## **NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 OCTOBER 2007**

### **1 ACCOUNTING POLICIES**

#### **Basis of preparation of accounts**

The financial statements are prepared under the historical cost convention and in accordance with applicable accounting standards.

The company has taken advantage of the exemption in FRS 1 from the requirement to prepare a cash flow statement on the grounds that it qualifies as a small company.

#### **Depreciation**

Depreciation is provided on all fixtures and fittings, at rates calculated to write off the cost, less their estimated residual value, over their expected useful lives on the following basis:

Motor Vehicles	25% reducing balance
Fixture and Fittings	15% reducing balance
Plant and Equipment	15% reducing balance

No depreciation is provided on property as the directors consider the property has an estimated useful life in excess of fifty years and the present market value to exceed the book value as shown in the financial statements.

#### **Leasing and hire purchase**

Assets obtained under hire purchase contracts and finance leases are capitalized as tangible fixed assets and depreciated over the shorter of the lease term and their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

#### **Operating leases**

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged to profit and loss accounts as incurred.

#### **Stocks**

Stocks are valued at the lower cost and net realizable value after making due allowance for obsolete and slow moving stock.

#### **Going concern**

The financial statements have been prepared on the going concern basis. This assumes the continued support of the company's directors.
