Directors' Responsibilities for Preparing the Financial Statements

Company law requires the Directors to prepare Financial Statements for each financial year which give a true and fair view of the state of affairs of the Company as at the end of that year and of its profit or loss for that year. In preparing those Financial Statements the Directors are required to:

- select appropriate accounting policies and then apply them consistently on the basis of judgements and estimates that are reasonable and prudent;
- state whether applicable Accounting Standards have been followed, subject to any material departures disclosed and explained in the Financial Statements;
- prepare the Financial Statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for ensuring that proper accounting records are kept which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the Financial Statements comply with the Companies Act 1985. They are also responsible for taking such steps as are reasonably open to them for safeguarding the assets of the Company for the prevention and detection of fraud and other irregularities. The Directors confirm that they have complied with these requirements.

After making enquiries, the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the Financial Statements.
