6 Going Concern

The Accounts have been prepared on a going concern basis, notwithstanding the fact that the company is dormant and has no foreseeable operational activity. The company's balance sheet shows that it has net current assets of £2 and net assets of £2 at its most recent balance sheet date. The company is ultimately owned by Iberdrola S.A. and it participates in the Iberdrola group's centralised treasury arrangements and so shares banking facilities with its parent companies and fellow subsidiaries. As a consequence, the company depends, in part, on the ability of the Iberdrola group to continue as a going concern. The directors have considered the company's funding relationship with Iberdrola to date and have considered available relevant information relating to Iberdrola's ability to continue as a going concern. In addition, the directors have no reason to believe that the Iberdrola group will not continue to fund the company, should it become necessary, to enable it to continue in operational existence.

The directors are satisfied that, if the Accounts were to be prepared on a break-up basis, no material adjustments would be required to the Accounts.

7 Ultimate Parent Company

The directors regard Iberdrola, S.A. to be the ultimate parent company, which is also the parent company of the largest group in which the results of the company are consolidated. The parent company of the smallest group in which the results of the company are consolidated is Scottish Power UK plc.

Copies of the consolidated Accounts of Iberdrola, S.A. may be obtained from Iberdrola, S.A., Torre Iberdrola, Plaza Euskadi, 48009, Bilbao, Spain. Copies of the consolidated Accounts of Scottish Power UK plc may be obtained from the Secretary, Scottish Power Limited, 1 Atlantic Quay, Glasgow G2 8SP.
