## Directors' Report

The directors of Capricorn Petroleum Limited ("the Company") present their Report & Financial Statements for the year ended 31 December 2020.

Consolidated Financial Statements are not produced for the Company and its wholly owned subsidiary, Capricorn Oil and Gas Tunisia GmbH, as provided under the exemption in section 400(1) of the Companies Act 2006.

The Company is a wholly-owned subsidiary of Capricorn Energy Limited. The results of the Company are consolidated into those of the ultimate parent company, Cairn Energy PLC, registered in Scotland, whose principal place of business is at 50 Lothian Road, Edinburgh, EH3 9BY.

The directors have considered the factors relevant to support a statement of going concern in assessing whether the going concern assumption is appropriate. The Company and wider Cairn Energy PLC group ("the Group") have performed additional sensitivity analysis. This includes scenarios forecasting a prolonged economic downturn as a result of COVID-19 and the demand-side impact forecast on oil prices together with supply-side risk as a result of increased production in the global oil market. These confirm that the Company can continue to operate as a going concern.

### Business Review

This report has been prepared in accordance with the special provisions relating to small companies within Part 15 of the Companies Act 2006 and therefore a Strategic Report has not been prepared.

The Company's principal activity is that of a holding company.

The Company currently holds an investment in Capricorn Oil and Gas Tunisia GmbH.

During the year the Company made a profit of US\$78,929 (2019: US\$18,060) mainly due to intercompany loan interest receivable in the year.

No dividend has been paid or declared in respect of the year ended 31 December 2020 (2019: US\$nil). As there were no movements in cash and cash equivalents during the year, or prior year, a Statement of Cash Flows has not been presented.

### Accounting Policies

The Company applies accounting policies in line with those of the Cairn Energy PLC group. Significant accounting policies of the Group are included within the Annual Report and Accounts of Cairn Energy PLC.

### Principal Risks and Uncertainties

The Company's principal risks and uncertainties derive from the Company's ability to liquidate its subsidiary without incurring further costs.

### Financial Instruments

For detail of the Company's financial risk management policy see note 8.

### Directors

The directors who held office during the year and up to the date of signing the Financial Statements were:

James Smith

Paul Mayland

Simon Thomson

The Company maintains qualifying third-party indemnity insurance on behalf of its directors.

# CAPRICORN PETROLEUM LIMITED

## Directors' Report (continued)

### Statement of directors' responsibilities

The directors are responsible for preparing the Directors' Report and the Financial Statements in accordance with applicable law and regulations.

Company law requires the directors to prepare Financial Statements for each financial year. Under that law the directors have prepared the Financial Statements in accordance with international accounting standards in conformity with the requirements of the Companies Act 2006. Under company law the directors must not approve the Financial Statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that year. In preparing these Financial Statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether for the Company, international accounting standards in conformity with the requirements of the Companies Act 2006 have been followed; and
- prepare the Financial Statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the Financial Statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

### Disclosure of Information to Auditors

The directors of the Company who held office as at the date of this report confirm that, as far as they are aware, there is no relevant audit information of which the Company's auditors are unaware. In making this confirmation, the directors have taken appropriate steps to make themselves aware of the relevant audit information and that the Company's auditors are aware of this information.

The auditors, PricewaterhouseCoopers LLP, indicated their willingness to continue in office and a resolution that they be re-appointed was passed at the annual general meeting.

### By Order of the Board

Anne McSherry  
Secretary  
50 Lothian Road

# **CAPRICORN PETROLEUM LIMITED**

## ***Independent auditors' report to the members of Capricorn Petroleum Limited*** **Report on the audit of the Financial Statements**

---

### **Opinion**

In our opinion, Capricorn Petroleum Limited's financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2020 and of its profit for the year then ended;
- have been properly prepared in accordance with international accounting standards in conformity with the requirements of the Companies Act 2006; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Report & Financial Statements (the "Annual Report"), which comprise: the balance sheet as at 31 December 2020; the income statement, the statement of comprehensive income, the statement of changes in equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

### **Separate opinion in relation to IFRSs as issued by the IASB**

As explained in note 1 to the financial statements, the company, in addition to applying international accounting standards in conformity with the requirements of the Companies Act 2006, has also applied international financial reporting standards (IFRSs) as issued by the International Accounting Standards Board (IASB).

