## Strategic Report

The directors present their strategic report together with the financial statements for the year ended 31 March 2019.

### Principal activity

The principal activity of the Group is the development and selling of private residential housing.

### Review of the Company

#### *Operating review and key performance indicators*

The key performance indicators measured by the Group include the following:

- As shown in the Group's consolidated profit and loss account on page 7, turnover has decreased during the year to £8.6 million (2018: £19.2 million). Profit before tax has also decreased to £1.0 million (2018: £4.3 million). This reduction in turnover and profit related to the stage of development of the Group's housing sites.
- Following a period of successful trading, an interim dividend of £4,792,000 (2018: £Nil) was paid resulting in the Group's net asset value decreasing to £2.2 million (2018: £6.2 million). The Group continues to maintain a stable platform for future activity.

#### *Principal Risks and Uncertainties*

The principal risks and uncertainties affecting the Group arise from its participation in the house building sector and comprise:

- Economic factors affecting demand in the housing market;
- Planning and other statutory consent processes;
- Impact of the UK's exit from the European Union.

The directors regularly consider these main risks and plan future strategy with a view to mitigating their potential impact. The Group's future development programme based on consented land is regularly reviewed, as is the ongoing housing market, along with the economic environment and medium term economic outlook.

#### *Outlook*

The directors believe that the Group is well placed to benefit from the current market conditions due to the wide variety of projects secured and being developed. The Group's exposure to future downside risk is minimised through the implementation of innovative deal structures and partnering relationships with co-developers and land owners.

## Directors' Report

### Dividends

Dividends paid during the year comprise an interim dividend of £4,792,000 (2018: £Nil) in respect of the year ended 31 March 2019. The directors do not propose the payment of a final dividend (2018: £Nil).

### Directors

The directors who served during the year and to the date of this report were as follows:

SG Simpson  
KD Reid  
NAG Waugh  
D Peck

### Financial Instruments

Details of the Company's financial instruments are given in notes 10, 11, 12, 13 and 14 to the financial statements

### Political contributions

Neither the Company nor any of its subsidiaries made any political donations or incurred any political expenditure during the year (2018: £Nil).

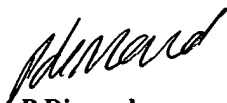

### Disclosure of information to auditor

The directors who held office at the date of approval of this directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditor is unaware; and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

### Auditor

Pursuant to Section 487 of the Companies Act 2006, the auditor will be deemed to be reappointed and KPMG LLP will therefore continue in office.

Signed by order of the Board

## **Statement of Directors' Responsibilities in Respect of the Strategic Report, the Directors' Report and the Financial Statements**

*Year Ended 31 March 2019*

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the Group and parent company financial statements in accordance with UK accounting standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Group and parent company and of their profit or loss for that period. In preparing each of the Group and parent company financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the Group and parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the Group or the parent company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the parent company's transactions and disclose with reasonable accuracy at any time the financial position of the parent company and enable them to ensure that its financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Group and to prevent and detect fraud and other irregularities.

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF QUEENSBERRY PROPERTIES LIMITED

## Opinion

We have audited the financial statements of Queensberry Properties Limited ("the company") for the year ended 31 March 2019 which comprise the Consolidated Profit and Loss Account and Other Comprehensive Income, the Consolidated Balance Sheet, the Company Balance Sheet, the Consolidated Cash Flow Statement and related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view of the state of the group's and of the parent company's affairs as at 31 March 2019 and of the group's profit for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

## Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the group in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

### The impact of uncertainties due to the UK exiting the European Union on our audit

Uncertainties related to the effects of Brexit are relevant to understanding our audit of the financial statements. All audits assess and challenge the reasonableness of estimates made by the directors, related disclosures and the appropriateness of the going concern basis of preparation of the financial statements. All of these depend on assessments of the future economic environment and the group's future prospects and performance.

Brexit is one of the most significant economic events for the UK, and at the date of this report its effects are subject to unprecedented levels of uncertainty of outcomes, with the full range of possible effects unknown. We applied a standardised firm-wide approach in response to that uncertainty when assessing the group's future prospects and performance. However, no audit should be expected to predict the unknowable factors or all possible future implications for a company and this is particularly the case in relation to Brexit.

## Going concern

The directors have prepared the financial statements on the going concern basis as they do not intend to liquidate the group or the company or to cease their operations, and as they have concluded that the group and the company's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over their ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

We are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least a year from the date of approval of the financial statements. In our evaluation of the directors' conclusions, we considered the inherent risks to the group's business model, including the impact of Brexit, and analysed how those risks might affect the group and company's financial resources or ability to continue operations over the going concern period. We have nothing to report in these respects.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the absence of reference to a material uncertainty in this auditor's report is not a guarantee that the group or the company will continue in operation.

