1. STATUTORY INFORMATION

Searoute Breakbulk Services Limited is a private company, limited by shares, registered in Scotland. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Going concern

The company's current liabilities exceeded its current assets by £105,632 at the statement of financial position date. The company meets its day to day working capital requirements through the continuing support of its group and related undertakings.

The financial statements have been prepared on the going concern basis which assumes that the company will continue in operational existence for the foreseeable future. If the company was unable to continue in operational existence for the foreseeable future, adjustments would have to be made to reduce the statement of financial position values of assets to their recoverable amounts and to provide for further liabilities that might arise.

The group undertakings, the related undertakings and the directors have undertaken to continue to support the company. Based on these factors the directors believe that it is appropriate for the financial statements to be prepared on a going concern basis.

Preparation of consolidated financial statements

The financial statements contain information about Searoute Breakbulk Services Limited as an individual company and do not contain consolidated financial information as the parent of a group. The company has taken the option under Section 398 of the Companies Act 2006 not to prepare consolidated financial statements.

Investments in subsidiaries

Investments in subsidiary undertakings are recognised at cost.