In our opinion, the company financial statements have been properly prepared in accordance with IFRSs as issued by the IASB.

### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Independence**

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

---

### **Conclusions relating to going concern**

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the company's ability to continue as a going concern.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

### **Reporting on other information**

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

# CAPRICORN PETROLEUM LIMITED

## ***Independent auditors' report to the members of Capricorn Petroleum Limited (continued)***

With respect to the Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on our work undertaken in the course of the audit, the Companies Act 2006 requires us also to report certain opinions and matters as described below.

### *Directors' Report*

In our opinion, based on the work undertaken in the course of the audit, the information given in the Directors' Report for the year ended 31 December 2020 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Directors' Report.

### **Responsibilities for the Financial Statements and the audit**

#### *Responsibilities of the directors for the Financial Statements*

As explained more fully in the Statement of directors' responsibilities, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

#### *Auditors' responsibilities for the audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the company and industry, we identified that the principal risks of non-compliance with laws and regulations related to breaches of UK regulatory principles including tax legislation, and those of the jurisdictions in which the company operates, and we considered the extent to which non-compliance might have a material effect on the financial statements. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to areas of estimate in the financial statements and posting of inappropriate journal entries in order to improve reported performance. Audit procedures performed by the engagement team included:

- Discussion with management, internal audit, internal and external legal counsel, and individuals outside the finance function, including consideration of known or suspected instances of non-compliance with laws and regulations and fraud.
- Understanding management's controls designed to prevent and detect irregularities.
- Review of Board minutes and Internal Audit reports.
- Challenging assumptions and judgements made by management in its significant accounting estimates, particularly the carrying value of its receivables
- Identifying and testing journal entries, in particular, any journal entries posted by unexpected users, journals posted at unexpected times, journals reflecting unusual account combinations or journals with descriptions containing key unexpected words.

There are inherent limitations in the audit procedures described above. We are less likely to become aware of instances of non-compliance with laws and regulations that are not closely related to events and transactions reflected in the financial statements. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

# **CAPRICORN PETROLEUM LIMITED**

## ***Independent auditors' report to the members of Capricorn Petroleum Limited (continued)***

### *Use of this report*

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

---

### **Other required reporting**

---

#### **Companies Act 2006 exception reporting**

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not obtained all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of directors' remuneration specified by law are not made; or
- the Financial Statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

---

### **Entitlement to exemptions**

Under the Companies Act 2006 we are required to report to you if, in our opinion, the directors were not entitled to: take advantage of the small companies exemption from preparing a strategic report. We have no exceptions to report arising from this responsibility.

## Notes to the Financial Statements (continued)

### 1 Accounting Policies

#### a) Basis of preparation

The Financial Statements of Capricorn Petroleum Limited ("the Company") for the year ended 31 December 2020 were authorised for issue in accordance with a resolution of the directors on 18 June 2021. The Company is a private company limited by shares incorporated in Scotland and domiciled in the United Kingdom. The registered office is located at 50 Lothian Road, Edinburgh, EH3 9BY, Scotland.

The Company prepares its Financial Statements on a historical cost basis applied consistently throughout the year. Where there are assets and liabilities calculated on a different basis, this fact is disclosed in the relevant accounting policy. As there were no movements in cash and cash equivalents during the year, or prior year, a Statement of Cash Flows has not been presented. The Financial Statements have been prepared in accordance with International Accounting Standards in conformity with the requirements of the Companies Act 2006. The accounting policies adopted during the year are consistent with those adopted by the ultimate parent company, Cairn Energy PLC.

The Company's business activities, together with the factors likely to affect its future development, performance and position are set out in the Business Review on page 2. The financial position of the Company is presented in the Financial Statements and supporting notes. In addition, note 8 to the Financial Statements includes the Company's objectives, policies and processes for managing its capital; its financial risk management objectives; details of its financial instruments and its exposures to liquidity risk.

The Company has sufficient financial resources with which the directors believe that the Company is well placed to manage its business risks successfully. The directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the Financial Statements.

#### b) Accounting standards

The Company prepares its Financial Statements in accordance with applicable International Financial Reporting Standards ("IFRS"), issued by the International Accounting Standards Board ("IASB") and interpretations issued by the IFRS Interpretations Committee ("IFRS IC") in conformity with the requirements of the Companies Act 2006. The Company's Financial Statements are also consistent with IFRS as issued by the IASB as they apply to accounting periods ended 31 December 2020.