## Strategic report and directors' report

The directors are responsible for the strategic report and the directors' reports. Our opinion on the financial statements does not cover those reports and we do not express an audit opinion thereon.

Our responsibility is to read the strategic report and the directors' report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

## **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF QUEENSBERRY PROPERTIES LIMITED (continued)**

- we have not identified material misstatements in the strategic report and the directors' report;
- in our opinion the information given in those reports for the financial year is consistent with the financial statements; and
- in our opinion those reports have been prepared in accordance with the Companies Act 2006.

### **Matters on which we are required to report by exception**

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to take advantage of the small companies exemption from the requirement to prepare a strategic report.

We have nothing to report in these respects.

### **Directors' responsibilities**

As explained more fully in their statement set out on page 4, the directors are responsible for: the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

### **Auditor's responsibilities**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities)

### **The purpose of our audit work and to whom we owe our responsibilities**

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

## Notes

*(forming part of the financial statements)*

### 1 Accounting policies

Queensberry Properties Limited (the “Company”) is a private company limited by shares and is incorporated, domiciled and registered in the UK.

These Group and parent company financial statements were prepared in accordance with Financial Reporting Standard 102 *The Financial Reporting Standard* applicable in the UK and Republic of Ireland (“FRS 102”) as issued in August 2014. The amendments to FRS102 issued in July 2015 and effective immediately have been applied. The presentation currency of these financial statements is sterling.

The parent company is included in the consolidated financial statements, and is considered to be a qualifying entity under FRS 102 paragraphs 1.8 to 1.12. The following exemptions available under FRS 102 in respect of certain disclosures for the parent company financial statements have been applied:

- The reconciliation of the number of shares outstanding from the beginning to the end of the period;
- No separate parent company Cash Flow Statement with related notes is included;
- Key Management Personnel compensation; and
- The disclosures required by FRS 102.11 Basic Financial Instruments and FRS 102.12 Other Financial Instrument Issues in respect of financial instruments not falling within the fair value accounting rules of Paragraph 36(4) of Schedule 1.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

Judgements made by the directors, in the application of these accounting policies that have significant effect on the financial statements and estimates with a significant risk of material adjustment in the next year are discussed in note 18.

#### 1.1 Measurement convention

The financial statements are prepared on the historical cost basis except that the following assets and liabilities are stated at their fair value: financial instruments classified at fair value through the profit or loss.

#### 1.2 Going concern

The Group’s business activities, together with the factors likely to affect its future development, performance and position are set out in the Strategic Report on page 2.

The directors have considered the cash position of the Group for the period for at least twelve months from the date of signing these accounts. The cash flow forecasts show that the Group can operate within its available funds for the foreseeable future. Thus, the directors continue to adopt the going concern basis of accounting in preparing the annual financial statements.

#### 1.3 Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiary undertakings made up to 31 March 2019. A subsidiary is an entity that is controlled by the parent. The results of subsidiary undertakings are included in the consolidated profit and loss account from the date that control commences until the date that control ceases. Control is established when the Company has the power to govern the operating and financial policies of an entity so as to obtain benefits from its activities. In assessing control, the Group takes into consideration potential voting rights that are currently exercisable.

Under Section 408 of the Companies Act 2006 the Company is exempt from the requirement to present its own profit and loss account.

In the parent financial statements, investments in subsidiaries, jointly controlled entities and associates are carried at cost less impairment.

## Notes (continued)

### 1 Accounting policies (continued)

#### 1.4 Basic financial instruments

##### *Trade and other debtors / creditors*

Trade and other debtors are recognised initially at transaction price less attributable transaction costs. Trade and other creditors are recognised initially at transaction price plus attributable transaction costs. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses in the case of trade debtors. If the arrangement constitutes a financing transaction, for example if payment is deferred beyond normal business terms, then it is measured at the present value of future payments discounted at a market rate of instrument for a similar debt instrument.

##### *Interest-bearing borrowings classified as basic financial instruments*

Interest-bearing borrowings are recognised initially at the present value of future payments discounted at a market rate of interest. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost using the effective interest method, less any impairment losses.

##### *Cash and cash equivalents*

Cash and cash equivalents comprise cash balances and call deposits. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalents for the purpose only of the cash flow statement.

