Notes to the financial statements for the year ended 30 June 2022 (continued)

1. Accounting policies (continued)

Developments

Work in progress is valued at the lower of cost, including direct costs and directly attributable overheads, and net realisable value. Where a development is in progress, net realisable value is assessed by considering the expected future revenues and the total costs to complete the development including direct costs and directly attributable overheads. To the extent that the Company anticipates selling a development in its current state then net realisable value is taken as open market value at the balance sheet date less any anticipated selling costs.

Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost, using the effective interest method, less provision for impairment. A provision for impairment of trade receivables is established based on an expected credit loss model (general or simplified approach as detailed under impairment of financial assets). The amount of the loss is recognised in the income statement.

When a trade receivable is uncollectible, it is written off against the impairment provision for trade receivables. Subsequent recoveries of amounts previously written off are credited against cost of sales in the income statement. Short-term trade receivables do not carry any interest and are stated at their amortised cost, as reduced by appropriate allowances for estimated irrecoverable amounts.

Trade payables

Trade payables on normal terms are not interest bearing and are stated at their nominal value. Trade payables on extended terms, particularly in respect of land, are recorded at their fair value at the date of acquisition of the asset to which they relate. The discount to nominal value is amortised over the period of the credit term and charged to finance costs using the effective interest rate.

2. Employees and directors

The Company had no employees during the year (2021: none). Management services are provided by the sole director. The sole director did not receive any emoluments from the Company for their services during the year (2021: £nil).
