The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 December 2019.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 December 2019 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.
- (b)

The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the Board of Directors and authorised for issue on 17 September 2020 and were signed on its behalf by:

S Avery - Director

**Notes to the Financial Statements  
for the Year Ended 31 December 2019**

**1. STATUTORY INFORMATION**

Lhanbryde Operations Ltd is a private company, limited by shares, registered in Scotland. The company's registered number and registered office address can be found on the Company Information page.

**2. ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The financial statements have been prepared on the basis that the company will continue to trade for the foreseeable future. At 31 December 2019 the company's liabilities exceeded its assets by £15,018. The company is dependent upon the continued support of its directors and other creditors. The directors are confident that this support will be maintained for the foreseeable future. Should this support be withdrawn and the company be unable to continue trading, adjustments would have to be made to reduce the balance sheet values of assets to their recoverable amounts, and to reclassify fixed assets and long term liabilities as current assets and liabilities.

**Turnover**

Turnover represents amounts chargeable, excluding value added tax, in respect of the provision of services to customers.

Revenue from the provision of professional services is recognised in the period in which the service is provided, the amount of revenue can be measured reliably and it is probable that the economic benefits associated with the transaction will flow to the entity.

**Financial instruments**

**Debtors**

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method less any impairment.

**Creditors**

Short term creditors are measured at the transaction price. Other financial liabilities are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised costs using the effective interest method.

**Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.
