- For the year ending 31 July 2014 the company was entitled to exemption under section 477 of the Companies Act 2006 relating to small companies.
- The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.
- These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

Approved by the Board on 30 April 2015

And signed on their behalf by:

John Corrigan, Director

#### Notes to the Abbreviated Accounts for the period ended 31 July 2014

## 1 Accounting Policies

## Basis of measurement and preparation of accounts

The accounts have been prepared under the historical cost convention modified to include the revaluation of freehold land and buildings and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

### **Turnover policy**

Turnover represents amounts receivable for services in relation to Property Letting and Property Management for third parties. It is recognised in the accounts on a rental basis, net of value added tax.

#### Tangible assets depreciation policy

Tangible fixed assets include investment properties on an existing open market value basis. Other tangible fixed assets other than freehold land are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation less estimated residual value of each asset over its expected useful life, as follows:

Land and Buildings Freehold - Nil
Property Improvements - 7.5% Reducing Balance
Office Equipment - 25% Straight Line
Motor Vehicles - 25% Reducing Balance

Investment properties are included in the balance sheet at their open market value.

Although this accounting policy is in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008) it is a departure from the general requirement of the Companies Act 2006 for all tangible assets to be depreciated. In the opinion of the director compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of the many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately indentified or quantified.

#### Intangible assets amortisation policy

Goodwill aguired has been fully amortised.

#### Other accounting policies

Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

Deferred taxation

Deferred taxation is provided at appropriate rates on all timing differences using the liability method only to the extent that, in the opinion of the director, there is a reasonable probability that a liability or asset will corystallise in the foreseeable future.

# 2 Tangible fixed assets

	£
Cost	
At 1 August 2013	6,296,615