Effective 1 January 2020, the Company has adopted the following amendments to standards:

- Amendments to IAS 1 "Presentation of Financial Statements" and IAS 8 "Accounting Policies";
- Amendments to IFRS 3 "Business Combinations";
- Amendments to IFRS 9 "Financial Instruments", IAS 39 "Financial Instruments: Recognition and Measurement" and IFRS 7 "Financial Instruments: Disclosures"; and
- Revised Conceptual Framework for Financial Reporting.

The adoption of the amendments above has had no material impact on the Company results or Financial Statement disclosures.

There are no new standards or amendments, issued by the IASB and endorsed under the Companies Act, that have yet to be adopted by the Company that will materially impact the Company's Financial Statements.

# CAPRICORN PETROLEUM LIMITED

## Notes to the Financial Statements (continued)

### 1 Accounting Policies (continued)

#### c) **Investments**

The Company's investment in its subsidiary is carried at cost less provisions resulting from impairment. In testing for impairment the carrying value of the investment is compared to its recoverable amount, being its fair value less costs of disposal.

#### d) **Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets are categorised as financial assets held at fair value through profit or loss, financial assets at fair value through other comprehensive income or financial assets subsequently measured at amortised cost. The Company holds financial assets which are classified as financial asset at fair value through profit and loss.

Financial liabilities generally substantiate claims for repayment in cash or another financial asset. The Company holds no financial liabilities at the year end.

Financial instruments are generally recognised as soon as the Company becomes party to the contractual regulations of the financial instrument.

#### **Inter-company loan receivables**

Inter-company loan receivables that have fixed or determinable payments that are not quoted on an active market are initially measured at fair value and then subsequently at amortised cost using the effective interest method less any impairment.

An impairment loss allowance is recognised, where material, for expected credit losses on all financial assets held at the balance sheet date. Expected credit losses are the difference between the contractual cash flows due to the Company, and the discounted actual cash flows that are expected to be received. Where there has been no significant increase in credit risk since initial recognition, the loss allowance is equal to 12-month expected credit losses. Where the increase in credit risk is considered significant, lifetime credit losses are provided.

#### e) **Equity**

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs, allocated between share capital and share premium.

Capital contribution from the parent is recognised at the fair value of the debt forgiven by the parent company. At the reporting date, any debts due to or due from group companies are reviewed. Where the fair value of the assets in the underlying subsidiary supports the issue of equity shares to reduce intercompany balances, equity shares are issued to reduce the debt. However, if this is not the case, the debt is usually forgiven by the parent, and the amount is considered as capital contribution in the subsidiary.

# CAPRICORN PETROLEUM LIMITED

## Notes to the Financial Statements (continued)

### 1 Accounting Policies (continued)

#### f) Taxation

The total tax charge or credit represents the sum of current tax and deferred tax. The current tax is based on taxable profit or loss for the year. Taxable profit or loss differs from net profit or loss as reported in the Income Statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit or loss.

Deferred tax liabilities are recognised for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint operations where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets are recognised for deductible temporary differences that exist only where it is probable that taxable profits will be generated against which the carrying value of the deferred tax asset can be recovered.

A deferred tax asset or liability is not recognised if a temporary difference arises on initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

Current and deferred tax is calculated using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

### 2 Operating Result

#### Auditors' remuneration

The Company's auditors' remuneration of US\$2,311 (2019: US\$2,299) has been borne by the ultimate parent company, Cairn Energy PLC. Auditors' remuneration for other services is disclosed in the Financial Statements of Cairn Energy PLC.

The Company has a policy in place for the award of non-audit work to the auditors which requires approval by the Audit Committee of Cairn Energy PLC. No such costs were incurred by the Company during the year (2019: US\$nil).

#### Employees

This company has no employees (2019: none).

#### Remuneration of key management personnel and directors

The directors of the Company are also directors of other companies in the Group. There are no other key management personnel beyond the directors of the Company. The directors received emoluments for the year of US\$3.3m (2019: US\$3.1m), share-based payments of US\$0.6m and pension contributions of US\$0.2m (2019: US\$0.2m) all of which was paid by other companies in the Group. 389,169 LTIP share awards to directors vested during 2020 (2019: none). Share-based payments shown above represent the market value at the vesting date of these awards.

