Directors' Report

The Directors present their Directors' Report and financial statements for the year ended 31 March 2019.

Principal activity and business review

The principal activity of the Company is to provide human resources, payroll and crewing services to the David MacBrayne Group of companies.

The Company made a profit before tax for the year of £38,000 (2018: £34,000). No dividends have been paid or are proposed.

Key areas of the performance and development of the business include best practices in relation to human resources strategy and policy and procedures to ensure compliance with relevant legislation.

The key performance indicator for the company is to achieve a small profit each financial year.

Political and charitable donations

The Company made no political or charitable donations during the year.

Directors and their interests

The Directors who held office during the year and up to the date of this report were as follows:

D C McGibbon
R Drummond

None of the Directors had any disclosable interest in the shares of the Company.

Financial instruments

The Company enters into no complex financial instruments.

Disclosure of information to Auditor

The Directors who held office at the date of approval of this Directors' Report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditor is unaware and each Director has taken all the steps that he ought to have taken as a Director to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Auditor

A resolution to re-appoint KPMG LLP as auditor of the Company will be put to the members at the Annual General Meeting.

On behalf of the Board

R Drummond
Director
25 September 2019

Statement of Directors' responsibilities in respect of the Directors' Report and the financial statements

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK accounting standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 101 *Reduced Disclosure Framework*.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- assess the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Independent Auditor's Report to the members of David MacBrayne HR (UK) Limited

Opinion

We have audited the financial statements of David MacBrayne HR (UK) Limited ("the company") for the year ended 31 March 2019 which comprise the Profit and Loss account, Balance Sheet, Statement of changes in equity and related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2019 and of its profit for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 101 *Reduced Disclosure Framework*; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the company in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

The impact of uncertainties due to the UK exiting the European Union on our audit

Uncertainties related to the effects of Brexit are relevant to understanding our audit of the financial statements. All audits assess and challenge the reasonableness of estimates made by the directors, such as recoverability of trade receivables and related disclosures and the appropriateness of the going concern basis of preparation of the financial statements. All of these depend on assessments of the future economic environment and the company's future prospects and performance.

Brexit is one of the most significant economic events for the UK, and at the date of this report its effects are subject to unprecedented levels of uncertainty of outcomes, with the full range of possible effects unknown. We applied a standardised firm-wide approach in response to that uncertainty when assessing the company's future prospects and performance. However, no audit should be expected to predict the unknowable factors or all possible future implications for a company and this is particularly the case in relation to Brexit.

Going concern

The directors have prepared the financial statements on the going concern basis as they do not intend to liquidate the company or to cease its operations, and as they have concluded that the company's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over its ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

We are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least a year from the date of approval of the financial statements. In our evaluation of the directors' conclusions, we considered the inherent risks to the company's business model, including the impact of Brexit, and analysed how those risks might affect the company's financial resources or ability to continue operations over the going concern period. We have nothing to report in these respects.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the absence of reference to a material uncertainty in this auditor's report is not a guarantee that the company will continue in operation.

Directors' report

The directors are responsible for the directors' report. Our opinion on the financial statements does not cover that report and we do not express an audit opinion thereon.

Our responsibility is to read the directors' report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the directors' report;
- in our opinion the information given in that report for the financial year is consistent with the financial statements; and
- in our opinion that report has been prepared in accordance with the Companies Act 2006.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to take advantage of the small companies exemption from the requirement to prepare a strategic report.

We have nothing to report in these respects.

Directors' responsibilities

As explained more fully in their statement set out on page 2, the directors are responsible for: the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities.

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

The accompanying notes are an integral part of these financial statements

Notes on the financial statements

1. Accounting policies

David MacBrayne HR (UK) Limited is a company incorporated and domiciled in the UK.

These financial statements were prepared in accordance with Financial Reporting Standard 101 *Reduced Disclosure Framework* ("FRS 101")

In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the EU ("Adopted IFRSs"), but makes amendments where necessary in order to comply with Companies Act 2006 and has set out below where advantage of the FRS 101 disclosure exemptions has been taken.

In these financial statements, the Company has applied the exemptions available under FRS 101 in respect of the following disclosures:-

- a Cash Flow Statement and related notes
- disclosure in respect of capital management
- the effects of new but not yet effective IFRSs
- an additional balance sheet for the beginning of the earliest comparative period
- disclosures in respect of the compensation of Key Management Personnel.

As the consolidated financial statements of David MacBrayne Limited include the equivalent disclosures, the Company has also taken the exemptions under FRS 101 available in respect of the following disclosures:-

- the disclosures required by IFRS 7 and IFRS 13 regarding financial instrument disclosures have not been provided.

(a) Basis of preparation

These financial statements have been prepared under the historical cost accounting convention and in accordance with applicable accounting standards. A summary of the more important accounting policies, which have been applied consistently, is set out below. The financial statements have been prepared on a going concern basis, which the Directors believe to be appropriate.

Impact of newly effective standards

The Company has adopted IFRS 9 with a date of initial application of 1 April 2018. The requirements of IFRS 9 represent a significant change from IAS 39 *Financial instruments: Recognition and Measurement*.