##### *Investments in subsidiaries, jointly controlled entities and associates*

These are separate financial statements of the Company. Investments in subsidiaries, jointly controlled entities and associates are carried at cost less impairment.

#### 1.5 Land and property development (work in progress)

Land and property development costs are included in the financial statements at the lower of cost and net realisable value. No profit is taken in respect of properties sold until settlement has been achieved.

#### 1.6 Construction contract debtors

Construction contract debtors represent the gross unbilled amount for contract work performed to date. They are measured at cost plus profit recognised to date (see the turnover accounting policy) less a provision for foreseeable losses and less progress billings. Variations are included in contract revenue when they are reliably measurable and it is probable that the customer will approve the variation itself and the revenue arising from the variation. Claims are included in contract revenue only when they are reliably measurable and negotiations have reached an advanced stage such that it is probable that the customer will accept the claim. Cost includes all expenditure related directly to specific projects and an allocation of fixed and variable overheads incurred in the entity's contract activities based on normal operating capacity.

Construction contract debtors are presented as part of debtors in the balance sheet. If payments received from customers exceed the income recognised, then the difference is presented as accruals and deferred income in the balance sheet.

#### 1.7 Impairment excluding stocks

##### *Financial assets (including trade and other debtors)*

A financial asset not carried at fair value through profit or loss is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. For financial instruments measured at cost less impairment an impairment is calculated as the difference between its carrying amount and the best estimate of the amount that the Company would receive for the asset if it were to be sold at the reporting date. Interest on the impaired asset continues to be recognised through the unwinding of the discount. Impairment losses are recognised in profit or loss. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through profit or loss.

## Notes (continued)

### 1 Accounting policies (continued)

#### 1.7 Impairment excluding stocks (continued)

##### *Non-financial assets*

The carrying amounts of the entity's non-financial assets, other than stocks and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss is recognised if the carrying amount of an asset exceeds its estimated recoverable amount. Impairment losses are recognised in profit or loss.

An impairment loss is reversed if and only if the reasons for the impairment have ceased to apply.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

#### 1.8 Turnover

Turnover comprises settlement income from residential properties and land which is recognised on legal completion.

#### 1.9 Expenses

##### *Interest receivable and Interest payable*

Interest payable and similar charges include interest payable and finance leases recognised in profit or loss using the effective interest method, unwinding of the discount on provisions. Borrowing costs are expensed as incurred, or, for those that are directly attributable to the acquisition, construction or production of an asset that takes a substantial time to be prepared for use, are capitalised as part of the cost of that asset.

Other interest receivable and similar income include interest receivable on funds invested.

Interest income and interest payable are recognised in profit or loss as they accrue, using the effective interest method.

Dividend income is recognised in the profit and loss account on the date the entity's right to receive payments is established.

#### 1.10 Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on timing differences which arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements. The following timing differences are not provided for: differences between accumulated depreciation and tax allowances for the cost of a fixed asset if and when all conditions for retaining the tax allowances have been met; to the extent that it is not probable that they will reverse in the foreseeable future and the reporting entity is able to control the reversal of the timing difference. Deferred tax is not recognised on permanent differences arising because certain types of income or expense are non-taxable or are disallowable for tax or because certain tax charges or allowances are greater or smaller than the corresponding income or expense.

Deferred tax is measured at the tax rate that is expected to apply to the reversal of the related difference, using tax rates enacted or substantively enacted at the balance sheet date. Deferred tax balances are not discounted.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

## Notes (continued)

### 1.11 Classification of financial instruments issued by the Company

In accordance with FRS 102.22, financial instruments issued by the Company are treated as equity only to the extent that they meet the following two conditions:

- they include no contractual obligations upon the Company to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the Company; and
- where the instrument will or may be settled in the Company's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the Company's own equity instruments or is a derivative that will be settled by the Company's exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments.

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the Company's own shares, the amounts presented in these financial statements for called up share capital and share premium account exclude amounts in relation to those shares.

### 1.12 Investments

Investments in subsidiary undertakings are stated at cost.

## 2 Turnover

Turnover comprises settlement income from the sale of residential properties and land. All turnover originates in the United Kingdom.

## 3 Expenses and auditor's remuneration

*Included in profit are the following:*

*Auditor's remuneration:*

	2019 £	2018 £
Audit of these financial statements	4,100	4,500
Audit of financial statements of subsidiaries of the Company	7,625	5,800
Taxation compliance services	5,760	4,195
	<u>17,485</u>	<u>14,495</u>

## 4 Staff numbers and costs

The Company has no employees other than its directors. No directors' remuneration was paid during the year (2018: £Nil).

