DIRECTORS' REPORT (Continued)

Financial risk management

The Company is exposed to financial risk through its financial assets and liabilities. The key financial risk is that the proceeds from financial assets are not sufficient to fund the obligations arising from liabilities as they fall due. The most important components of financial risk are interest rate risk, currency risk, credit risk, liquidity risk, cash flow risk and price risk. Due to the nature of the Company's business, being the management of investment funds, and the assets and liabilities contained within the Company's Balance Sheet the only financial risks the directors consider relevant to this Company are liquidity and cash flow risk. The income from the management of investment funds can be forecast with a reasonable degree of accuracy from year to year allowing the company to manage the associated risks associated with changes in income levels. The remaining risks are mitigated by the routine monitoring of key management information.

Auditors

Each of the persons who is a director at the date of approval of this report confirms that:

- so far as the director is aware, there is no relevant audit information of which the Company's auditors are unaware; and
- the director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

This confirmation is given and should be interpreted in accordance with the provision of s418 of the Companies Act 2006.

Deloitte LLP have indicated their willingness to be reappointed for another term and appropriate arrangements have been put in place for them to be deemed reappointed as auditors in the absence of an Annual General Meeting.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under Company law, the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions, disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF CINVEN CAPITAL MANAGEMENT (BPS) LIMITED

We have audited the financial statements of Cinven Capital Management (BPS) Limited for the year ended 31 December 2009 which comprise the Profit and Loss Account, Balance Sheet and related notes 1 to 11. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of Directors and auditors

As explained more fully in the Directors' Responsibilities Statement, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Directors; and the overall presentation of the financial statements.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2009 and of its result for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

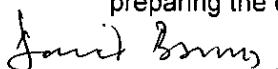

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to take advantage of the small companies exemption in preparing the directors report.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 December 2009

1. Accounting policies

The financial statements are prepared in accordance with applicable United Kingdom law and accounting standards. The particular accounting policies adopted are described below. The accounting policies have been consistently applied to both of the years presented in these financial statements.

Going concern

The Company has historically been entitled to contractual revenues from the partnerships of which it is a general partner.

As at 31 December 2009, the Company has net liabilities. To the extent these entitlements have been waived, any remaining obligations of the Company will be borne by other Group undertakings. The Board of Directors have reviewed any projected income, expenses and cashflow for the foreseeable future and have deemed that the Company will have the financial resources to meet its obligations.

From review of the above going concern analysis, it is therefore deemed that the company is considered a going concern.

Accounting convention

The financial statements are prepared under the historical cost convention.

Turnover

Turnover is accounted for on an accruals basis and comprises General Partner entitlement to management profit share.

Investments

Investments are stated at cost less provisions for any impairment in value.

Deferred tax

Deferred tax is provided in full on timing differences which result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in the financial statements. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.

Cash flow statement

The Company is exempt from the requirement of Financial Reporting Standard 1 (Revised 1996) to prepare a cash flow statement as it is a wholly-owned indirect subsidiary of Cinven Group Limited.

Taxation

Current tax, including UK corporation tax, is recorded at amounts expected to be recovered or paid using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

2. Operating loss

The audit fee for the year ended 31 December 2009 was £2,310 (2008: £2,310). Audit fees are paid for and borne by Cinven Limited, a subsidiary of the Company's ultimate parent company.

3. Related party transactions

Cinven Capital Management (BPS) Limited is the General Partner of the Cinven Capital Management (BPS) Limited Partnership, whose other partners are wholly-owned subsidiary companies of Cinven Services Limited, a related party on the basis of common Directors.

As Cinven Capital Management (BPS) Limited is a wholly-owned indirect subsidiary of Cinven Group Limited, whose consolidated financial statements are publicly available, advantage has been taken of the exemption allowed in FRS 8 paragraph 3(c) not to disclose transactions within the same group as Cinven Group Limited.

4. Taxation

The tax assessed for the current year is higher than that resulting from applying the standard rate of corporation tax in the UK: 28% (2008: 28.5%). The UK corporation tax rate changed to 28% (previously 30%) on 1 April 2008. The differences are explained below.
