The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 December 2014.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 December 2014 in accordance with Section 476 of the Companies Act 2006.

The director acknowledges his responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

The abbreviated accounts have been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

The financial statements were approved by the director on 20 September 2015 and were signed by:

Samuel Thorburn - Director

**Notes to the Abbreviated Accounts
for the Year Ended 31 December 2014**

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover is stated net of VAT and is derived from livestock sales and subsidies, sales of feed stuffs and livestock haulage and other agricultural contracting services. Turnover from the sale of goods is recognised when the goods are physically delivered to the customer. Subsidies are recognised when the company is entitled to the amount and when this can be measured with reasonable certainty. Turnover from services is recognised when it is provided to customers.

Other income

Revenue grants are recognised when the company becomes entitled to the income. Grants towards capital expenditure are recognised as deferred income on the Balance Sheet and released to the Profit & Loss Account over the estimated useful life of the assets involved.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery etc - 25% on reducing balance, 25% on straight line, 15% on reducing balance and 4% on cost

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's accounts. Deferred tax is recognised in respect of all timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.

Deferred tax assets and liabilities are not discounted.
