ABERFORTH SPLIT LIEVEL PRUST ple

Registered in Scotland No. 130668

INTERIM ACCOUNTS

1 July 2000 to 31 December 2000

Prepared and lodged pursuant to s.272 Companies Act 1985

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE INTERIM ACCOUNTS

The law requires that a company shall not make a distribution except out of profits available for the purpose. The accounts which are relevant for determining the profits available for distribution are, in the first instance, the last annual accounts. Where the distribution would be found to contravene the law if reference were made to the Company's last annual accounts, then the Directors may prepare interim accounts. Interim accounts are required to give a true and fair view of the state of affairs of the Company as at the balance sheet date and of the profit or loss of the Company for the period in respect of which the accounts are prepared. In preparing these accounts, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the accounts;
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the accounts comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

NOTES ON THE ACCOUNTS

1 ACCOUNTING POLICIES

A summary of the principal accounting policies, all of which have been applied consistently throughout the period and with the preceding year, is set out below.

(a) Basis of accounting

The accounts are prepared under the historical cost convention, modified to include the revaluation of investments. The accounts have been prepared in accordance with applicable accounting standards and with the Statement of Recommended Practice "Financial statements of investment trust companies" ("SORP") except for the basis of the allocation of the investment management fee and the tax effect thereon between capital and revenue. This exception is in accordance with the recommendation of the SORP that certain split capital investment trusts should not comply with those recommendations which, if implemented, could affect the financial benefits or rights attaching the different classes of security.

(b) Valuation of investments

Investments in securities officially listed on the London Stock Exchange are valued at middle market prices. Where trading in the securities of an investee company is suspended, the investment is valued at the Board's estimate of its net realisable value.

Realised surpluses or deficits on the disposal of investments are taken to capital reserve - realised and unrealised surpluses and deficits on the revaluation of investments are taken to capital reserve - unrealised as explained in note 1(f) below.

(c) Income

Dividends receivable on quoted equity shares are brought into account on the ex-dividend date. In accordance with FRS 16, dividend income is shown excluding any related tax credit.

Where the Company has elected to receive its dividends in the form of additional shares rather than in cash, the amount of the cash dividend is recognised as income. Any excess in the value of the shares received over the amount of the cash dividend is recognised in capital reserves.

Other income is accounted for on an accruals basis.

(d) Expenses

All expenses are accounted for on an accruals basis. Expenses are charged through the revenue account except as follows:

- expenses which are incidental to the acquisition of an investment are included within the cost of the investment;

- expenses which are incidental to the disposal of an investment are deducted from the disposal proceeds of the investment;
- expenses are charged to capital reserve-realised where a connection with the maintenance or enhancement of the value of the investments can be demonstrated. In this respect the investment management fee has been allocated 62.5% to capital reserve-realised and 37.5% to revenue account.

(e) Taxation

The tax effect of different items of income/gain and expenditure/loss is allocated between revenue and capital on an equitable basis determined by the Directors.

(f) Capital reserves

Capital Reserve - Realised

The following are accounted for in this reserve:

- gains and losses on the realisation of investments;
- gains on the return of capital by way of investee companies paying special dividends;
- expenses, together with the related taxation effect, charged to this reserve in accordance with the above policies.

Capital Reserve - Unrealised

The following are accounted for in this reserve:

- increases and decreases in the valuation of investments held at the period end.

3 INVESTMENT MANAGEMENT FEE

6 Months to 31 December 2000	12 Months to 30 June 2000		0 June
Revenue Capital Total £'000 £'000	Revenue £'000	Capital £'000	Total £'000
Investment Management Fee 261 434 695	494	822	1,316

The Company's investment managers are Aberforth Partners. The contract between the Company and Aberforth Partners may be terminated by either party at any time by giving six months' notice of termination. Aberforth Partners receive a quarterly management fee, payable in advance, equal to one-fifth of one per cent of the value of the total net assets of the Company. In addition to the investment management fee, above, the Company also obtains secretarial services from Aberforth Partners. The fee for these services is recorded with other expenses (Note 4).

4 OTHER EXPENSES

	6 Mths to 31 Dec 2000 £'000	12 Mths to 30 Jun 2000 £'000
Secretarial services Directors' fees	30 23	58 32
Auditors' fees – for audit services Auditors' fees – for non-audit services	4	8
Other	30	67
	88	166

5 TAXATION

As a result of the Company's expenses exceeding unfranked income there is no liability to corporation tax.

6 DIVIDENDS

Income Shares	6 Mths to 31 Dec 2000 £'000	12 Mths to 30 Jun 2000 £'000
First interim - 2.80p (Year to 30 June 2000 - 2.60p) Second interim - 2.80p (Year to 30 June 2000 - 2.60p)	868 868	806 806
Third interim (Year to 30 June 2000 - 2.60p) Fourth interim (Year to 30 June 2000 - 6.20p)		807 1,922
	1.736	4,341

The second interim dividend for the year to 30 June 2001 of 2.80p per Income Share will be paid on 2 March 2001 to Shareholders on the register at the close of business on 9 February 2001.

