**Saltire Castle Limited**  
**Financial statements for the year ended 30 November 2020**

**Notes to the financial statements**  
**for the year ended 30 November 2020**

**1. General information**

Saltire Castle Limited is a private company, limited by shares, domiciled in Scotland with registration number SC239743. The registered office is 2 Caenlochan Road, Broughty Ferry, Dundee, DD5 1JX.

**2. Accounting policies**

**Basis of preparation of financial statements**

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The following accounting policies have been applied :

**Turnover**

Turnover is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. Turnover is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must be also be met before revenue is recognised :

Rendering of services

Turnover from a contract to provide services is recognised in the period in which the services are provided in accordance with the stage of completion of the contract when all of the following conditions are satisfied :

- The amount of revenue can be measured reliably;
- It is probable that the company will receive the consideration due under the contract
- The stage of completion of the contract at the end of the reporting period can be measured reliably ; and
- The costs incurred and the costs to complete the contract can be measured reliably.

**Notes to the financial statements**  
**for the year ended 30 November 2020**

**2. Accounting policies (continued)**

**Tangible fixed assets**

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, as follows :

Depreciation is provided on the following basis :

Investment properties -	no depreciation
Plant and equipment -	15% reducing balance

The assets' residual value, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the Statement of Income and Retained Earnings.

**Debtors**

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

**Cash and cash equivalents**

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value

**Creditors**

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

**Notes to the financial statements**  
**for the year ended 30 November 2020**

**3. Accounting policies (continued)**

**Dividends**

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting. Dividends on shares recognised as liabilities are recognised as expenses and classified within interest payable.

**Taxation**

Tax is recognised in the Profit & Loss Account, except that a charge attributable to an item of income and expenses recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the Balance Sheet date in the countries where the company operates and generates income.

**\* 3. Employees**

The average number of employees, including directors, during the year was 4 (2019 – 4).
