All income is recognised in the accounting period to which it relates.

Intangible assets

The intangible asset held comprises a cherished vehicle registration plate. No amortisation is charged as the directors believe that the value of the plate will not diminish.

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Plant and machinery	- 25% on reducing balance
Furnishings & appliances	- 25% on cost
Motor vehicles	- 25% on reducing balance
Office & computer equipmt	- 33% on cost

Investment property

The Investment Property is shown at most recent valuation being the total purchase cost in March 2013. Any aggregate surplus or deficit arising from changes in market value in subsequent years will be transferred to a revaluation reserve.

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.
