**NOTES TO THE ABBREVIATED ACCOUNTS  
FOR THE YEAR ENDED 31 JULY 2013**

---

**1. ACCOUNTING POLICIES**

**Accounting convention**

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

**Turnover**

Turnover represents fees receivable.

**Goodwill**

Goodwill, being the amount paid in connection with the acquisition of a business in 2006, is being amortised evenly over its estimated useful life of ten years.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Equipment	- 25% on cost
Computer equipment	- 33% on cost

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

**Going concern**

At the balance sheet date, the company's liabilities exceeded its total assets by £30,647. In order to meet its day to day working capital requirements, the company requires the continuing support of its directors and creditors.

The financial statements have been prepared on a going concern basis which assumes that the company will continue in operational existence for the foreseeable future.

If the company was unable to continue in operational existence for the foreseeable future, adjustments would have to be made to reduce the balance sheet values of assets to their recoverable amounts, to provide for further liabilities that might arise.

The directors believe that it is appropriate for the financial statements to be prepared on a going concern basis.
