BREMNER MANAGEMENT SUPPORT LIMITED
NOTES TO THE ABBREVIATED ACCOUNTS - 31 MAY 2012

1. ACCOUNTING POLICIES

Basis of preparation of financial statements

The financial statements are prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Depreciation of tangible fixed assets

Tangible fixed assets are stated at cost or valuation less depreciation. The cost or valuation of tangible fixed assets, less any residual value, is written off over their expected useful lives as follows:

	Period in Years
Plant & Machinery	5

Investments

Investments are valued at the lower of cost and estimated net realisable value.

Stocks and Work in Progress

Stocks and work in progress are valued at the lower of cost and estimated net realisable value, after making due allowance for obsolete and slow moving items. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads. Finished work in progress is valued at selling price.

Deferred Taxation

Provision is made for taxation deferred as a result of timing differences between the incidence of income and expenditure for taxation and accounts purposes.

However, deferred tax assets are recognised only to the extent that the director considers it is more likely than not that they will be recovered against future taxable profits.

Deferred taxation is measured on a non-discounted basis at the average tax rates that would apply when the timing differences are expected to reverse, based on tax rates and laws that have been enacted by the balance sheet date.

Revenue Recognition

The company recognises revenue to the extent that it has fulfilled its contractual obligations to its customers through the supply of goods and services.

2. TURNOVER

Turnover comprises the invoice value of goods and services supplied by the company, net of Value Added Tax, adjusted for any movement in work in progress.
