Registered Number SC185067

Summit Finance (Wishaw) plc

Interim Management Report

Six months ended 30 September 2019

The Company continues to provide the bond loan for the financing of Summit Healthcare (Wishaw) Limited on a back to back loan agreement that has the same terms as the 6.484% guaranteed secured bond. During the first 6 months the Company received interest and capital repayments from its fellow group company and used this cash to settle the payments on the guaranteed secured bond.

One of the principal risk and uncertainties facing the Company is interest rate risk. The Company's policy is to manage its cost of borrowings using fixed rate debt. The return on the amounts due from fellow group undertakings exactly matches the interest payable on the Company's bond and accordingly is not exposed to cash flow interest rate risk.

An additional risk to the Company is recoverability of the intercompany debtor balance held with Summit Healthcare (Wishaw) Limited. The directors monitor the recoverability of this debtor on a regular basis and are satisfied that currently the risks of default are low.

Statement of directors' responsibilities

The directors confirm that these condensed interim financial statements have been prepared in accordance with Financial Reporting Standard 104, 'Interim Financial Reporting', and that the interim management report includes a fair review of the information required by DTR 4.2.7, namely:

- an indication of important events that have occurred during the first six months and their impact on the condensed set of financial statements, and a description of the principal risks and uncertainties for the remaining six months of the financial year; and

The directors of Summit Finance (Wishaw) plc are listed in the Summit Finance (Wishaw) plc Annual Report for 31 March 2019.

By Order of the Board

David Gilmour
Director
