**Group Strategic Report**  
**for the year ended 30th April 2019**

The directors present their strategic report of the company and the group for the year ended 30th April 2019.

**Review of business**

The group is one of the leading shellfish suppliers and exporters in the UK. The group has maintained market share and profitability in a very competitive market. A reserved approach to expansion and acquisitions has been adopted until the outcome of Brexit is known.

**Results for the year**

The results for the year show a profit on ordinary activities before tax of £3,208,676 (2018: £3,612,647). The board are satisfied with the performance for the financial year..

The board monitor the progress of the company by the following KPIs:

	2019	2018
Turnover	£56,187,795	£49,824,088
GP	19.61%	21.61%
ROCE	28.30%	38.55%

**Principal risks and uncertainties**

**Funding and liquidity risk**

The group manages its cash and borrowing requirements in order to minimise interest expense whilst ensuring the group has sufficient liquid resources to meet the operating needs of each business within the group.

The group has sufficient funding arrangements in place with their bankers to ensure the operating requirements of the group can be maintained.

**Market and economic risk**

The group is exposed to the uncertainties surrounding Brexit. Appropriate steps have been taken by the group to plan for the UK's departure from the EU. Until the final arrangements are agreed between the UK and EU it is difficult to measure the impact on the business.

The group's international trade exposes it to currency risk. Currency exposure is managed by using appropriate FX hedges.

**On behalf of the board:**

**Report of the Directors**  
**for the year ended 30th April 2019**

The directors present their report with the financial statements of the company and the group for the year ended 30th April 2019.

**Principal activity**

The principal activity of the group in the year under review was that of fish wholesale.

**Dividends**

The directors recommend an ordinary dividend of £170 per A ordinary share and £170 per B ordinary share.

**Directors**

The directors shown below have held office during the whole of the period from 1st May 2018 to the date of this report.

S F Aitchison  
J C Cook  
W K Mcrobbie  
Mrs J C Middlemiss  
P J Virtue  
Mrs S A Wilson

**Going concern**

In carrying out their duties in respect of going concern, the directors have carried out a review of the group's financial position for a period of 12 months from the date of signing these financial statement. The company currently meets its day to day working capital requirements through its cash balance, which is sufficient to cover working capital requirements. The directors have a reasonable expectation that the company and the group have adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts.

**Statement of directors' responsibilities**

The directors are responsible for preparing the Group strategic report, the Report of the directors and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and the group and of the profit or loss of the group for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's and the group's transactions and disclose with reasonable accuracy at any time the financial position of the company and the group and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

**Statement as to disclosure of information to auditors**

So far as the directors are aware, there is no relevant audit information (as defined by Section 418 of the Companies Act 2006) of which the group's auditors are unaware, and each director has taken all the steps that he or she ought to have taken as a director in order to make himself or herself aware of any relevant audit information and to establish that the group's auditors are aware of that information.

**Report of the Independent Auditors to the Members of**  
**D. R. Collin & Son Ltd.**

**Opinion**

We have audited the financial statements of D. R. Collin & Son Ltd. (the 'parent company') and its subsidiaries (the 'group') for the year ended 30th April 2019 which comprise the Consolidated income statement, Consolidated other comprehensive income, Consolidated balance sheet, Company balance sheet, Consolidated statement of changes in equity, Company statement of changes in equity, Consolidated cash flow statement and Notes to the consolidated cash flow statement, Notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the group's and of the parent company affairs as at 30th April 2019 and of the group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

**Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Conclusions relating to going concern**

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the group's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

**Other information**

The directors are responsible for the other information. The other information comprises the information in the Group strategic report and the Report of the directors, but does not include the financial statements and our Report of the auditors thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Opinions on other matters prescribed by the Companies Act 2006**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Group strategic report and the Report of the directors for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Group strategic report and the Report of the directors have been prepared in accordance with applicable legal requirements.

**Report of the Independent Auditors to the Members of**  
**D. R. Collin & Son Ltd.**

**Matters on which we are required to report by exception**

In the light of the knowledge and understanding of the group and the parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the Group strategic report or the Report of the directors.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

**Responsibilities of directors**

As explained more fully in the Statement of directors' responsibilities set out on page three, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

**Auditors' responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a Report of the auditors that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our Report of the auditors.

**Use of our report**

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in a Report of the auditors and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

**Notes to the Consolidated Financial Statements**  
**for the year ended 30th April 2019**

**1. Statutory information**

D. R. Collin & Son Ltd. is a private company, limited by shares, registered in Scotland. The company's registered number and registered office address can be found on the General Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

**2. Accounting policies**

**Basis of preparing the financial statements**

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

D. R. Collin & Son Ltd is a private company limited by share capital incorporated in Scotland. The registered office is 34-36 Harbour Road, Eyemouth, Berwickshire, TD14 5HY

**Basis of consolidation**

The consolidated financial statements consolidate the financial statements of the Company and its subsidiary undertakings drawn up to 30 April 2019. The subsidiary undertakings comprise Boat Investments Limited, Sea Harvest Scotland Limited, D. R. Collin (Scotland) Limited (and its 60% subsidiary, Keltic Seafare (Scotland) Limited), D. R. Collin (Fish) Limited and Coquet Island Shellfish Limited made up to 30 April 2019 (2018: Boat Investments Limited, Sea Harvest Scotland Limited, D. R. Collin (Scotland) Limited (and its 60% subsidiary, Keltic Seafare (Scotland) Limited), D. R. Collin (Fish) Limited and Coquet Island Shellfish Limited made up to 30 April 2018).

