

Reconciliation of tax charge

	2011 £000	2010 £000
Profit before tax	<u>777</u>	<u>1,612</u>
Tax at standard UK rate of 26.5% (2010: 28%)	206	451
Disallowable expenses	130	119
Adjustment to tax charge in respect of prior years	(25)	82
Other	4	2
Total tax charge for the year	<u>315</u>	<u>654</u>

The tax is paid to the fellow Group entity, Impala Holdings Limited, for group relief.

10. Share capital

The Company's Articles of Association contain a restriction for five years from December 2008 on the number of shares that may be allotted up to the level of the authorised share capital.

	2011 £000	2010 £000
Authorised: 5,000,000 (2010: 5,000,000) ordinary shares of £1 each	<u>5,000</u>	<u>5,000</u>
Issued and fully paid: 1,307,600 (2010: 1,307,600) ordinary shares of £1 each	<u>1,308</u>	<u>1,308</u>

The holders of the ordinary shares are entitled to one vote per share on matters to be voted on by owners and to receive such dividends, if any, as may be declared by the Board of Directors in its discretion out of legally available profits.

11. Share premium

	2011 £'000	2010 £'000
Balance as at 31 December	<u>520</u>	<u>520</u>

12. Trade & other payables

	2011 £000	2010 £000
Trade payables	9,989	12,638
Amount due to fellow group entities	2,339	3,221
Other payables	1,876	2,266
	<u>14,204</u>	<u>18,125</u>

IGNIS FUND MANAGERS LIMITED

13. Tax assets and liabilities

	2011 £000	2010 £000
Deferred tax assets	<u>46</u>	<u>50</u>
Total tax assets	<u>46</u>	<u>50</u>

Deferred tax assets comprise:

	2011 £000	2010 £000
Accelerated capital allowances	<u>46</u>	<u>50</u>
Deferred tax assets	<u>46</u>	<u>50</u>

Movements in deferred tax assets comprise:

	2011 £000	2010 £000
At 1 January	50	52
Amounts credited to the statement of comprehensive income	<u>(4)</u>	<u>(2)</u>
At 31 December	<u>46</u>	<u>50</u>

Deferred income tax assets are recognised because the current profitability of the Company indicates that it is probable that future taxable profits will be available against which the deferred tax asset can be utilised.

14. Pension scheme

The majority of employees of Ignis Investment Services Limited are members of the Phoenix Group Pension Scheme.

Ignis Investment Services Limited is a participating employer in the Phoenix Group Pension Scheme. The scheme now only comprises a defined contribution section; the defined benefit section was closed to future accrual on 30 June 2011. Past service is no longer linked to the members' final salary at retirement, but their pensionable pay as at 30 June 2011. The Company introduced a new enhanced defined contribution scheme with effect from 1 July 2011, for affected members only.

The assets of the defined benefit section (the DB scheme) are held in a trustee administered fund. An independent actuary carries out a valuation of the DB scheme every three years and contributions to the DB scheme are paid in accordance with his recommendations after consultation with the sponsoring employers.

Until 30 June 2011, in accordance with the requirements of IAS 19 Employee Benefits the net defined benefit cost was borne by the sponsoring employer, Pearl Group Holdings (No.1) Limited, a fellow subsidiary company and no charge was made to Ignis Investment Services Limited. Ignis Investment Services Limited did not make any contributions to the scheme.

15. Financial Assets

	2011 £000	2010 £000
Stock of units/shares	<u>546</u>	<u>945</u>

Units in Unit Trusts and shares in Open-Ended Investment Companies managed by the Company for subsequent sale are treated as financial assets held at fair value through profit or loss and are stated at the cancellation price.

The change in fair value of these assets has been fully reflected within the revenue section of the statement of comprehensive income.

IGNIS FUND MANAGERS LIMITED

16. Trade and other receivables

	2011 £000	2010 £000
Trade receivables	5,432	8,414

Current tax treated as group relief	(315)	(656)
Cash generated/(absorbed) by operations	<u>(3,394)</u>	<u>2,525</u>

19. Capital management

The Ignis Capital Management Policy involves the close monitoring of capital, and maintenance of capital resources in excess of regulatory requirements. No dividend payments have been made or would be made that would result in a breach of regulatory requirements. Any decisions on dividends are taken with reference to the Capital Management Policy. The capital held by the Company relates to share capital of £1,308,000, share premium of £520,000 and 2011 audited earnings of £4,394,000. For details of movements in capital refer to the statement of changes in equity.

During the year the Company complied with all external capital regulatory requirements.

There were no changes to the Group's approach to capital management during the year.

Refer to Note 20 for details of regulatory capital risks.

20. Risk management

The Ignis Risk Management Framework sets out the high level arrangements for risk management, control and assurance within Ignis Asset Management Limited, the immediate parent, and its subsidiaries. It is designed to provide a structured approach for identifying, assessing, controlling and monitoring financial and non-financial risk within Ignis Asset Management Group.

The Company's immediate parent, Ignis Asset Management Limited has an Audit, Risk and Compliance Committee comprising the Executive Directors and Chief Risk Officer which meets monthly with the Chief Risk Officer as Chairman of the Committee. The Committee's remit covers operational and strategic risk. In addition it has taken responsibility for review of business continuity, insurance and counterparty risk reporting. The Committee has discussed and analysed throughout 2011 the risks facing the business, based on the potential impact and the perceived likelihood of occurrence.

