## Notes to the Accounts

for the year ended 31 December 2010

### 1 Basis of Preparation of the Accounts

The company is required by law to prepare accounts and to deliver them to the Registrar of Companies. The Accounts have been prepared in accordance with International Accounting Standards ("IAS"), International Financial Reporting Standards ("IFRS") and International Financial Reporting Interpretations Committee ("IFRIC") Interpretations (collectively referred to as IFRS), as adopted by the EU as at the date of approval of these Accounts and which are mandatory for the financial year ended 31 December 2010. The Accounts are prepared in accordance with the accounting policy set out in Note 2 'Accounting Policy'.

The company's Accounts are prepared for the first time in accordance with IFRS. In previous years, the Accounts were prepared in accordance with UK Generally Accepted Accounting Principles ("UK GAAP"). The transition to IFRS has resulted in no changes to the previously applied accounting policies and there has been no effect on the company's previously reported net assets. This had no impact on the company's dormant status.

No cash flow statement has been presented as the company is dormant in accordance with section 381 of the Companies Act 2006.

### 2 Accounting Policy

### 5 Related Parties

None of the directors received any remuneration from the company, or from related companies, in respect of their services to the company. The company has no employees other than directors.

### 6 Going Concern

The Accounts have been prepared on a going concern basis, notwithstanding the fact that the company is dormant and has no foreseeable operational activity. The company's balance sheet shows that it has net current assets of £2 at its most recent balance sheet date. The company is ultimately owned by Iberdrola S.A. and it participates in the Iberdrola group's centralised treasury arrangements and so shares banking facilities with its parent companies and fellow subsidiaries. As a consequence, the company depends, in part, on the ability of the Iberdrola group to continue as a going concern. The directors have considered the company's funding relationship with Iberdrola to date and have considered available relevant information relating to Iberdrola's ability to continue as a going concern. In addition, the directors have no reason to believe that Iberdrola group will not continue to fund the company, should it become necessary, to enable it to continue in operational existence.

The directors are satisfied that, if the Accounts were to be prepared on a break-up basis, no material adjustments would be required to the Accounts.

### 7 Ultimate Parent Company

The directors regard Iberdrola, S.A. to be the ultimate parent company, which is also the parent company of the largest group in which the results of the company are consolidated. The parent company of the smallest group in which the results of the company are consolidated is Scottish Power UK plc.

Copies of the Consolidated Accounts of Iberdrola, S.A. may be obtained from Iberdrola, S.A., Calle Garodqui 8, Bilbao, Spain. Copies of the consolidated Accounts of Scottish Power UK plc may be obtained from the Secretary, Scottish Power Limited, 1 Atlantic Quay, Glasgow G2 8SP.
