1. **ACCOUNTING POLICIES**

Basis of preparing the financial statements - going concern

At 31 March 2011 the company had net liabilities amounting to £36,802. The company is reliant on the continued support of the directors and trade creditors. The directors have confirmed their intention to continue to support the company and are confident of the continued support of the trade creditors. On the above basis, the directors consider that the accounts should be prepared on a going concern basis.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Patents

The patent is being written off evenly over its estimated useful life of 20 years.

Tangible fixed assets

Deferred tax

Deferred taxation is provided in full on timing differences which result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at rates expected to apply when they reverse based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in financial statements. Deferred tax is not provided on timing differences arising from the revaluation of fixed assets where there is no commitment to sell the asset. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.
