### 1. Progress of the Administration

## **FRP**

#### Work undertaken during the Period

This report should be read in conjunction with the Administrators' Proposals dated 11 January 2021 and the Administrators' previous progress reports dated 28 May 2021, 26 November 2021, 26 May 2022, 28 November 2022 and 25 May 2023.

These reports include background to the Company and the events leading to the appointment of the Administrators in greater detail, amongst other aspects and of the events in the six month periods thereafter. The Proposals were deemed approved on 22 January 2021.

A copy of the Proposals and previous progress reports are available on the website: <a href="https://creditors.frpadvisory.com">https://creditors.frpadvisory.com</a> and to view these reports and other notices posted, you will be asked for a case code and unique id which is: P2205LON.

Certain statutory information about the Company and the Administration is provided at  $\mbox{\bf Appendix}~\mbox{\bf A}.$ 

I attach at  $\mbox{\bf Appendix }\mbox{\bf C}$  a schedule of work undertaken during the Period together with a summary of work still to be completed.

Highlights for the Period include:

- Continuing to oversee the residual trading aspects associated with the Option stores that expired on 31 March 2022;
- managing the residual property portfolio utilised by AGPL as an extension to the Licence to Occupy ("LTO") was not entered into by the Purchaser;
- the ongoing recovery of certain of the Company's domain names;
- · continuing to seek property lease assignments and surrenders;
- the ongoing reconciliation of the trading accounts; and
- the ongoing investigation into the conduct of the directors and officers of the Company.

#### **Trading**

A separate trading receipts and payments account is attached at **Appendix E.** 

The direct trading ceased on 31 March 2021 with a sale of certain business and assets of the Company completing with effect from 1 April 2021 to AGPL. A full overview of the sale was provided in our progress report dated 28 May 2021.

As part of the sale transaction an LTO was granted to the Purchaser with effect from 1 April 2021 for an initial period of six months over 256 of the stores previously utilised by the Company. A Transitional Service Agreement ("TSA") was also agreed and commenced immediately following the sale.

Additionally, an Option Agreement was entered into by the Purchaser over a further 97 stores for an initial period of three months whilst post lockdown trading was reviewed and negotiations with landlords were commenced.

A second Option Agreement was entered into by the Purchaser over 16 Scottish stores which were subject to potential hypothec claims; this Option was granted for one month only and 13 stores were transferred to the LTO on 30 April 2021, with three stores closing.

To assist with the post-sale transition it was necessary to initially extend the main Option Agreement for a period of three months and thereafter to further extend both the LTO and Option agreements in September 2021 to the end of March 2022.

The Option Agreement expired on 31 March 2022 and the remaining 30 stores were added to the LTO which was further extended to 30 June 2022; the LTO encompassed 128 stores as at 1 April 2022.

The resultant management fee paid to the estate by AGPL in respect of this assistance under the Option Agreement through the continuance of arm's length trading of the underlying portfolio and associated employees is reflected at **Appendix E** and will benefit the creditors of the Company.

At the end of the previous period there were 23 stores remaining under the LTO which the Administrators offered to further extend to 3 October 2023 to allow further time to complete on the remaining properties albeit the Purchaser chose not to extend and an informal arrangement is now in place. At the end of the Period there were 7 stores still requiring a formal solution with the respective landlords.

### 1. Progress of the Administration

There are still around 70 leases in place for stores that have been previously closed / vacated due to no longer being required for the purposes of the administration. The Administrators remain willing to surrender these leases however require input from the respective landlords. These leases cannot be disclaimed whilst the Company remains in administration.

The TSA was agreed and operated for a period of two months whereupon the facility expired; all associated suppliers (with one exception) were duly notified and the Administrators' undertakings were cancelled; final accounts have been settled with all included suppliers.

The final supply agreement with Worldpay was novated on 11 April 2022 following the expiry of the Option Agreement and all retention funds held thereunder were returned to the estate shortly thereafter. All indirect trading ceased on 31 March 2022.

The Administrators' trading account is not yet complete due to unreconciled positions with a small number of trade suppliers, including landlords, ratings authorities and utility providers. It is hoped that these final outstanding issues can be finalised in the next reporting period and we would ask that any supplier with an open account to please contact the administrators without delay.

#### **Other Matters**

In keeping with the terms of the sale agreement, the Company changed its name from Peacocks Stores Limited to PSL2021 Realisations Limited on 4 October 2021.

I can confirm that no work has been subcontracted to third parties.

Payments made from the estate are fair and reasonable and proportionate to the insolvency appointment and are directly attributable to this insolvency.

No payments have been made to associates of the Administrators without the prior approval of creditors as required by SIP9.

Further detail is set out in the schedule of work attached at **Appendix C**.

