**STRATEGIC REPORT  
FOR THE YEAR ENDED 31 DECEMBER 2021**

**Introduction**

The directors present their strategic report for the year ended 31 December 2021.

**Business review**

Significant growth in 2021 has been driven by demand for Systal's class leading portfolio of managed and

transformation services. This organic trend will continue in 2022, underpinned by extended commitments from Systal long term customer relationships and new global service success stories together with Systal US and Systal APAC.

Key growth highlights include turnover increase of 32%. Gross Profit has increased to £16.1m and underlying Net Profit after tax of £7.56m.

Systal continues its investment strategy to support controlled growth through people development, expanded secure operating centre facilities and new technologies.

**Principal risks and uncertainties**

The main risks and uncertainties affecting the company continue to be competition within the IT industry, shortages of skilled staff and settlement of accounts.

**Financial key performance indicators**

The directors have concluded that analysis using key performance indicators to gain an understanding of the

development, performance or position of the company's business is not required due to the detail given in the financial statements.

**Financial risk management**

The company's financial instruments comprise cash at bank, invoice discounting facility, bank loans and hire purchase facilities. The main purpose of these instruments is to raise adequate finance for the company's operations.

The main risks arising from the company's financial instruments are interest rate fluctuations and liquidity risk. It is the company's policy to finance its operations through a mixture of cash and borrowing and to review periodically the mixture of these instruments with regard to the projected cash flow requirements of the company at an acceptable level of exposure.

**Share capital**

The share capital is owned by Systal Holdings Limited. See note 20 for further details regarding the ultimate parent company information.

**Future developments**

The company is continuing to develop its worldwide customer base. The company continues to look for further development opportunities.

**SYSTAL TECHNOLOGY SOLUTIONS LIMITED**

**STRATEGIC REPORT (CONTINUED)  
FOR THE YEAR ENDED 31 DECEMBER 2021**

This report was approved by the board and signed on its behalf.

**N J Nicolson**  
Director

Date: 30 September 2022

**DIRECTORS' REPORT  
FOR THE YEAR ENDED 31 DECEMBER 2021**

**Directors' responsibilities statement**

The Directors are responsible for preparing the Strategic report, the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies for the Company's financial statements and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors shown below have held office during the whole of the period 1 January 2021 to the date of the report:

Douglas Cumming  
Neil John Nicolson  
Gary James O'Neil  
Scott Allan Taylor (appointed 3 March 2021)  
John Howard Anderson (resigned 2 March 2021)

**Disclosure of information to auditors**

Each of the persons who are Directors at the time when this Directors' report is approved has confirmed that:

- so far as the Director is aware, there is no relevant audit information of which the Company's auditors are unaware, and
- the Director has taken all the steps that ought to have been taken as a Director in order to be aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

**Post balance sheet events**

There have been no significant events affecting the Company since the year end.

**SYSTAL TECHNOLOGY SOLUTIONS LIMITED**

**DIRECTORS' REPORT (CONTINUED)  
FOR THE YEAR ENDED 31 DECEMBER 2021**

**Auditors**

The auditors, Anderson Anderson & Brown Audit LLP, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

This report was approved by the board and signed on its behalf.

Neil John Nicolson  
Director

Date: 30 September 2022

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF SYSTAL TECHNOLOGY SOLUTIONS LIMITED**

**Opinion**

We have audited the financial statements of Systal Technology Solutions Limited (the 'Company') for the year ended 31 December 2021, which comprise the Statement of comprehensive income, the Balance sheet, the Statement of changes in equity and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2021 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

**Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Conclusions relating to going concern**

In auditing the financial statements, we have concluded that the Directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Directors with respect to going concern are described in the relevant sections of this report.

**Other information**

The other information comprises the information included in the Annual Report other than the financial statements and our Auditors' report thereon. The Directors are responsible for the other information contained within the Annual Report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF SYSTAL TECHNOLOGY SOLUTIONS LIMITED (CONTINUED)**

**Opinion on other matters prescribed by the Companies Act 2006**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic report and the Directors' report have been prepared in accordance with applicable legal requirements.

