For the financial year ending 31 December 2022 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

#### Director's responsibilities:

- The members have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476; and
- The director acknowledges his responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements.

# (Registration number: SC199079) Statement of Financial Position as at 31 December 2022 (continued)

These financial statements have been prepared in accordance with the special provisions relating to companies subject to the small companies regime within Part 15 of the Companies Act 2006.

These financial statements have been delivered in accordance with the provisions applicable to companies subject to the small companies regime. As permitted by section 444 (5A) of the Companies Act 2006, the director has not delivered to the registrar a copy of the Income Statement.

Approved and authorised for issue by the director on 17 March 2023

E T Salvesen
Director

The notes on pages  $\underline{5}$  to  $\underline{11}$  form an integral part of these financial statements.

### Notes to the Unaudited Financial Statements for the Year Ended 31 December 2022

#### 1 General information

The company is a private company limited by share capital, incorporated in Scotland.

The address of its registered office is 5th Floor, Quartermile Two, 2 Lister Square, Edinburgh, Midlothian, EH3 9GL.

#### 2 Accounting policies

#### Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### Statement of compliance

These financial statements have been prepared in accordance with Financial Reporting Standard 102 Section 1A smaller entities - 'The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland' and the Companies Act 2006 (as applicable to companies subject to the small companies' regime).

#### Basis of preparation

These financial statements have been prepared using the historical cost convention as modified by revaluation of freehold property.

These financial statements are prepared in sterling which is the functional currency of the entity.

#### Going concern

The company meets its day to day working capital requirements through cash generated from operations and intercompany borrowings.

The financial statements have been prepared on the going concern basis.

At the date of approval of the financial statements the director has prepared and approved up to date management accounts, budgets and cash flow projections which include key revenue and cost assumptions including working capital support from the Group that the director considers reasonable and prudent.

The company continues to rely on funding provided for operational working capital by its parent company. In this regard, the parent company has confirmed its intention to continue to support the company and that the repayment of loan will not be required within the following 12 months from the date of approval of these financial statements.

The director has considered company cash flow projections, prospective obligations and the matters above and are satisfied that there is sufficient funding available to the company to meet its working capital requirements for the foreseeable future. Accordingly, the financial statements have been prepared on a going concern basis.

# Notes to the Unaudited Financial Statements for the Year Ended 31 December 2022 (continued)

#### 2 Accounting policies (continued)

#### Revenue recognition

Turnover represents amounts derived from hostel accommodation, including bar and other ancillary income. All turnover is stated net of Value Added Tax and is generated from within the United Kingdom. Turnover is recognised on the date of occupancy.

#### **Government grants**

Government grants received relating to costs incurred by the company are recognised in the income statement over the period necessary to match them with the costs that they are intended to compensate. Government grants are presented separately and disclosed in other income in the fund account.

Other income includes UK Government assistance provided through various grants received from the local authority.

#### Tax

The tax expense for the period comprises deferred tax. Tax is recognised in profit or loss, except that a charge attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

Deferred tax is recognised in respect of all timing differences between taxable profits and profits reported in the financial statements. Unrelieved tax losses and other deferred tax assets are recognised when it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date and that are expected to apply to the reversal of the timing difference.

#### Tangible assets

Tangible assets are stated in the statement of financial position at cost or revaluation, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

#### Depreciation

Depreciation is charged so as to write off the cost of assets, other than land and properties under construction over their estimated useful lives, as follows:

**Asset class** 

Freehold property Leasehold property Fixtures and fittings

Computer equipment

Depreciation method and rate

2%, 10% and 25% straight line

2% straight line

15%, 25% and 33% straight line

33% straight line

#### **Business combinations**

Business combinations are accounted for using the purchase method. The consideration for each acquisition is measured at the aggregate of the fair values at acquisition date of assets given, liabilities incurred or assumed, and equity instruments issued by the group in exchange for control of the acquired, plus any costs directly attributable to the business combination. When a business combination agreement provides for an adjustment to the cost of the combination contingent on future events, the group includes the estimated amount of that adjustment in the cost of the combination at the acquisition date if the adjustment is probable and can be measured reliably.

