1 General information

Sainsbury's Limited (the 'Company') is a private limited company, registered in Scotland. The Company's registered address is No.2 Lochrin Square, 96 Fountainbridge, Edinburgh EH3 9QA.

The Company is part of the J Sainsbury plc group ('the Group'). The ultimate parent company and controlling party of the Company is J Sainsbury plc, which is registered in England and Wales, and forms the only group into which the financial statements of the Company are consolidated. Copies of the parent company's financial statements may be obtained from www.about.sainsburys.co.uk.

The financial year represents the 52 weeks to 6 March 2021. The prior financial year's financial statements were for the 52 weeks to 7 March 2020.

2 Accounting policies

(a) Statement of compliance

The financial statements have been prepared in accordance with International Financial Reporting Standards ('IFRSs') as adopted by the European Union and International Financial Reporting Interpretations Committee ('IFRIC') interpretations and with those parts of the Companies Act 2006 applicable to companies reporting under IFRSs.

(b) Basis of preparation

The financial statements are presented in sterling to the nearest pound and have been prepared on a going concern basis under the historical cost convention.

The preparation of financial statements in conformity with IFRSs requires the use of judgements, estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 2c.

The accounting policies set out below have been applied consistently to all periods presented in the financial statements and have been applied consistently by the Company.

Financial instruments

Financial assets

Loans and receivables are non-derivative financial assets, initially recognised at fair value, then subsequently carried at amortised cost, less provision for impairment.

Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Impairment

The carrying amounts of the Company's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated in order to determine the extent of the impairment loss. Any impairment charge is recognised in the income statement in the year it occurs.

c) Judgements and estimates

The Company makes judgements and assumptions concerning the future that impact the application of policies and reported amounts. The resulting accounting estimates calculated using these judgements and assumptions will, by definition, seldom equal the related actual results but are based on historical experience and expectations of future events.

2 Accounting policies (continued)

c) Judgements and estimates (continued)

The judgements and key sources of estimation uncertainty that have a significant effect on the amounts recognised in the financial statements are discussed below:

Impairment of assets

Financial and non-financial assets are subject to impairment reviews based on whether current or future events and circumstances suggest that their recoverable amount may be less than their carrying value. Recoverable amount is based on a calculation of expected future cash flows which includes management assumptions and estimates of future performance.

3 Administrative expenses

The Company has not traded during the current period or prior financial year and any expenses incurred in the current period and prior financial year have been borne by the ultimate parent undertaking, J Sainsbury plc, or other Group companies.

4 Employees and Directors' remuneration

The average monthly number of persons (including Directors) employed by the Company during the financial period was nil (2020: nil).

All of the Directors are employees of the ultimate parent company, J Sainsbury plc, or other Group companies. The Directors' emoluments are borne by Sainsbury's Supermarkets Ltd, a Group company that makes no recharge to the Company. It is not possible to make an accurate apportionment of the Directors' emoluments as they serve as Directors to a number of Group companies. Accordingly, the income statement does not include emoluments in respect of the Directors.

5 Amounts due from parent company

	2021 £	2020 £
Amounts due from parent company	2	2

Amounts due from parent company are denominated in sterling, non-interest bearing and are repayable on demand.

6 Called up share capital

	2021 £	2020 £
Issued and fully paid		
2 ordinary shares of £1 each	2	2

During the financial year there were no movements in called up share capital.