7 RETURNS PER NON-EQUITY SHARES

	6 Months to 31 December 2000	12 N	10nths to 30 2000) June
	Revenue Capital Total £'000 £'000	Revenue £'000	Capital £'000	Total £'000
Income Share	7.00p - 7.00p	14.11p	-	14.11p
Capital Share	- 51.74p 51.74p	<u>-</u>	29.64p	29.64p

The revenue return per Income Share for the 6 months to 31 December 2000 is based on the net revenue on ordinary activities after taxation of £2,169,000 (year to 30 June 2000 - £4,375,000) and on 31,006,286 Income Shares being the weighted average number of Income Shares in issue during both periods.

The capital return per Capital Share for the 6 months to 31 December 2000 is based on net capital gains of £16,044,000 (year to 30 June 2000 - net capital gains of £9,189,000) and on 31,006,286 Capital Shares being the weighted average number of Capital Shares in issue during both periods.

		6,201.2		6,201.2

In accordance with the requirements of Financial Reporting Standard No. 4, all classes of the Company's Shares are defined as "non-equity". However, in the opinion of the Directors, the Income and Capital Shares are in aggregate the true equity of the Company.

Income Shareholders are entitled to all profits of the Company available for distribution by way of dividend. In a winding up they are entitled to a payment of 10 pence (their nominal value) per share plus any undistributed revenue reserve. Save in relation to any resolution to wind up the Company on or after 1 July 2001 and certain resolutions to reconstruct the Company (on which resolutions the Income Shareholders shall all be deemed to vote in favour), Income Shareholders are entitled to one vote per share.

Capital Shareholders do not participate in any dividend or in any revenue reserve. In a winding up they are entitled to all surplus assets of the Company after payment to the Income Shareholders of 10 pence per share plus any undistributed revenue reserve. Capital Shareholders are entitled to one vote per share.

The Directors are obliged to convene an Extraordinary General Meeting of the Company between 1 July 2001 and 30 June 2004 at which a Special Resolution will be proposed to wind up the Company voluntarily. In common with other investment trust companies whose capital structure is similar, it is the Directors' intention (barring unforeseen circumstances) to convene such a meeting towards the end of the required period.

The Directors shall not, however, be required to convene such an Extraordinary General Meeting if a resolution shall previously have been passed to reconstruct or reorganise the Company (whether by way of unitisation or otherwise).

16 CONTINGENCIES, GUARANTEES AND FINANCIAL COMMITMENTS

There were no contingencies, guarantees or financial commitments of the Company as at 31 December 2000 which had not been accrued.

17 FINANCIAL INSTRUMENTS – FRS 13 DISCLOSURES

The Company's financial instruments comprise its investment portfolio (see note 8), cash balances, debtors and creditors that arise directly from its operations such as sales and purchases awaiting settlement and accrued income. The disclosures below exclude short-term debtors and creditors.

The main risks that the Company faces arising from its financial instruments are (i) interest rate risk; and (ii) market price risk, being the risk that the value of investment holdings will fluctuate as a result of changes in market prices caused by factors other than interest rate or currency rate movement. Since the Company invests in UK equities, currency risk is not significant.

(i) Interest rate risk

When the Company decides to hold cash balances, all balances are held on variable rate bank accounts yielding rates of interest linked to bank base rate which was 6.0% as at 31 December 2000 (30 June 2000 – 6.0%). The Company's policy is to hold ordinary securities and not usually to invest in fixed rate securities.

(ii) Market risk

The Company's investment portfolio is exposed to market price fluctuations which are monitored by the investment managers in pursuance of the investment objective. The Managers do not use derivatives to manage portfolio risk.

The Company held the following categories of financial instruments:

	31 December 2000		30 June 2000	
	Book Value £'000	Fair Value £'000	Book Value £'000	Fair Value £'000
Financial Assets				
Investment portfolio	154,441	154,441	142,766	142,766
Cash at bank	7,485	7,485	3,457	3,457
Financial Liabilities				
Income Shares	3,101	16,588	3,101	17,984
Capital Shares	3,101	121,855	3,101	107,437

The investment portfolio consists of investments in securities officially listed on the London Stock Exchange, which are valued at mid-market price.

The "fair values" of the Income and Capital Shares are based on quoted market prices at 31 December 2000 and 30 June 2000.

The Company has overdraft facilities with Clydesdale Bank PLC and Bank of Scotland for £5,000,000 in aggregate at an interest rate of 0.75% per annum over base rate. At the balance sheet date neither of these facilities were drawn down and both expire within one year.

The Company is a split capital investment trust. In the Directors' opinion the Income and Capital Shares are in aggregate the true equity of the Company although they must be disclosed as "non-equity" share capital (see note 11). The Shares are Sterling denominated and further details of the rights attaching to them are given in note 11.

18 NET ASSET VALUE PER SHARE

Net asset value per Income Share is based on net assets attributable to Income Shares of £4,457,000 (30 June 2000 - £4,024,000) and on 31,006,286 Income Shares in issue at 31 December 2000 (30 June 2000 - 31,006,286).

Net asset value per Capital Share is based on net assets attributable to Capital Shares of £159,012,000 (30 June 2000 - £142,968,000) and on 31,006,286 Capital Shares in issue at 31 December 2000 (30 June 2000 - 31,006,286).

The movements during the year of the assets attributable to each class of share were as follows:

	Income Shares £'000	Capital Shares £'000	Total £'000
Total net assets attributable at beginning of period Return on ordinary activities after taxation Dividends	4,024 2,169 (1,736)	142,968 16,044 -	146,992 18,213 (1,736)
Total net assets attributable at end of period	4,457	159,012	163,469