Transition

Changes in accounting policies resulting from the adoption of IFRS 9 have been applied retrospectively, except as described below.

- Comparative periods have not been restated. Differences in the carrying amounts of financial assets and financial liabilities resulting from the adoption of IFRS 9 are recognised in retained earnings and reserves as at 1 April 2018. Accordingly, the information presented for 31 March 2018 does not reflect the requirements of IFRS 9 and therefore is not comparable to the information presented for 1 April 2018 under IFRS 9.

The Company has not recognised any adjustments as a result of the transition to IFRS 9.

(b) Revenue

Accounting policy for revenue is described in note 2.

(c) Taxation

The charge for taxation is based upon the result for the year end, where appropriate, takes into account tax deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

(d) Pensions

The Company participates in the CalMac Pension Fund which provides benefits based on final pensionable salary.

Accordingly, as required by FRS 101: Retirement Benefits, the Company accounts for the scheme as if it were a defined contribution scheme. As a result, the amount charged to the profit and loss account represents the contributions payable to the scheme in respect of the accounting period.

The Company also operates a stakeholder pension scheme for auto enrolment purposes.

(e) Financial instruments – applicable prior to 1 April 2018

Non-derivative financial instruments

Non-derivative financial instruments comprise trade and other receivables, cash and cash equivalents, loans and borrowings, and trade and other payables.

Notes on the financial statements

1. Accounting policies (continued)

Trade and other receivables

Trade and other receivables are recognised initially at fair value then at amortised cost, less any impairment losses. The criteria which the Group uses to determine that there is objective evidence of an impairment loss includes:

- significant financial difficulty of the debtor
- a breach of contract, such as a default or delinquency in interest or principal payments
- the probability that the debtor will enter bankruptcy or other financial reorganisation

Trade and other payables

Trade and other payables are obligations to pay for goods or services which have been acquired in the ordinary course of business from suppliers. They are recognised initially at fair value. Subsequent to initial recognition they are measured at amortised cost.

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and call deposits which have a maturity of three months or less from the date of acquisition.

Financial instruments – applicable from 1 April 2018

(i) Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

(ii) Classification and subsequent measurement

Financial assets

(a) Classification

On initial recognition, a financial asset is classified as measured at: amortised cost; FVOCI - debt investment; FVOCI - equity investment; or FVTPL.

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Investments in joint ventures and subsidiaries are [carried at cost less impairment. [accounted for using the equity method.]

Cash and cash equivalents

Cash and cash equivalents comprise cash balances held with the bank.

Notes on the financial statements

1. Accounting policies (continued)

(b) Subsequent measurement and gains and losses

Financial assets at FVTPL - these assets (other than derivatives designated as hedging instruments) are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

Financial assets at amortised cost - these assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Financial liabilities and equity

Financial instruments issued by the Company are treated as equity only to the extent that they meet the following two conditions:

- (a) they include no contractual obligations upon the Company to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the Company; and
- (b) where the instrument will or may be settled in the Company's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the Company's own equity instruments or is a derivative that will be settled by the Company's exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments.

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the Company's own shares, the amounts presented in these financial statements for called up share capital and share premium account exclude amounts in relation to those shares.

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

(iii) Impairment

The Company recognises loss allowances for expected credit losses (ECLs) on financial assets measured at amortised cost, debt investments measured at FVOCI and contract assets (as defined in IFRS 15).

The Company measures loss allowances at an amount equal to lifetime ECL, except for other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition, which are measured as twelve-month ECL.

Loss allowances for trade receivables and contract assets are always measured at an amount equal to lifetime ECL.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECL, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due.

The Company considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held); or
- the financial asset is more than 90 days past due.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument.

Twelve-month ECLs are the portion of ECLs that result from default events that are possible within the twelve months after the reporting date, or a shorter period if the expected life of the instrument is less than twelve months.

The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

Notes on the financial statements

1. Accounting policies (continued)

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive.) ECLs are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt securities at FVOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Write-offs

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery.

2. Turnover

The Company recognises revenue when it transfers control over a produce or service to a customer.

In the following table, revenue is disaggregated by service line and timing of revenue recognition.

		2019	2018
		£000	£000
Intra Group	- management fees	2,332	2,471
Other revenue		102	55
		<hr/>	<hr/>
		2,434	2,526
		<hr/>	<hr/>

Turnover represents the net value of human resource services invoiced excluding VAT. There are no contract assets or liabilities associated with these contracts at the balance sheet date. Receivables are disclosed within note 6.

3. Profit before tax

The Profit is stated after charging/(crediting):

		2019	2018
		£000	£000
Auditor's remuneration	- audit of these financial statements	7	7
	- other services relating to tax	5	12
	- advisory	3	-
Agency staff costs		14	29
Interest receivable	- bank	1	-
		<hr/>	<hr/>

4. Employee information

Staff costs

The aggregate payroll costs were as follows:

	2019	2018
	£000	£000
Wages and salaries	1,097	1,054
Social security costs	127	123
Other pension costs	257	247
	<hr/>	<hr/>
	1,481	1,424
	<hr/>	<hr/>

Employee numbers

The average number of persons employed by the Company during the year was 28 (2018: 29).

