## Directors' report

The directors present their report and financial statements for the year ended 31 January 2009.

### Principal activities

The principal activities of the group during the period were the design and manufacture of golf weatherwear.

On 14 August 2009 the whole of the share capital of Proquip Holdings Limited (the parent undertaking), was acquired by Proquip Group Limited.

Proquip Group Limited is a wholly owned subsidiary of The Edinburgh Woollen Mill (Group) Limited, the ultimate parent company.

### Results and dividends

The consolidated loss for the year, after taxation, is £330,979 (2008: loss of £64,372). The directors do not recommend the payment of a dividend and propose that the loss be transferred to reserves.

### Directors and their interests

The directors who held office during the period were as follows:-

Simon Glasgow (resigned 14 July 2009)  
Aidan Creedon (resigned 14 August 2009)  
Richard Head (resigned 14 August 2009)

D O Houston was appointed as a director on 14 July 2009.  
P E Day was appointed as a director on 14 August 2009.

### Subsequent events

Following 31 January 2009, the company changed its accounting reference date to 31 August.

### Directors' statement as to disclosure of information to auditors

The directors who held office at the date of this directors' report confirm that, so far as they are each aware, there is no relevant information of which the company's auditors are unaware and each director has taken all the necessary steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the company's auditors are aware of such information.

By order of the Board

## **Statement of directors' responsibilities in respect of the directors' report and the financial statements**

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and United Kingdom Generally Accepted Accounting Practice.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The financial statements are required by law to give a true and fair view of the state of affairs of the group and the company and of the profit or loss of the group for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the group and the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the group and company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

# **Independent auditors' report to the members of Proquip Holdings Limited (Registered No SC241463)**

We have audited the group and parent company statements (the "financial statements") of Proquip Holdings Limited for the year ended 31 January 2009 which comprise the Group Profit and Loss Account, the Statement of total recognised gains and losses, the Group Balance Sheet and the Company Balance Sheet and the related notes. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

## **Respective responsibilities of the director and auditors**

The directors' responsibilities for preparing the financial statements in accordance with applicable United Kingdom law and Accounting Standards (United Kingdom Generally Accepted Accounting Practice) are set out in the Statement of Directors' Responsibilities on page 5.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you whether in our opinion the information given in the directors' report is consistent with the financial statements.

In addition we report to you if, in our opinion, the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed.

We read the directors' report and consider the implications for our report if we become aware of any apparent misstatements within it.

## **Basis of audit opinion**

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

## **Opinion**

In our opinion:

- the financial statements give a true and fair view, in accordance with United Kingdom Generally Accepted Accounting Practice, of the state of the group's and the parent company's affairs as at 31 January 2009 and of the group's loss for the year then ended;
- the financial statements have been properly prepared in accordance with the Companies Act 1985 and
- the information given in the directors' report is consistent with the financial statements.

## Notes to the financial statements

for the year ended 31 January 2009

### 1. Accounting policies

#### *Basis of preparation*

The financial statements have been prepared under the historical cost convention, in accordance with applicable accounting standards, and on a going concern basis which the directors consider to be appropriate. The group has net current liabilities and a deficiency of net assets at 31 January 2009. However, the ultimate parent company has agreed to provide financial support as necessary to enable it to operate as a going concern for at least twelve months from the date of approval by these financial statements or, if shorter, for as long as the company remains a wholly owned subsidiary of the ultimate parent company.

Under FRS 1 the company is exempt from the requirement to prepare a cash flow statement on the grounds of its size.

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements.

#### *Basis of Consolidation*

The group financial statements consolidate the financial statements of Proquip Holdings Limited and all its subsidiary undertakings drawn up to 31<sup>st</sup> January each year. No profit and loss account is presented for Proquip Holdings Limited as permitted by section 230 of the Companies Act 1985.

#### *Goodwill*

Goodwill is the difference between the cost of an acquired entity and the aggregate of the fair value of that entity's identifiable assets and liabilities. Positive goodwill is capitalised, classified as an asset on the balance sheet and amortised on a straight line basis over its useful economic life. It is reviewed for impairment at the end of the first full financial period following the acquisition and in other periods if events or changes in circumstances indicate that the carrying value may not be recoverable.

#### *Intangible assets*

Intangible assets acquired separately from a business are capitalised at cost. Intangible assets acquired as part of an acquisition of a business are capitalised separately from goodwill if the fair value can be measured reliably on initial recognition, subject to the constraint that, unless the asset has a readily ascertainable market value, the fair value is limited to an amount that does not create or increase any negative goodwill arising on the acquisition. Intangible assets, excluding development costs, created within the business are not capitalised and expenditure is charged against profits in the year in which it is incurred.

Intangible assets are amortised on a straight line basis over their estimated useful lives up to a maximum of 20 years. The carrying value of intangible assets is reviewed for impairment at the end of the first full year following acquisition and in other periods if events or changes in circumstances indicate the carrying value may not be recoverable.

#### *Fixed assets*

All fixed assets are initially recorded at cost.

#### *Depreciation*

The company's policy is to provide depreciation at rates which are calculated to write off cost of the assets by equal annual instalments over their expected useful lives as follows:

|                     |               |
|---------------------|---------------|
| Buildings           | over 50 years |
| Plant and equipment | over 4 years  |
| Motor vehicles      | over 4 years  |

Freehold land is not depreciated.

The carrying values of tangible assets are reviewed for impairment in periods if events or changes in circumstances indicate the carrying value may not be recoverable.

## Notes to the financial statements

for the year ended 31 January 2009

### 1. Accounting policies (continued)

#### **Revenue Recognition**

Revenue is recognised to the extent that the group obtains the right to consideration in exchange for its performance. Revenue is measured at the fair value of the consideration received, excluding discounts, rebates, VAT and other sales taxes or duty. The following criteria must be met before revenue is recognised

#### *Sale of goods*

Revenue from the sales of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on despatch of the goods.

#### **Deferred taxation**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more, or right to pay less, tax in future have occurred at the balance sheet date. This is subject to deferred tax assets only being recognised by the Directors if they consider it more likely than not that there will be suitable profits from which the future reversal of the underlying timing differences can be deducted. Timing differences are differences arising between the Company's taxable profits and its results as stated in the financial statements, which are capable of reversal in one or more subsequent periods.

Deferred tax is measured on a non-discounted basis at the tax rates that are expected to apply in the periods in which timing differences are expected to reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

#### **Stocks and work in progress**

Stocks are stated at the lower of cost and net realisable value. Cost includes all costs incurred in bringing each product to its present location and condition as follows:

|                                     |   |  |
|-------------------------------------|---|--|
| Raw materials                       | - | purchase cost on first-in, first-out basis   |
| Work in progress and finished goods | - | cost of direct materials and labour plus attributable production overheads based on the normal level of activity |

#### **Foreign currencies**

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date. All differences are taken to the profit and loss account.

#### **Operating leases**

Rentals payable under operating leases are charged in the profit and loss account on a straight line basis over the lease term.

#### **Pensions**

The company operates a defined contribution pension scheme. Contributions are charged to the profit and loss account as they become payable in accordance with the rules of scheme.

#### **Dividends on shares presented within equity**

Dividends unpaid at the balance sheet date are only recognised as a liability at that date to the extent that they are appropriately authorised and are no longer at the discretion of the company. Unpaid dividends that do not meet these criteria are disclosed in the notes to the financial statements.

#### **Goodwill**

Goodwill arising on acquisitions is amortised by equal instalments over its estimated useful economic life, taking into account the nature of the business acquired.