The Company will strive to manage and mitigate the principal risks facing the organisation and is committed to maintaining a strong compliant culture. The Company also believes it is critical to its success to accept a degree of business risk in a conscious and managed manner that does not threaten its compliant culture.

The Company's activities expose it to a variety of financial risks including certain aspects of credit risk, market risk and liquidity risk.

Credit risk

Credit risk is the risk of loss resulting from the failure of a counterparty to perform its financial obligations or to perform them in a timely fashion. The Company holds no significant concentrations of credit risk, and cash is held with BBB+ rated banks. A high proportion of the debtors are in relation to unit sales. The amount disclosed in the statement of financial position in respect of current assets of £20,380,000 (2010: £23,835,000) represents the Company's maximum exposure to credit risk.

Market risk

The Company holds units/shares in Unit Trusts and OEICs for subsequent sale and accordingly is exposed to fluctuations in the market value of these units. The company monitors the levels of these investments and ensures they are kept within agreed limits. The value of units/shares held is such that it is not significant to the overall financial position of the Company. At year end the carrying value of £546,000 represented 3% of the value of total assets. The amount disclosed on the statement of financial position in respect of financial assets represents the Company's maximum exposure to market risk.

Market risk also represents the potential loss in value of portfolios and financial instruments of funds managed by the Company, caused by adverse movements in market variables which would impact on the level of revenue and profitability of the Company.

The Company's principal transactions are carried out in pounds sterling and therefore its exposure to foreign exchange risk is limited. At 31 December 2011, cash held in Euros amounted to £57,000 sterling equivalent (2010: £0), and financial assets held in Euros amounted to £5,000 sterling equivalent (2010: £0).

As a result of the economic turmoil in the Euro zone, the Euro bank account is monitored on a daily basis and funds are maintained at a minimum level, sufficient to meet our obligations.

Liquidity risk

Liquidity risk is defined as failure of the Company to maintain adequate levels of financial resources to enable it to meet its obligations as they fall due. The Company has an exposure to liquidity risk as a result of normal business activities, specifically the risk arising from an inability to meet short term cash flow requirements. The Company's policy is to maintain sufficient cash deposits to meet obligations at all times. All financial liabilities are due in one year or less.

Regulatory Capital

The Company is a UCITS investment firm and as such its capital requirements are the greater of: the 'base capital' resource requirement; or the sum of its market and credit risk requirements; or its Fixed Overhead Requirement. The capital resources held during the year were all Tier 1 and consisted of share capital of £1,308,000, share premium of £520,000 and 2011 audited earnings of £4,394,000.

The Company is a 100% owned subsidiary of Ignis Asset Management Limited which has a group policy of maintaining capital in excess of its consolidated regulatory requirement in the form of a capital planning buffer. During the year capital was maintained in excess of the consolidated regulatory requirement. The capital requirements of the Group are monitored on an ongoing basis to ensure that at any time there is always sufficient capital in place.

IGNIS FUND MANAGERS LIMITED

The Company is also a member of an insurance group, the ultimate parent of which, Phoenix Group Holdings, is required to maintain group capital resources in excess of its group capital resources requirement (Group Capital Adequacy (GCA)) in accordance with the FSA Handbook for Insurers.

21. Related party transactions

The Company enters into transactions with related parties in its normal course of business. These are at arm's length on normal commercial terms.

The Company's main related parties are its parent entity (see note 23), its key management personnel (see note 7) and the trustees of the Unit Trusts and OEICs managed by the Company (see below).

The Company's income is solely derived from its activities as a manager for Units Trusts and OEICs and may on a strict interpretation be deemed to be a "related party" to these Unit Trusts and OEICs within the definition of IAS 24.

The Company holds units in related Unit Trusts and OEICs at the value of £546,000 (2010:£945,000).

No dividends were paid to the parent entity during the year (2010:£nil).

Cancellation receivables due from Trustees	4,260	1,858
Unit sales receivables	<u>-</u>	<u>8,414</u>
	<u>4,260</u>	<u>10,272</u>

Key management compensation

During the year to 31 December 2011, key management and other family members contributed £nil (2010 £3,400) to products sold by the Company. These relate primarily to investment, life and pension products.

22. Events after the reporting period

There have been no significant events that have occurred between the period end and the date when the financial statements are authorised for issue that would have a material effect on the financial results.

IGNIS FUND MANAGERS LIMITED

23. Other information

The Company's principal place of business is the United Kingdom. The Company's immediate parent is Ignis Asset Management Limited, registered in Scotland and its ultimate parent is Phoenix Group Holdings, a company incorporated in the Cayman Islands and resident in Jersey. A copy of the financial statements of Phoenix Group Holdings can be obtained from the Company Secretary, 1st Floor, 32 Commercial Street, St. Helier, Jersey, JE2 3RU.

Pillar 3 disclosure

Under Pillar 3 of the Capital Requirements Directive (CRD), a firm is required to disclose information relating to a firm's capital, risk exposures and management practices. The relevant disclosures are made on the Ignis Corporate website.