The directors do not believe that it is practicable to apportion this amount between their services as directors of the Company and their services as directors of Cairn Energy PLC and fellow subsidiary companies. There are no agreements between the Company and its Board of Directors.

### 3 Finance Income

	Year ended 31 December 2020 US\$	Year ended 31 December 2019 US\$
Interest receivable	78,660	23,715
Foreign exchange gain	269	339
	<b>78,929</b>	<b>24,054</b>

The interest receivable was generated on the intercompany loan receivable balance. Intercompany interest was charged at market rates from November 2019.

**CAPRICORN PETROLEUM LIMITED**  
**Notes to the Financial Statements (continued)**

**4 Taxation**

**Factors affecting tax charge for year**

A reconciliation of the income tax charge applicable to the profit before income tax at the applicable tax rate to the income tax charge at the Company's effective income tax rate is as follows:

	Year ended 31 December 2020 US\$	Year ended 31 December 2019 US\$
<b>Profit before taxation</b>	<b>78,929</b>	<b>18,060</b>
Tax at the standard rate of UK corporation tax of 19% (2019: 19%)	<b>14,997</b>	<b>3,431</b>
<b>Effects of:</b>		
Non-taxable income/non-deductible expenses	-	1,139
Tax losses claimed from other group companies	<b>(14,997)</b>	<b>(4,570)</b>
<b>Total tax charge</b>	<b>-</b>	<b>-</b>

**Factors that may affect future corporation tax charges**

The UK main rate of corporation tax is currently 19% (2019: 19%). There was no deferred tax asset or liability as at 31 December 2020 (2019: US\$nil) as there were no temporary differences as at the balance sheet date.

**5 Investment in subsidiary**

	Subsidiary undertakings US\$

**Capital Reserves**

This balance represents debts waived by parent companies which were credited to Capital Reserves.

# CAPRICORN PETROLEUM LIMITED

## Notes to the Financial Statements (continued)

### 8 Financial Risk Management: Objectives and Policies

The main risks arising from the Company's financial instruments is liquidity risk. The Board of Cairn Energy PLC, through the Treasury Sub-Committee, reviews and agrees policies for managing the risk and this is summarised below.

Cairn Energy PLC's Treasury function and Executive Team as appropriate are responsible for managing the risk in accordance with the policies set by the Board. Management of this risk is carried out by monitoring of cash flows, investment and funding requirements using a variety of techniques. These potential exposures are managed whilst ensuring that the Company has adequate liquidity at all times in order to meet their immediate cash requirements. There are no significant concentrations of risks unless otherwise stated. The Company does not enter into or trade financial instruments, including derivatives, for speculative purposes.

The primary financial assets of the Company comprise intra-group loans. The Company strategy is to finance its operations through group funding. Other alternatives such as equity issues and other forms of non-investment-grade debt finance are reviewed by the Board, when appropriate.

#### Liquidity risk

The Company closely monitors and manages its liquidity risk using both short and long-term cash flow projections, supplemented by debt and equity financing plans and active portfolio management. Cash forecasts are regularly produced and sensitivities run for different scenarios including, but not limited to, changes in asset production profiles and cost schedules. The Group's forecasts show that the Group will be able to operate within its current debt facilities and have financial headroom for the 12 months from the date of approval of the 2020 Financial Statements.

#### Capital Management

The objective of the Company's capital management structure is to ensure that there remains sufficient liquidity within the Company to meet its funding requirements. The Company monitors the long-term cash flow requirements of the business in order to assess the requirement for changes to the capital structure to meet that objective and to maintain flexibility. The Company is subject to quarterly forecast liquidity tests as part of the Reserve-Based Lending facility. The Company has complied with the capital requirements of this test at all times during the year.

The Company manages the capital structure and makes adjustments to it in light of changes to economic conditions. No significant changes were made in the objectives, policies or processes during the year ended 31 December 2020.

Company capital and net debt were made up as follows:

	At 31 December 2020 US\$	At 31 December 2019 US\$
Net debt	-	-
Equity	1,437,924	1,358,995
Capital and net debt	1,437,924	1,358,995
Gearing ratio	-	-