# Notes to the Unaudited Financial Statements for the Year Ended 31 December 2022 (continued)

#### 2 Accounting policies (continued)

#### Investments

Investments in equity shares which are publicly traded or where the fair value can be measured reliably are initially measured at fair value, with changes in fair value recognised in profit or loss. Investments in equity shares which are not publicly traded and where fair value cannot be measured reliably are measured at cost less impairment. Interest income on debt securities, where applicable, is recognised in income using the effective interest method. Dividends on equity securities are recognised in income when receivable.

#### Trade debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the receivables.

#### **Stocks**

Stocks are stated at the lower of cost and net realisable value after making allowance for obsolete and slow moving items.

#### **Trade creditors**

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the company does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

#### **Provisions**

Provisions are recognised when the company has a legal or constructive present obligation as a result of a past event, it is probable that the company will be required to settle that obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the reporting end date, taking into account the risks and uncertainties surrounding the obligation. Where the effect of the time value of money is material, the amount expected to be required to settle the obligation is recognised at present value, When a provision is measured at present value, the unwinding of the discount is recognised as a finance cost in profit or loss in the period in which it arises.

#### Leases

Leases in which substantially all the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease.

# Notes to the Unaudited Financial Statements for the Year Ended 31 December 2022 (continued)

#### 2 Accounting policies (continued)

#### Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

#### Defined contribution pension obligation

A defined contribution plan is a pension plan under which fixed contributions are paid into a pension fund and the company has no legal or constructive obligation to pay further contributions even if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

Contributions to defined contribution plans are recognised as employee benefit expense when they are due. If contribution payments exceed the contribution due for service, the excess is recognised as a prepayment.

#### 3 Staff numbers

The average number of persons employed by the company (including the director) during the year, was 40 (2021 - 22 ).

#### 4 Profit/loss before tax

Arrived at after charging/(crediting)

	2022	2021
	£	£
Depreciation expense	168,598	391,148

The company has received government assistance via the Coronavirus Job Retention Scheme of £nil (2021 - £16,662). This was claimed against the staff costs of the company as reported gross below.

#### 5 Other gains and losses

The analysis of the company's other gains and losses for the year is as follows:

	2022	2021
	£	£
Gain/loss from disposals of investments		(1)

During the prior year Premier Hostels Limited was dissolved. On this date the company disposed of it's investment.

# Notes to the Unaudited Financial Statements for the Year Ended 31 December 2022 (continued)

#### 6 Tangible assets

	Land and buildings £	Fixtures and fittings £	Office equipment £	Total £
Cost or valuation				
At 1 January 2022	8,118,155	903,328	141,937	9,163,420
Additions	-	9,251	3,559	12,810
Disposals	(38,751)		(28,436)	(67,187)
At 31 December 2022	8,079,404	912,579	117,060	9,109,043
Depreciation				
At 1 January 2022	2,317,385	855,158	138,785	3,311,328
Charge for the year	144,659	20,724	3,215	168,598
Eliminated on disposal	(41,423)		(28,436)	(69,859)
At 31 December 2022	2,420,621	875,882	113,564	3,410,067
Carrying amount				
At 31 December 2022	5,658,783	36,697	3,496	5,698,976
At 31 December 2021	5,800,770	48,170	3,152	5,852,092

Included within the net book value of land and buildings above is £5,658,783 (2021 - £5,800,770) in respect of freehold land and buildings.

#### Revaluation

The value of the company's Freehold property was revalued on 11 October 2018 by an independent valuer. Christie & Co were appointed by the directors to value the properties.

The valuations were carried out in accordance with the Royal Institution of Chartered Surveyors Valuation Guidance as set out within the 2017 Global Standards and with particular reference to the local Professional Standards - UK, also known as the "Red Book".

The director is satisfied that the downward revaluation recognised in 2018 was a result of temporary differences and should be reversed.

Had this class of asset been measured on a historical cost basis, the carrying amount would have been £4,137,279 (2021 - £4,244,683).

#### 7 Stocks

	2022	2021
