## **Directors Report**

Earth Ways Crowdfunding Platform CIC aims to provide a crowdfunding service to individuals and community organisations for projects that contribute to the general wellbeing of the community, particularly those that promote sustainability, without the fees that are normally charged for these services. Earth Ways Crowdfunding Platform CIC wants all of the resources raised to go to the projects themselves.

This is the first year of operation and activity was focussed on obtaining start-up funds to set up the administrative and technological systems required for the crowdfunding website. Donations were received from eleven individuals and organisations and were used to cover the necessary software subscriptions and fees to set up the site. We utilised a crowdfunding approach to achieve this and this method effectively provided us with a test-run of the system itself. We look forward to providing groups and individuals with the opportunity to raise funds for their projects through our site.

### **Risk Management**

Only small amounts of funds come through the project itself as income generated through crowdfunding goes directly to the PayPal accounts of those fundraising on the site. Earth Ways Crowdfunding Platform CIC will only administer the site, being responsible for software subscriptions and other administrative costs required for the effective operation of the site. An income and expenditure statement is produced monthly and is available for inspection by Directors. It is intended to invite new directors to join the company in the coming years.

### **Investment Policy**

Aside from retaining a very small amount in reserves each year, all funds are to be spent in the short term on site maintenance and administration so there are no funds for long term investment.

[illegible]

1. The first step in the process of identifying a problem is to define the problem. This involves identifying the symptoms of the problem and determining the scope of the problem. Once the problem has been defined, the next step is to identify the causes of the problem. This involves identifying the factors that are contributing to the problem and determining the underlying causes. Once the causes have been identified, the next step is to develop a plan to address the problem. This involves identifying the actions that need to be taken to address the problem and determining the resources that will be needed to implement the plan. Finally, the last step in the process is to implement the plan and monitor the results. This involves putting the plan into action and tracking the progress of the plan to ensure that the problem is being addressed effectively.

Supply and demand for the product is expected to be high in the near future. The product is expected to be sold in the near future.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

Earth Ways Crowdfunding Platform CIC

Company Number

SC473534

Year Ending

March 2015

This template illustrates what the Regulator of Community Interest Companies considers to be best practice for completing a simplified community interest company report. All such reports must be delivered in accordance with section 34 of the Companies (Audit, Investigations and Community Enterprise) Act 2004 and contain the information required by Part 7 of the Community Interest Company Regulations 2005. For further guidance see chapter 8 of the Regulator's guidance notes and the alternate example provided for a more complex company with more detailed notes.

**PART 1 - GENERAL DESCRIPTION OF THE COMPANY'S ACTIVITIES AND IMPACT**

In the space provided below, please insert a general account of the company's activities in the financial year to which the report relates, including a description of how they have benefited the community.

Activity this year was focussed on obtaining start-up funds to set up the administrative and technological systems required for the website. The aim is to provide a crowdfunding service to the community for projects that contribute to the general wellbeing of the community particularly those that promote sustainability, without the fees that are normally charged for these services. Earth Ways Crowdfunding Platform CIC wants all of the resources raised to go to the projects themselves.

We created our privacy terms.

We created our terms and conditions for users and for project creators.

We created our campaign criteria.

Donations were received from 11 individuals and organisations. The amount raised was used to cover the necessary software subscriptions and fees. This provided us with the opportunity for a "test run" of the site itself.

**PART 2 – CONSULTATION WITH STAKEHOLDERS** – Please indicate who the company's stakeholders are; how the stakeholders have been consulted and what action, if any, has the company taken in response to feedback from its consultations? If there has been no consultation, this should be made clear.

The stakeholders are the members of the community who are involved in projects that adhere to these ethics:

Earth Care, People Care and Fair Share. These ethics are found in many traditional societies which have existed in relative balance with their environment for much longer than more recent civilizations.

Earth Care asks us to preserve the soil, keep the air and water clean, protect biodiversity, and conserve energy and natural resources.

People Care is about health and well-being, nourishment with good food, lifelong learning, trust, respect and meaningful work.

Fair Share emphasises equitable distribution of resources, networking and cooperation, reduction of consumerism, and rethinking notions of growth, progress and development

Any community members that wish to submit a campaign on our platform need to work towards helping at least one of the ethics above and may not negatively influence any of the 3.

We have asked many people in our social networks if they would use and benefit a platform like ours that is free and ethically sound. The overwhelming response was Yes.

*(If applicable, please just state "A social audit report covering these points is attached").*

**PART 3 – DIRECTORS' REMUNERATION** – if you have provided full details in your accounts you need not reproduce it here. Please clearly identify the information within the accounts and confirm that, "There were no other transactions or arrangements in connection with the remuneration of directors, or compensation for director's loss of office, which require to be disclosed" (See example with full notes). If no remuneration was received you must state that "no remuneration was received" below.

No remuneration was received

**PART 4 – TRANSFERS OF ASSETS OTHER THAN FOR FULL CONSIDERATION** – Please insert full details of any transfers of assets other than for full consideration e.g. Donations to outside bodies. If this does not apply you must state that "no transfer of assets other than for full consideration has been made" below.

No transfer of assets other than for full consideration has been made
