The director considers that the company is entitled to exemption from the requirement to have an audit under the provisions of section 477(1) of the Companies Act 2006. Shareholders holding 10% or more of the nominal value of the company's issued share capital have not issued a notice requiring an audit under section 476 of the Companies Act 2006. The director acknowledges the responsibilities for ensuring that the company keeps accounting records which comply with section 386 and section 387 of the Companies Act 2006, and for preparing accounts which give a true and fair view of the state of affairs of the company as at the period end and of its profit or loss for the period then ended in accordance with the requirements of section 396, and which otherwise comply with the requirements of the Act relating to the Accounts so far as applicable to the company.

These abbreviated accounts have been prepared in accordance with the special provisions relating to companies subject to the small companies regime within Part 15 of the Companies Act 2006.

They were approved by the board on 31 March 2014

MORTGAGE HELP SCOTLAND LIMITED
NOTES TO THE ABBREVIATED ACCOUNTS - 30 SEPTEMBER 2013

1. ACCOUNTING POLICIES

Basis of preparation of financial statements

The financial statements are prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The company is dependent on the financial support of its director to remain in business.

Turnover

Turnover comprises the invoice value of goods and services supplied by the company, net of Value Added Tax and trade discounts.

Revenue recognition

The company recognises revenue to the extent that it has fulfilled its contractual obligations to its customers through the supply of goods and services.

Depreciation of tangible fixed assets

Tangible fixed assets are stated at cost less depreciation. The cost of tangible fixed assets, less any residual value, is written off over their expected useful lives as follows:

	Principal annual rate
Plant & machinery	20% per annum straight line basis

Deferred taxation

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the director considers it is more likely than not that there will be suitable tax profits from which the future reversal of the underlying timing differences can be deducted. Deferred taxation is measured on a non-discounted basis at the average tax rates that would apply when the timing differences are expected to reverse, based on tax rates and laws enacted or substantively enacted by the balance sheet date.

2. TURNOVER

The whole of the turnover and profit or (loss) before taxation is attributable to the provision of mortgage advice.