#### Investigations

Part of my duties include carrying out proportionate investigations into what assets the Company has, including any potential claims against directors or other parties, and what recoveries could be made.

I have reviewed the Company's books and records and accounting information made available, requested further information from the directors, and invited creditors to provide information on any concerns they have regarding the way in which the Company's business had been conducted.

The Administrators have previously completed the online director's conduct report and submitted this to the Department for Business Energy and Industrial Strategy ("DBEIS").

Any information provided to the DBEIS is confidential but can be used to assist the DBEIS in identifying conduct that should be investigated further and could result in individuals being disqualified from acting as a director.

Further details of the conduct of my investigations are set out in the schedule of work attached. I can confirm that my review is currently ongoing.

### Extension to the initial period of appointment

As envisaged the initial 12-month term of the administration was extended for a further 12 months to 18 November 2022 to allow for all aspects of the process to be progressed towards a conclusion.

The Administrators held the necessary consent from the secured and preferential creditors to enable them to extend the administration and this was filed at Companies House on 10 September 2021.

## 1. Progress of the Administration

**FRP** 

An application to court was subsequently prepared and was heard by the Clerk of Session in Edinburgh on 26 October 2022. An Order to extend the Administrators' term of office in terms of paragraph 76 of Schedule B1 to the Insolvency Act 1986 to 17 November 2023 was granted.

This Notice of extension was filed at Companies House on 28 October 2022.

Given the outstanding aspects of the administration and the potential requirement to make a distribution under the prescribed part, the Administrators deemed it necessary to extend the term of the administration by a further 12 months, minimum.

The secured creditor was approached with the recommendation to extend the term of administration by 12 months albeit would only consent to 6 months.

Notwithstanding and following legal advice, the Administrators submitted an Application to the Court of Session for 12 months and this application was granted on 25 October 2023. The administration is extended to 16 November 2023.

The longer extension was sought on the basis of reduced overall costs and not burdening the Court's time with multiple applications.

The progress of the administration will remain under regular review and this will in part be predicated by the speed of completion on the outstanding property aspects amongst other outstanding / ongoing realisations and/or investigations plus the prescribed part dividend.

All creditors will be updated in the next progress report on developments and likely longevity of the process to reach a conclusion.

#### **Anticipated exit strategy**

It is anticipated that the Company will exit administration by dissolution as it is believed that there will be insufficient funds to pay a distribution to the unsecured creditors in excess of the prescribed part and this distribution can be undertaken by the Administrators.

This aspect remains under regular review as other matters are progressed to a conclusion.

### 2. Estimated Outcome for the creditors

## FRP

#### Outcome for the secured creditors

The secured creditor, The Edinburgh Woollen Mill (Group) Limited, was owed £140m upon our appointment. The secured balance is cross guaranteed by various companies within the Group.

Following an assignment of the secured debt from Group to Banbury Street Limited ("BSL") dated 20 August 2021, BSL is now the lender, agent, and security agent in respect of the balance of the Company's (and other companies to which this arrangement applies) original facilities of £140m.

The Purchaser utilised part of the secured position in acquiring certain business and assets of the Company by way of a credit bid in the sum of £40,108,505.

Based on the funds likely to be available from the Company only, the secured creditor will suffer a shortfall. The Administrators will separately continue to monitor the overall outstanding balance due to BSL.

## Outcome for the preferential creditors

Preferential creditors include the employees unpaid holiday entitlements and pension arrears on appointment.

The continued trading of the Company by the Administrators from appointment to 31 March 2021 inclusive and the subsequent sale of certain business and assets which included the transfers of around 2,290 employees under TUPE (Transfer of Undertakings Protection of Employment Regulations) significantly reduced the original worst case scenario cost of potentially up to £4m in this regard.

As previously advised, the Company continued to migrate the retained employees to the Purchaser during the period up to 31 March 2022 as the property portfolio under the Option Agreement continued to be transferred to AGPL as each option was taken up. Around 3,000 jobs in total have been preserved as a consequence of the sale and from the subsequent Option Agreement put in place.

Upon expiry of the Option Agreement, as described above, the final 290 remaining employees of the Company were transferred under TUPE to the Purchaser with effect from 1 April 2022.

The last claims from redundant employees were processed by the Redundancy Payments Office ("RPO") during the previous period and the final agreed preferential claims were notified to the Administrators.

A total of 1,260 claims were received and processed by the Administrators' staff; the agreed preferential aspect of these claims totalled £842.5k and a 100p in the £ / full distribution was paid to qualifying former employees and the RPO on 15 November 2022.

The Administrators had previously collated and completed a pensions claim on behalf of the Company employees for unpaid contributions prior to our appointment in the sum of around £128k; this sum was paid direct to Legal & General for allocation to the individual claimants pension funds.

