Notes to the Financial Statements  
for the Year Ended 31 December 2018

1. **STATUTORY INFORMATION**

Easyways Limited is a private company, limited by shares, domiciled in Scotland, registration number SC294464. The registered office is Haypark, Marchmont Avenue, Polmont, Falkirk, FK2 0NZ.

2. **ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

**Turnover**

Turnover represents net invoiced sales of services in respect of providing organised tour guides, including value added tax. Sales are recognised at the point at which the service is complete.

**Tangible fixed assets and depreciation**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery	- 20% on reducing balance
Office furniture	- 25% on reducing balance
Computer equipment	- 25% on reducing balance

Tangible fixed assets are stated at cost less depreciation. Cost represents purchase price together with any incidental costs of acquisition.

The directors have considered the residual value of all tangible fixed assets to be immaterial and therefore all tangible fixed assets are depreciated to nil value.

**Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

**Hire purchase and leasing commitments**

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

**Pension costs and other post-retirement benefits**

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

Notes to the Financial Statements - continued  
for the Year Ended 31 December 2018

2. **ACCOUNTING POLICIES - continued**

**Provisions**

Provisions are recognised when the company has a legal or constructive obligation as a result of a past event, it is probable that an outflow of resources will be required to settle the obligation, and the amount has been reliably estimated. Provisions are not recognised for future operating losses. Provisions are discounted where the time value of money is material.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.
