1 Accounting policies

Basis of accounting

These accounts have been prepared on the going concern basis, under the historical cost convention and in accordance with the Companies Act 1985 and applicable accounting standards in the United Kingdom. The directors, in accordance with the Financial Reporting Standard 18, "Accounting Policies" ("FRS 18"), confirm that the accounting policies used by the Company are the most appropriate, consistently applied and adequately disclosed.

A summary of the more important accounting policies is set out below.

Taxation

The charge for taxation is based on the profit for the period and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date, where transactions or events that result in an obligation to pay more tax or a right to pay less tax in the future have occurred at the balance sheet date.

A net deferred tax asset is recognised as recoverable only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits against which to recover carried forward tax losses and from which the future reversal of underlying timing differences can be deducted.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on an undiscounted basis.

Cashflow statement and related party disclosures

The Company is a wholly owned subsidiary of Heinrich Bauer Verlag Beteiligungs GmbH and is included in the consolidated financial statements of Heinrich Bauer Verlag Beteiligungs GmbH, which are publicly available. Consequently, the Company has taken advantage of the exemption from preparing a cash flow statement under the terms of Financial Reporting Standard 1 "Cash Flow Statements" (revised 1996). The Company is also exempt under the terms of Financial Reporting Standard 8 "Related Party Transactions" from disclosing related party transactions with entities that are part of the Heinrich Bauer Verlag KG group as it is a wholly owned subsidiary and included within the consolidated accounts of Heinrich Bauer Verlag Beteiligungs GmbH, which are publicly available.