The final agreed preferential claims received from the separate departmental jurisdictions for Northern Ireland and Eire were paid in full during previous periods.

The redundant employees may still have residual unsecured claims outstanding and these will be dealt with in keeping with that class of creditor, outlined below.

#### **Outcome for the unsecured creditors**

The Company's statement of affairs as at 19 November 2020 reflected unsecured creditors in the region of  $\pounds 70\text{m}$ .

It is estimated that, subject to costs, a dividend will be available to unsecured creditors in due course from funds available under the prescribed part only.

### 2. Estimated Outcome for the creditors

## FRP

#### **Prescribed Part**

The prescribed part is a carve out of funds available to the holder of a floating charge which is set aside for the unsecured creditors in accordance with section 176A of the Insolvency Act 1986.

The prescribed part only applies where the floating charge was created after 15 September 2003 and the net property available to the floating charge holder exceeds £10,000 and the cost of making a distribution to unsecured creditors would not be disproportionate to the benefits.

The prescribed part, in relation to the Company, is subject to a maximum of £600,000.

Based on the current receipts and payments account, the prescribed part is anticipated to be the maximum amount of £600,000 calculated on the net property estimated to be around £40m.

The prescribed part is available for all unsecured creditors and where there are only sufficient funds to enable a dividend to be paid to unsecured creditors from the prescribed part, this will be paid by the Administrators.

The Company historically operated from a significant leasehold estate of up to 500 sites which continue to be assigned or surrendered. Several of the landlords will likely have significant unsecured creditor liabilities in addition to the value reported above and it will therefore not be possible to calculate the final unsecured creditor claims or the quantum of any dividend under the prescribed part until these leases have all been completed upon and/or surrendered.

Thereafter, work will be commenced on reviewing and agreeing the substantial number of unsecured creditors' claims in this matter, currently numbering over 2,500 creditors.

Subject to the quantum of claim received versus the value of funds available then the Administrators may need to seek directions from the court regards the application of the prescribed part.

### 3. Administrators' remuneration, disbursements, expenses and pre-appointment costs

#### Administrators' remuneration

The approved Proposals set out that the Administrators' remuneration should be calculated on a time cost basis.

At the end of the last period, the Administrators requested approval for the balance of fees and outlays outstanding to 18 May 2023 and a resolution by the secured and preferential creditors was agreed to draw the final period fees and outlays in the sum of up to £314,366.25 plus VAT and £30.15 plus VAT respectively. The agreed sums were drawn on 16 June 2023.

The Administrators are now requesting approval for a Period fee of £151,151.50 plus VAT and outlays of £315.76 plus VAT which covers the Period. Following approval by the secured and preferential creditors, the agreed balances will be drawn from the estate.

A breakdown of our time costs incurred during the Period is attached at **Appendix D**. Matters dealt with during the assignment are dealt with by different members of staff depending on the level of complexity and the experience required. Time is charged to the case in maximum units of six minutes. Charge-out rates are based on individual expertise, qualification and grade. The costs of the firm's support staff are not directly charged to the estate unless dealing with directly identifiable case specific matters.

Charge out rates are reviewed at least annually. Details of FRP's charge out rates are included at  $\bf Appendix\ D.$ 

You will see from the breakdown of my time costs attached that time costs incurred in respect of trading associated aspects total £30,222 for the Period.

#### Administrators' disbursements

The Administrators' disbursements are a recharge of actual costs incurred by the Administrators on behalf of the Company.

Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP at the HMRC approved mileage rate prevailing at the time the mileage was incurred. Details of disbursements incurred during the period of this report are set out in **Appendix D.** 

#### Administrators' expenses

When instructing third parties to provide specialist advice and services, or having the specialist services provided by the firm, the Administrators are obligated to ensure that such advice or work is warranted and that the advice or work contracted reflects the best value and service for the work being undertaken.

This is reviewed by the Administrators periodically throughout the duration of the assignment. The specialists chosen may regularly be used by the Administrators and usually have knowledge specific to the insolvency industry and, where relevant, to matters specific to this insolvency appointment.

#### Administrators' pre-appointment costs

The secured and preferential creditors passed a resolution in March 2021 authorising the Administrators to settle the pre-appointment costs incurred by their solicitors and chattel agents in the combined total of £125,601.46 plus VAT.

These costs have been paid in full from the estate, as shown in the receipts and payments account appended to the progress report.

The Administrators' pre-appointment fees were settled prior to the appointment date with any unpaid fees being subsequently waived by consent.

#### Schedule of works

The table below sets out a detailed summary of the work undertaken by the office holder to date and details of the work it is anticipated will be undertaken by the office holder throughout the duration of this assignment. Details of assumptions made in compiling this table are set out below. The fee basis for the different categories or work are set out in this table together with an estimate of the estimated fee for each category of work where this can be estimated.

