### **NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 SEPTEMBER 2012**

#### **1. ACCOUNTING POLICIES**

##### **1.1 Basis of preparation of financial statements**

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention as modified by the revaluation of land and buildings and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The company has net current liabilities of £141,969 (2011 - £236,680) and is reliant on the support of its bankers and certain other creditors. The directors have confirmed this support is in place and additionally have prepared cashflow projections for at least the next 12 months which show that the company will be cash generative and able to meet its liabilities as they fall due.

The directors have therefore prepared the financial statements on the going concern basis. The financial statements do not include any adjustments that would result from the withdrawal of this support.

##### **1.2 Turnover**

Turnover comprises revenue recognised by the company in respect of goods and services supplied, exclusive of Value Added Tax and trade discounts. Turnover includes rental income that is recognised over the period of agreement on a straight line basis.

##### **1.3 Tangible fixed assets and depreciation**

Individual freehold and leasehold properties are carried at market value. A full valuation is obtained from a qualified valuer for each property every five years, with an interim valuation three years after the previous full valuation, and in any year where it is likely that there has been a material change in value.

Revaluation gains and losses are recognised in the statement of total recognised gains and losses unless losses exceed the previously recognised gains or reflect a clear consumption of economic benefits, in which case the losses are recognised in the profit and loss account.

Freehold property is not depreciated because, in the opinion of the directors, after taking into account its projected residual value, any depreciable element and corresponding charge is immaterial. Other fixed assets are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Property improvements	-	2-20% straight line
Fixtures & fittings	-	16.67% straight line
Office equipment	-	20% straight line
Computer equipment	-	33% straight line

##### **1.4 Stocks**

Stocks are valued at the lower of cost and net realisable value. Net realisable value is based on estimated selling price.

### NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 SEPTEMBER 2012

#### 1. ACCOUNTING POLICIES (continued)

##### 1.5 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

Deferred tax is not provided on timing differences arising from the revaluation of fixed assets in the financial statements.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.

##### 1.6 Pensions

The company contributes to personal pension plans of the directors.
