

WET & WINDY ENERGY LIMITED
REPORT and UNAUDITED FINANCIAL STATEMENTS
DECEMBER 31, 2022

Registered Number : SC138534

WET & WINDY ENERGY LIMITED**DIRECTORS' REPORT**

The directors submit their report and financial statements for the year ended December 31, 2022.

Principal activities and review of the business

Wet & Windy Energy Limited has been established as a subsidiary within the Lithgow Group to hold interests that the Group has developed in renewable energy projects. During the year to December 31, 2022 the profit after taxation amounted to £870,146 and this has been transferred to reserves.

During 2022, an ordinary dividend of £720,000 was paid and this has been deducted from reserves.

The Allt Dearg and Srondoire wind farms have both continued to generate strong trading operational profits and positive cash flow, and this has enabled further distributions and dividend payments to flow through to Wet & Windy Energy Limited.

It is anticipated that strong profit and cash flow will continue to be generated from each of the joint venture interests held within the company's renewable energy portfolio

Directors and their interests

The directors of the company during the year were:-

J.A. Lithgow
J.F. Lithgow
J McElhinney

No director, who was not also a director of the holding company, had any interest in the shares of the company or of any other group company during the year.

WET & WINDY ENERGY LIMITED

DIRECTORS' REPORT (continued)

Directors' responsibilities for the financial statements

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable laws). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs and profit or loss of the company for that period.

In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company, and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website.

The financial statements have been prepared in accordance with the special provisions relating to companies subject to the small companies regime within Part 15 of the Companies Act 2006 and in accordance with the provisions of FRS 102 Section 1A – small entities.

Financial risk management objectives and policies

The company's operations expose it to a variety of financial risks. The group, of which the company is a member, has a risk management programme that seeks to limit the adverse effects of the financial performance of the group by monitoring the level of debt finance and the related finance costs. The group does not use derivative financial instruments to manage interest rate costs and as such, no hedge accounting is applied.

Credit risk

The group has implemented a policy that requires credit checks on potential customers before sales are made. The amount of exposure to any individual customer is subject to authorisation limits and procedures delegated to company management by the group board, and is subject to regular review.

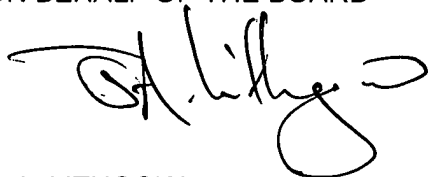

WET & WINDY ENERGY LIMITED**DIRECTORS' REPORT** (continued)Financial risk management objectives and policies (continued)*Liquidity risk*

The group maintains a mixture of long-term and short-term debt finance that is designed to ensure the group has sufficient available funds for its operations at an acceptable cost.

Interest rate cash flow risk

The group has both interest bearing assets and liabilities. The interest bearing assets only include cash balances. The group has a policy of maintaining debt at both fixed and floating rates, thereby enabling the group to benefit from any reduction in interest rates whilst still maintaining an element of certainty over the future interest cash flows. The group board will regularly review the appropriateness of this policy.

ON BEHALF OF THE BOARD

J. A. LITHGOW
Director
August 04, 2023

For the year ended December 31, 2022, the company was entitled to exemption from audit under section 477 of the Companies Act 2006, and the members have not required the company to obtain an audit of the financial statements for the year in question in accordance with section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for complying with the requirement of the Companies Act 2006 with respect to accounting records and the preparation of financial statements.

These financial statements have been prepared in accordance with the special provisions relating to companies subject to the small companies regime within Part 15 of the Companies Act 2006 and in accordance with the provisions of FRS 102 Section 1A – small entities.

The financial statements were approved by the directors on August 04, 2023.

J. McElhinney
Director

The notes on pages 6 to 12 form part of these financial statements

Company Registered Number : SC138534

WET & WINDY ENERGY LIMITED**NOTES TO THE FINANCIAL STATEMENTS AT DECEMBER 31, 2022**

The principal accounting policies of the company adopted in the preparation of the financial statements are set out below, and have remained unchanged from the previous year.

1. Accounting policies**Basis of accounting**

The financial statements are prepared in accordance with the historical cost convention, and in accordance with the provisions of FRS 102 Section 1A – small entities.

Going concern

The directors have assessed, based on current projections, that the company has adequate resources to meet the ongoing costs of the business for a minimum of 12 months from the date of signing these financial statements. For this reason the financial statements have been prepared on a going concern basis which presumes the realisation of assets and liabilities in the normal course of business.

Investments in subsidiary undertakings

Investments in subsidiary undertakings represent the original cost of acquisition. Provision is made for the diminution in the value of an investment in a subsidiary.

Investment in joint ventures

Investments in joint ventures are carried in the balance sheet at the cost of capital contribution. The investor's share of the results received by the company is included within the profit and loss account.

Deferred taxation

Deferred tax is recognised on all timing differences where the transactions or events that give the company an obligation to pay more tax in the future, or a right to pay less tax in the future, have occurred by the balance sheet date. Deferred tax assets are recognised when it is more likely than not that they will be recovered. Deferred tax is measured using rates of tax that have been enacted or substantively enacted by the balance sheet date.

WET & WINDY ENERGY LIMITED**NOTES TO THE FINANCIAL STATEMENTS AT DECEMBER 31, 2022**

(continued)

1. Accounting policies (continued)Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as financial liabilities. Financial liabilities are presented as such in the balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the profit and loss account. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability.

Where the contractual terms of share capital do not have any terms meeting the definition of a financial liability then this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited direct to equity.

2. Employees

The company had no employees in the year to December 31, 2021, nor in the year to December 31, 2022. No director received any remuneration during the year to December 31, 2021 or December 31, 2022

3. Interest receivable