## 5 Interest receivable and similar income

	2019 £	2018 £
Bank interest receivable	508	271
	<u>508</u>	<u>271</u>

## Notes (continued)

### 6 Interest payable and similar expenses

	2019 £	2018 £
On bank loans	92,017	89,334
On shareholders' loans	(22,278)	101,426
Related party loan	10,911	6,467

## 14 Interest-bearing loans and borrowings

This note provides information about the contractual terms of the Group's and Company's interest-bearing loans and borrowings, which are measured at amortised cost.

Company	Currency	Nominal interest rate	Year of maturity	Repayment schedule	2019	2018
					£	£
Queensberry Properties (Peebles) Ltd	GBP	3.25% above LIBOR	2018	In line with development	-	2,201,698
Queensberry Properties (New Waverley) Ltd	GBP	6.5%	2021	In line with development	3,495,605	-
					3,495,605	2,201,698

The bank facility in respect of the Queensberry Properties (Peebles) Limited development was repaid during May 2018. The bank loan was secured by way of a standard security over property.

The bank facility in respect of the Queensberry Properties (New Waverley) Limited development is secured by way of a standard security over property.

## 15 Called up share capital

	2019	2018
	£	£
<i>Issued and fully paid:</i>		
50 'A' ordinary shares of £1 each	50	50
50 'B' ordinary shares of £1 each	50	50
	100	100

The A and B shares rank pari-pasu in all respects. The holders of ordinary shares are entitled to receive dividends, as declared from time to time, and are entitled to one vote per share at meetings of the Company.

## Notes (continued)

### 16 Related party disclosures

The Group is jointly owned by Cruden Homes (East) Limited and Tarras Park Properties Limited.

Loans advanced to the Group during the year from Cruden Homes (East) Limited were £3,651,072 (2018: £2,333,612) and from Tarras Park Properties Limited were £3,672,435 (2018: £2,311,902). At the year end, Cruden Homes (East) Limited was due £2,729,840 (2018: £189,945) and Tarras Park Properties Limited was due £2,729,874 (2018: £168,147) in respect of these loans. Cruden Homes (East) Limited and Tarras Park Properties Limited have charged and reversed interest on these loans during the year with a net debit totalling £11,417 (2018: £50,734) and £10,861 (2018: £50,692) respectively. At the year-end accrued interest of £98,656 (2018: £187,345) was due to Cruden Homes (East) Limited and £99,156 (2018: £187,257) was due to Tarras Park Properties Limited. All outstanding balances are included within amounts owed to shareholders.

At the year end the Company owes £895,014 (2018: £709,584) to Cruden Homes (East) Limited in respect of construction work and project management fees and £40,645 (2018: £8,069) to Buccleuch Property Investment Managers Limited for a project management fee. During the year £1,641,817 (2018: £7,399,144) of construction expenditure and project management fees was recognised in respect of construction work completed on contracts with Cruden Homes (East) Limited.

### 17 Parties with significant control

Cruden Homes (East) limited, a 50% shareholder, is ultimately owned by Cruden Holdings Limited, incorporated in Scotland, whose financial statements are available to the public and may be obtained from Baberton House, Juniper Green, Edinburgh EH14 3HN.

Tarras Park Properties Limited, a 50% shareholder, is ultimately owned by The MDS Estates Limited, incorporated in England, whose financial statements are available to the public and may be obtained from the Company Secretary, Buccleuch Property Estate Office, Weekley, Kettering, Northamptonshire, NN16 9UP.

### 18 Accounting estimates and judgements

#### *Key sources of estimation uncertainty*

The Group makes estimates and assumptions concerning the future. The resulting estimate will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are outlined below.

#### *Carrying value of land and property for development*

Inventories of land and development work in progress are stated at the lower of cost or net realisable value. The Group allocates site wide development costs such as infrastructure between units being built and/ or completed in the current year and those in future years. This estimate is reflected in the margin recognised on developments and in the carrying value of land and work in progress. Whilst there is a degree of uncertainty in making this estimate, reviews are carried out monthly on the carrying value of stock.

#### *Carrying value of shared equity*

The Group operates a shared equity scheme to assist prospective homeowners with their house purchase. The loans are held at the present value of expected future cash flows taking into account the a number of factors, including the expected market value of the property at the time of the loan repayment, the likely date of repayments and the default rates. Accordingly there are a number of uncertainties which could impact the carrying value.
