The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 July 2022.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 July 2022 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
- (b) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the Board of Directors and authorised for issue on 29 November 2022 and were signed on its behalf by:

DI Morrison - Director

The notes form part of these financial statements

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 JULY 2022

#### 1. STATUTORY INFORMATION

Morrison Investments Ltd is a private company, limited by shares, registered in Scotland. The company's registered number and registered office address can be found on the Company Information page.

#### 2. ACCOUNTING POLICIES

#### Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets.

#### Significant judgements and estimates

Management has considered the consequences of COVID-19 and other events and conditions and has determined that they do not create a material uncertainty that casts significant doubt upon the entity's ability to continue as a going concern. It expects that COVID-19 might have some impact, though not significant, for example, in relation to expected future performance, or the effects on some future asset valuations.

#### Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added taxes and other sales taxes. Turnover includes revenue earned from property rental and management fees.

#### Rental Income:

Rental income from investment properties is recognised on a straight line basis over the term of the relevant lease. Income from recharged expenses is recognised once the expense payment has been made and the tenant has been notified.

#### Management Fees:

Revenue from management fees is recognised when the services have been provided.

#### Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off the cost less estimated residual value of each asset over its estimated useful life.

Plant and machinery etc

- 25% on reducing balance, 20% on reducing balance and 15% on reducing balance

#### Investments in associates

Investments in associate undertakings are recognised at cost less accumulated impairment losses.

#### Investment property

Investment properties are included at fair value. Gains are recognised in the income statement. Deferred taxation is provided on these gains at the rate expected to apply when the properties are sold.

#### Financial instruments

Basic financial instruments are recognised at amortised cost, except for investments in non-convertible preference and non-puttable ordinary shares which are measured at fair value, with changes recognised in profit or loss.

#### Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

## NOTES TO THE FINANCIAL STATEMENTS - continued FOR THE YEAR ENDED 31 JULY 2022

#### 2. ACCOUNTING POLICIES - continued

#### Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

#### 3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was NIL (2021 - NIL).
