**NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 5 APRIL 2013**

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements have been prepared on a going concern basis. The director has considered the company's current contracts and liabilities, and the future opportunities and risks that are likely to materialise over the next 12 months. Based on their review, the director feels that the going concern basis is appropriate for the preparation of these financial statements.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of services, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Fixtures and fittings	- 25% on reducing balance
Computer equipment	- 33% on cost

Taxation

The tax expense represents the sum of the corporation tax and deferred tax charge for the year.

The tax currently payable is based on taxable profit for the year. The company's liability for current tax is calculated using the tax rates that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is measured on differences between carrying amounts of assets and liabilities in the accounts and the corresponding tax bases, as used on the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable timing differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the profit and loss accounts, except when it related to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.