**Matters on which we are required to report by exception**

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic report or the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

**Responsibilities of directors**

As explained more fully in the Directors' responsibilities statement set out on page 3, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF SYSTAL TECHNOLOGY SOLUTIONS LIMITED (CONTINUED)**

**Auditors' responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- completing a risk-assessment process during our planning for this audit that specifically considered the risk of

fraud;

- enquiry of management about the company's policies, procedures and related controls regarding compliance

with laws and regulations and if there are any known instances of non-compliance;

- examining supporting documents for all material balances, transactions and disclosures;

- enquiry of management, about litigations and claims and inspection of relevant correspondence

- evaluation of the selection and application of accounting policies related to subjective measurements and

complex transactions;

- analytical procedures to identify any unusual or unexpected relationships;

- specific audit testing on and review of areas that could be subject to management override of controls and

potential bias, most notably around the key judgments and estimates, including the amounts recoverable on

contracts, depreciation of fixed assets, carrying value of accruals and revenue recognition;

- considering management override of controls outside of the normal operating cycles including testing the

appropriateness of journal entries recorded in the general ledger and other adjustments made in the preparation

of the financial statements including evaluating the business rationale of significant transactions, outside the

normal course of business.

We design our procedures so as to obtain sufficient appropriate audit evidence that the financial statements are not materially misstated due to non-compliance with laws and regulations or due to fraud or error.

We are not responsible for preventing non-compliance and cannot be expected to detect non-compliance with all laws and regulations - this responsibility lies with management with the oversight of the directors.

Based on our understanding of the company and industry, discussions with management and directors we identified financial reporting standards and Companies Act 2006 as having a direct effect on the amounts and disclosures in the financial statements.

As part of the engagement team discussion about how and where the company's financial statements may be materially misstated due to fraud, we did not identify any areas with an increased risk of fraud.

Owing to the inherent limitations of an audit, there is an unavoidable risk that some material misstatements of the financial statements may not be detected, even though the audit is properly planned and performed in accordance with the ISAs (UK).

The potential effects of inherent limitations are particularly significant in the case of misstatement resulting from fraud because fraud may involve sophisticated and carefully organized schemes designed to conceal it, including deliberate failure to record transactions, collusion or intentional misrepresentations being made to us.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our Auditors' report.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF SYSTAL TECHNOLOGY SOLUTIONS LIMITED (CONTINUED)**

**Use of our report**

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an Auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2021**

**1. General information**

Systal Technology Solutions Limited is a private company, limited by shares, registered in Scotland. The

company's registered number is SC345442 and its registered office is Rowan House, 1 Robroyston Oval, Nova Business Park, Glasgow, G33 1AP.

The principal activity of the company is the provision of IT goods and services.

The financial statements are presented in Sterling, which is also the functional currency of the company.

**2. Accounting policies**

**2.1 Basis of preparation of financial statements**

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies.

The following principal accounting policies have been applied:

**2.2 Going concern**

In their assessment of going concern the directors have considered the impact on the business as a result of the COVID-19 virus. This has not had a significant, immediate impact on the company's operations given the online nature of much of the business. The directors continue to review the situation and any potential impact on the company's operations.

The company is in a strong financial position. Having considered budgets and cash flows, monthly management accounts and available working capital to include considerations for COVID-19, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. The directors continue to believe the going concern basis of accounting appropriate in preparing the financial statements.

**2.3 Critical accounting judgements and estimates**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The key source of estimation uncertainty that has a significant effect on the amounts recognised in the financial statements is the value of the amounts recoverable on contracts.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2021

2. Accounting policies (continued)

2.4 Financial Reporting Standard 102 - reduced disclosure exemptions

The company has taken advantage of the following disclosure exemption in preparing these financial statements, as permitted by FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 7 Statement of Cash Flows.

As the company is included in the consolidated financial statements of Sarah Topco Limited, it is entitled to take advantage of various disclosure exemptions within FRS 102. As a result, the company has elected not to prepare a cash flow statement.

2.5 Related party exemption

The company has taken advantage of exemption, under Section 33 of Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', not to disclose related party transactions with other group companies.

2.6 Revenue

Turnover represents the amounts derived from the provision of goods and services which fall within the company's ordinary activities, stated net of value added tax.

Turnover for the sale of goods is recognised when the company has transferred to the buyer the risks and rewards of ownership.

Turnover for the provision of services is recognised when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and the stage of completion can be measured reliably.

2.7 Grant income

Grant income is measured at the fair value of the asset received or receivable. Grant income received in the year has been recognised by the company using the accruals method. The grant income is recognised in income on a systematic basis over the periods in which the company recognises the related costs for which the grant is intended to compensate.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2021

2. Accounting policies (continued)

2.8 Foreign currency translation

**Functional and presentation currency**

The Company's functional and presentational currency is GBP.

**Transactions and balances**

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss except when deferred in other comprehensive income as qualifying cash flow hedges.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the Statement of comprehensive income within 'finance income or costs'. All other foreign exchange gains and losses are presented in profit or loss within 'other operating income'.

2.9 Operating leases: the Company as lessee

Rentals paid under operating leases are charged to profit or loss on a straight-line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight-line basis over the lease term, unless another systematic basis is representative of the time pattern of the lessee's benefit from the use of the leased asset.

