## Notes to the Abbreviated Accounts

For the year ending 30 November 2010

1 **Accounting policies**

**Basis of preparing the financial statements**

The financial statements have been prepared on the going concern basis which assumes that the company will continue in operational existence for the foreseeable future. At 31 December 2010 the company's current liabilities exceeded its current assets by £10,115 (2009: £5,384). The company is thus dependent on the continuing financial support of its creditors. The Directors are confident of this continuing support and of the company's long term trading prospects and on this basis considers it appropriate to prepare the financial statements on the going concern basis. The financial statements do not include any adjustments that would result from withdrawal of financial support.

**Accounting convention**

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

**Turnover**

Turnover represents net invoiced sales of goods, excluding value added tax.

**Stocks**

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

**Depreciation**

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Fixtures and fittings 15% on a reducing balance basis