Notes on the financial statements**4. Employee information (continued)****Directors' remuneration**

	2019 £000	2018 £000
Directors' remuneration	180	339
Company contributions to a defined benefit pension scheme	38	77

The aggregate of remuneration of the highest paid Director was £163,000 (2018: £181,000). He is a member of a defined benefit scheme, under which his accrued pension at the year end was £13,368 (2018: £11,236).

Number of Directors

	2019	2018
Retirement benefits are accruing to the following number of Directors under:		
Defined benefit schemes	1	2

5. Taxation

The tax on profit is made up as follows:

	2019 £000	2018 £000
UK corporation tax on profit for the year	-	-
Consortium relief	4	1
Tax on profit	4	1

The tax assessed for the year differs from the application of the standard rate of corporation tax in the UK to the profit on ordinary activities before tax. The differences are explained below:

	2019 £000	2018 £000
Profit before tax	38	34
UK corporation tax at 19%	7	6
Effects of: Group relief	(3)	(5)
Corporation tax for the year	4	1

A reduction in the UK corporation tax rate from 21% to 20% (effective from 1 April 2015) was substantively enacted on 2 July 2013. Further reductions to 19% (effective from 1 April 2017) and to 18% (effective 1 April 2020) was substantively enacted on 26 October 2015, and an additional reduction to 17% (effective 1 April 2020) was substantively enacted on 6 September 2016. This will reduce the Company's future tax charge accordingly. The deferred tax asset/liability at 31 March 2019 has been calculated based on these rates.

6. Debtors and prepayments

	2019 £000	2018 £000
Other debtors	62	1
Amounts owed by group undertakings	307	348
	369	349

7. Creditors: amounts falling due within one year

	2019	2018
	£000	£000
Trade creditors	251	150
Other creditors and accruals	146	138
Amounts owed to group undertakings	79	152
Corporation tax	4	-
	480	440

8. Called up share capital

	2019	2018
	£000	£000
Allotted, called up and fully paid		
1 Ordinary Share of £1	-	-

9. Pension arrangements

A large number of the Company's employees are members of the CalMac Pension Fund which is a multi-employer defined benefit scheme (the 'Scheme' or the 'CalMac Scheme'). The Company is a participating employer in the CalMac Scheme, which is operated by Caledonian Maritime Assets Limited ('CMAL'), a company also wholly owned by Scottish Ministers. As the Trustees of the CalMac Scheme are unable to identify the Company's share of the underlying assets and liabilities of the Scheme on a consistent and reasonable basis, and as CMAL is legally considered to be the sponsoring employer for the Scheme, and is responsible for any deficit repair obligations in relation to the Scheme, the Company is accounting for the Scheme in its financial statements as if the Scheme was a defined contribution scheme.

The latest full triennial actuarial valuation of the CalMac Scheme as at 6 April 2018, carried out by an independent actuary, showed that the Scheme had liabilities of £224.7m, assets of £196.6m and, consequently, a deficit of £28.1m.

Under the Government's Pension Auto Enrolment legislation, employers must automatically enrol into a 'qualifying pension scheme' all qualifying employees not already in a pension scheme as well as all new starters. The legislation also dictates that those who have opted out must be reviewed and enrolled again every three years.

The Peoples Pension is the provider for a stakeholder pension scheme for auto enrolment purposes. New employees can still choose to opt out of this new scheme and enrol in the existing final salary scheme at appropriate times during the year. Employees can only be in one scheme at any given time.

10. Other financial commitments

Future aggregate minimum rentals payable under non-cancellable operating leases are as follows:

	Motor vehicles		Total	
	2019	2018	2019	2018
	£000	£000	£000	£000
Within one year	8	-	8	-
In the second to fifth years	-	-	-	-
	8	-	8	-

11. Related party transactions

Under FRS 101, the Company is exempt from the requirement to disclose related party transactions with Group undertakings as it is a wholly owned subsidiary of a parent undertaking which prepares and publishes consolidated financial statements.

	2019	2018
	£000	£000
Transactions during the year – receivable/(payable):		
Solent Gateway Limited		
- management recharge	50	66
- consortium relief	4	1
Amounts due at end of year – receivable/(payable):	-	-
Solent Gateway Limited		
- consortium relief	4	-

12. Ultimate parent company

The Company is a wholly owned subsidiary of David MacBrayne Limited, which is wholly owned by the Scottish Ministers, who are regarded as the ultimate controlling party. The Group in which the Company's results are consolidated is that headed by David MacBrayne Limited, which is incorporated in the United Kingdom. No other Group financial statements include the Company's results.

The consolidated financial statements are available to the public and copies may be obtained from the parent company's registered office at the Ferry Terminal, Gourock, PA19 1QP and are also available on the parent Company's website.

13. Post balance sheet events

At the Annual General Meeting it was proposed that dividends of £200,000 are paid.