Where the fee basis proposed is time costs, further details of the estimated time costs to be incurred are set out in the fee estimate accompanying this schedule.

Where work undertaken results in the realisation of funds (from the sale of assets; enhanced recoveries and potentially a reduction in creditor claims if the business has continued to trade and/or is sold following appointment; recoveries from successful actions taken against third parties), there may be a financial benefit to creditors should there be sufficient funds available to make a distribution to one or more class of creditor. In this case, work undertaken will include the scrutiny and agreement of creditor claims

A proportion of the work undertaken by an Insolvency Practitioner is required by statute, including ensuring the appointment is valid, notifications of the appointment to third parties, regular reporting on the progress, notifying statutory bodies where required in relation to the conduct of the directors, complying with relevant legislation and regulatory matters. This may not have a direct financial benefit to creditors but is there to protect creditors and other stakeholders and ensuring they are kept informed of developments.

#### GENERAL ASSUMPTIONS IN COMPILING THIS SCHEDULE OF WORK

- The records received are complete and up to date
- There are no matters to investigate or pursue
- The work that may be undertaken by any subsequently appointed Liquidator has been excluded as at this stage
- No financial irregularities are identified
- A committee of creditors is not appointed
- There are no exceptional queries from stakeholders
- Full co-operation of the directors and other relevant parties is received as required by legislation
- There are no health and safety or environmental issues to be dealt with
- The case will be closed within four years from appointment

#### 6 CREDITORS

#### Work undertaken to date

#### **Secured Creditor**

The secured creditor was The Edinburgh Woollen Mill (Group) Limited after it took an assignment of the bond and floating charge on 1 October 2020 which was originally granted to Barclays Bank plc on 11 March 2019.

The value of the security was approximately £140m on appointment and was guaranteed by other companies in the group, including but not limited to EWM, Duvetco Limited, Peacocks Stores Limited and Jaeger Retail Limited.

Following an assignment of the secured debt from The Edinburgh Woollen Mill (Group) Limited to Banbury Street Limited ("BSL") dated 20 August 2021, BSL is now the lender, agent, and security agent in respect of the Company's (and other companies to which this arrangement applies) original facilities of £140m.

There will likely be a substantial shortfall to the secured creditor in respect of its lending based on recoveries from the Company alone.

Our solicitors, Osborne Clarke, reviewed and confirmed the validity of the secured creditor's security.

Before making any payment to a floating charge creditor, the Administrators must first set aside a ring fenced fund, the Prescribed Part, for the benefit of unsecured creditors.

#### **CREDITORS**

#### Future work to be undertaken

#### **Secured Creditor**

To continue to provide updates on the progress of the Administration to the secured creditor.

#### **Preferential Creditors**

This class of creditor has been paid in full so no further works are anticipated.

#### **Unsecured Creditors**

To continue to liaise with and provide reports and oral updates to the unsecured creditors.

To deal with ongoing enquiries as received.

To continue to review claims received.

To continue to assist in the novation, assignment or transfer of any remaining third-party agreements for the benefit of the new business or to cancel the same and return assets to their rightful owners.

If sufficient funds are available to make a distribution to the unsecured creditors, the Administrators will write to all known creditors to notify of the possibility of a distribution and requested submission of claims, likely to be under the prescribed part only.

### Schedule of works

#### **Preferential Creditors**

Preferential creditors include arrears of wages and holiday pay for employees and any outstanding employee pension contributions which have been deducted but not paid over to the pension scheme.

Claims for the redundant employees have been processed throughout the Period and a claim on behalf of the pension scheme was progressed to a conclusion previously with the balancing funds received by Legal & General, the pension provider.

A dividend of 100p in the £ was agreed and paid in February '22 against the preferential claims arising in the jurisdictions of Northern Ireland and Eire upon completion and submission of their respective final claims.

The final preferential claims in England , Scotland and Wales were agreed and notified by the Redundancy Payments Office and were settled in full on 15 November 2022.

#### **Unsecured Creditors**

All known creditors & suppliers were notified of the appointment and to provide statement of claim forms to enable claims to be lodged.

To update all creditor records throughout the Period to reflect any variances to the records provided by the Company upon appointment.

As required the Administrators will adjudicate on claims if there are sufficient funds to make a distribution, either agreeing or rejecting, in full or in part. There is a statutory time limit to enable creditors whose claims have been rejected to appeal, once this time limit has passed the office holder will make a distribution to creditors, under the prescribed part only.

To continue to update creditor records and claims as received from time to time.

All other works necessary to ensure all creditors are informed of developments on an ongoing basis whenever practical.

## Schedule of works