2.10 Pensions

**Defined contribution pension plan**

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Balance sheet. The assets of the plan are held separately from the Company in independently administered funds.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2021

2. Accounting policies (continued)

2.11 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

2.12 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

At each reporting date the company assesses whether there is any indication of impairment. If such indication exists, the recoverable amount of the asset is determined which is the higher of its fair value less costs to sell and its value in use. An impairment loss is recognised where the carrying amount exceeds the recoverable amount.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, through either the reducing balance method or the straight-line basis..

Depreciation is provided on the following basis:

Rental assets	-	20%	straight-line basis
Motor vehicles	-	20%	reducing balance method
Fixtures and fittings	-	20%	reducing balance method
Property improvements	-	10%	straight-line basis

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2021**

**2. Accounting policies (continued)**

**2.13 Hire purchase**

Rentals payable under hire purchase contracts are charged against the resultant creditor with any interest element being charged against income as the charges arise.

**2.14 Finance leased assets**

Leases of assets that transfer substantially all the risks and rewards incidental to ownership are classified as finance leases.

Finance leases are capitalised at commencement of the lease as assets at the fair value of the leased asset or, if lower, the present value of the minimum lease payments calculated using the interest rate implicit in the lease. Where the implicit rate cannot be determined the company's incremental borrowing rate is used. Incremental direct costs, incurred in negotiating and arranging the lease, are included in the cost of the asset.

Assets are depreciated over the shorter of the lease term and the estimated useful life of the asset. Assets are assessed for impairment at each reporting date.

The capital element of lease obligations is recorded as a liability on inception of the arrangement. Lease payments are apportioned between capital repayment and finance charge, using the effective interest rate method, to produce a constant rate of charge on the balance of the capital repayments outstanding.

**2.15 Amounts recoverable on contracts**

Amounts recoverable on contracts results when the risks and rewards of ownership have passed for the provision of IT goods and services. For projects spanning the year end, amounts recoverable on contract arises based on the percentage of completion on the project.

**2.16 Deferred income**

Deferred income results when payments have been received prior to the risks and rewards of ownership passing.

**2.17 Debtors**

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

**2.18 Cash and cash equivalents**

Cash and cash equivalents in the balance sheet comprise cash on hand and cash at bank with a short term of maturity, being 12 months or less, from the opening of the deposit or similar account.

**2.19 Creditors**

Short-term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2021

2. Accounting policies (continued)

2.20 Provisions for liabilities

Provisions are made where an event has taken place that gives the Company a legal or constructive obligation that probably requires settlement by a transfer of economic benefit, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to profit or loss in the year that the Company becomes aware of the obligation, and are measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance sheet.

2.21 Loans

Loans are measured initially at fair value, net of transactions costs, and are measured subsequently at amortised cost using the effective interest method.

2.22 Dividends

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting.

3. Turnover

	2021 £	2020 £
Sales	<u>36,709,512</u>	<u>27,810,723</u>

Analysis of turnover by country of destination:

	2021 £	2020 £
United Kingdom	35,618,960	27,601,559
Europe	297,590	203,509
Rest of the world	792,962	5,655
	<u>36,709,512</u>	<u>27,810,723</u>

4. Other operating income

	2021 £	2020 £
Government grants receivable	74,540	287,453
	<u>74,540</u>	<u>287,453</u>

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2021**

In the year ended 31 December 2021, the non-executive director provided consultancy services to the company. The consultancy services recognised within expenses for the year amounted to £5,750 (2020: £18,000).

**25. Capital management**

Capital comprises of share capital and reserves stated on the Balance Sheet. The company's objective when managing capital is to provide sufficient resources to allow the continued investment in new products that is required in the rapidly changing market in which the company operates and to safeguard the company's ability to continue as a going concern, so that it can continue to provide returns for shareholders.

The company manages capital by regularly monitoring its current and expected liquidity requirements rather than using debt/equity ratio analyses. No changes were made in the objectives, policies and processes during the year.

The company is not subject to either internally or externally imposed capital requirements.

**26. Ultimate Parent company**

Systal Holdings Limited, a company incorporated in Great Britain and registered in Scotland, was the immediate and ultimate parent company of Systal Technology Solutions Limited up until 2 March 2021. Systal Holdings Limited owns 100% of the share capital of Systal Technology Solutions Limited.

Copies of the consolidated financial statements of Systal Holdings Limited are available to the public from its registered office at Rowan House 1, Robroyston Oval, Glasgow, G33 1AP.

From the 2 March 2021, the ultimate parent company of Systal Technology Solutions Limited is Sarah Topco Limited, a company incorporated in Great Britain and registered in England and Wales.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