A subsidiary is an entity controlled by the Company. Control is achieved where the Company has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

The results of subsidiaries acquired or disposed of during the year are included in the Profit and Loss Account from the effective date of acquisition or up to the effective date of disposal, as appropriate. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by the group.

The purchase method of accounting is used to account for business combinations that result in the acquisition of subsidiaries by the group. The cost of a business combination is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the business combination. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Any excess of the cost of the business combination over the acquirers interest in the net fair value of the identifiable assets, liabilities and contingent liabilities recognised is recorded as goodwill.

Inter-company transactions, balances and unrealised gains on transactions between the Company and its subsidiaries, which are related parties, are eliminated in full.

Intra-group losses are also eliminated but may indicate an impairment that requires recognition in the consolidated financial statements.

Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group. Non-controlling interests in the net assets of consolidated subsidiaries are identified separately from the Group's equity therein. Non-controlling interests consist of the amount of those interests at the date of the original business combination and the non-controlling shareholder's share of changes in equity since the date of the combination.

**Turnover**

Turnover is the amount derived from ordinary activities, and is measured at the fair value of the consideration received or receivable. Turnover is reduced for estimated customer returns, rebates and other similar allowances, and is stated net of VAT.

Revenue from sale of goods is recognised when all the following conditions are satisfied:

- the Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the company; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

**Goodwill**

Goodwill arising on an acquisition of a business is carried at cost less accumulated amortisation and impairment losses, if any.

Goodwill is amortised in equal instalments over its estimated useful economic life of 5/10 years.

**Intangible assets**

Intangible assets are initially measured at cost. After initial recognition, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

Directors believe licences have an infinite life and is therefore not being amortised.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off the cost less estimated residual value of each asset over its estimated useful life.

Freehold property	- 2% on reducing balance and 2% on cost
Improvements to property	- 8% on reducing balance
Plant and machinery	- 20% on cost, 20% on reducing balance, 15% on reducing balance, 10% on reducing balance and 2% on reducing balance
Fixtures and fittings	- 33% on reducing balance
Motor vehicles	- 25% on cost, 25% on reducing balance and 15% on reducing balance
Office equipment	- 33% on reducing balance, 20% on cost, 16.67% on cost and 15% on reducing balance

Tangible fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses.

**Investment property**

Investment property is shown at most recent valuation. Any aggregate surplus or deficit arising from changes in fair value is recognised in profit or loss.

**Inventories**

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost is determined using the first-in, first-out (FIFO) method.

The cost of finished goods and work in progress comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. At each reporting date, stocks are assessed for impairment. If stocks are impaired, the carrying amount is reduced to its selling price less costs to complete and sell; the impairment loss is recognised immediately in profit and loss.

**for the year ended 30th April 2019**

**2. Accounting policies - continued**

**Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Statement of Income and Retained Earnings, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

**Tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

**Foreign currencies**

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated into sterling at the rates of exchange ruling at the balance sheet date or the forward contract rate, where such contracts are in place. All differences are taken to the profit and loss account.

**Hire purchase and leasing commitments**

Leases in which substantially all the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the profit and loss on a straight-line basis over the period of the lease.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee.

Assets held under finance leases are recognised at the lower of their fair value at inception of the lease and the present value of the minimum lease payments. These assets are depreciated on a straight-line basis over the shorter of the useful life of the asset and the lease term. The corresponding liability to the lessor is included in the Balance Sheet as a finance lease obligation.

Lease payments are apportioned between finance costs in the profit and loss account and reduction of the lease obligation so as to achieve a constant periodic rate of interest on the remaining balance of the liability.

**Employee benefits**

Short term employee benefits, including holiday pay, are recognised as an expense in the Income Statement in the period in which they are incurred.

A defined contribution plan is a pension plan under which fixed contributions are paid into pension fund and the Group has no legal or constructive obligation to pay further contributions even if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

Contributions to defined contribution plans are recognised as employee benefit expense when they are due. If contribution payments exceed the contribution due for service, the excess is recognised as a prepayment.

**Notes to the Consolidated Financial Statements - continued**  
**for the year ended 30th April 2019**

**2. Accounting policies - continued**

**Licences**

Licences are valued at cost. Their estimated useful lives are considered to be infinite therefore they are not amortised.

**Investments**

Investments in equity shares which are not publicly traded and where fair value cannot be measured reliably are measured at cost less impairment.

**Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value. In the statement of financial position, bank overdrafts are shown within borrowings or current liabilities.

**Trade debtors**

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors with no stated interest rate are recognised initially at the transaction price. A provision for the impairment of trade debtors is established when there is objective evidence that the Company will not be able to collect all amounts due accordingly to the original terms of the receivables.

**Trade creditors**

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the Company does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors with no stated interest rate are recognised at the transaction price. Interest-bearing borrowings are initially recorded at fair value, net of transaction costs.

**Borrowings**

Interest-bearing borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the profit and loss account over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest method and is included in interest payable and similar charges.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

**Provisions**

Provisions are set up only where it is probable that a present obligation exists as a result of an event prior to the balance sheet date and that a payment will be required in settlement that can be estimated reliably. Where material, provisions are calculated on a discounted basis.

**Going concern**

As set out in the strategic report, the directors believe that the company is continuing to grow, experiencing good levels of profitability and is well placed to manage its business risks successfully.

Accordingly, they have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the financial statements.
