THE MANCHESTER SHIP CANAL COMPANY

REPORT OF THE DIRECTORS

for the year ended 31st March 1998

The directors submit their report together with the audited financial statements of the group for the year ended 31st March 1998.

Principal Activities

The principal activities of the group are the operation of a major regional port and property investment, property development and trading. In addition, the group undertakes the management of its land and property interests.

Review of Business, Developments and Prospects

The level of port business activity has remained satisfactory during the year and the directors anticipate that the present level of activity within the port business will be maintained for the foreseeable future.

Results and Dividends

The group's results and financial position are set out in the profit and loss account on page 6, the balance sheets on page 7 and the notes relating thereto.

An ordinary dividend of 6p per share was paid in the year.

An ordinary dividend of 396p per share was declared on 31 March 1998.

A preference dividend of 3.5p per share was declared on 31 March 1998.

Fixed Assets

The carrying value of other fixed assets is not significantly different from their market value at 31st March 1998.

Directors

The directors who held office during the year were:

R.E. Hough
J. Whittaker
P.A. Scott
P.P. Wainscott
J.B. Chilton
M.G. Hill
Cllr. R. Leese

The Manchester Ship Canal Company is primarily governed by its Acts and Order 1885 to 1992. These statutes do not differentiate between executive and non-executive directors.

Under the Companies Acts Councillor R. Leese and Mr M.G. Hill would be regarded as being non-executive directors. Councillor Leese, aged 47, has been leader of Manchester City Council since 1996. Mr Hill, aged 54, is a management consultant and was managing director of the Company from 1987 to 1991.

THE MANCHESTER SHIP CANAL COMPANY

REPORT OF THE DIRECTORS (continued)

for the year ended 31st March 1998

Director's Interests in Shares and Financial Instruments

The interests of the directors and their families in the preference shares of the company are listed below. All of the shareholdings at 31st March 1998 are as nominee for Peel Holdings p.l.c.

		31st March 1998 Number	31st March 1997 Number
R.E. Hough	#	501	501
J. Whittaker	#	500	500
P.A. Scott	#	501	501
P.P. Wainscott	#	501	501
J.B. Chilton		501	501
M.G. Hill	#	501	501
Cllr. R. Leese (Appointed 3rd July 1997)		500	-

The above directors are also directors of the intermediate holding company, Peel Holdings p.l.c., in whose accounts their beneficial interests in the shares and financial instruments of that company, companies within the Peel Holdings p.l.c. group and the ultimate holding company, Tokenhouse Holdings Limited, are disclosed.

J.B. Chilton and Cllr R. Leese had no interests in the share capital or financial instruments of any group company.

No director had an interest in the ordinary share capital of the company save for J. Whittaker and R.E. Hough who at 31st March 1998 had a non-beneficial interest in 211,598 ordinary shares held as trustees for the company pursuant to Section 13 of the Manchester Ship Canal Act 1920 and held by virtue of a deed of transfer dated 15th July 1997.

No contract of significance subsisted during or at the end of the year in which any director had a material interest.

Councillor R. Leese acquired his non-beneficial interest in 500 Preference Shares of £1 each on 3rd July 1997 as it is a requirement under the Manchester Ship Canal Acts for a serving director to hold a shareholding in the company.

Directors' Responsibilities

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and the group and of the profit or loss of the group for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time, the financial position of the company and group and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

THE MANCHESTER SHIP CANAL COMPANY

REPORT OF THE DIRECTORS (continued)

for the year ended 31st March 1998

Going Concern

After making enquiries and examining major areas which could give rise to significant financial exposure, the directors are satisfied that no material or significant exposures exist and that the company has adequate resources to continue its operations for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the financial statements.

Payment Policy

In the absence of dispute, amounts due to trade and other suppliers are settled as expeditiously as possible within their terms of payment. At the year end, trade creditors represented 25 days purchases.

Charitable and Political Donations

The company made charitable donations of £9,000 in the year. No political donations were made.

Year 2000

The company is part of the Peel Holdings p.l.c. group of companies which is dealing with Year 2000 requirements on a group basis, details of which may be found in the group financial statements.

Auditors

Mr A.J. Farnworth, A.C.A., one of the auditors of the company, retires by rotation and offers himself for re-election.

By Order of the Board

P.P. Wainscott
Secretary

30th June 1998

THE MANCHESTER SHIP CANAL COMPANY

AUDITORS' REPORT

to the shareholders of the Manchester Ship Canal Company

We have audited the financial statements on pages 6 to 25 which have been prepared under the historical cost convention as modified by the revaluation of certain fixed assets and the accounting policies set out on pages 9 to 11.

Respective responsibilities of directors and auditors

As described on page 3, the company's directors are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the circumstances of the company and group, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion, the financial statements give a true and fair view of the state of affairs of the company and the group as at 31st March 1998 and of the group's results for the year then ended and have been properly prepared in accordance with the Companies Act 1985 and Section 42 of the Harbours Act 1964.

THE MANCHESTER SHIP CANAL COMPANY

NOTES TO THE ACCOUNTS

for the year ended 31st March 1998

1. Accounting Policies

Accounting Convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of fixed asset investment properties and certain other fixed assets.

The financial statements have been prepared in accordance with applicable accounting standards, and in accordance with Section 42 of the Harbours Act 1964.

Related Party Disclosures

The company has taken advantage of the exemption in paragraph 3 (c) of Financial Reporting Standard No. 8 "Related party disclosures" and has not disclosed details of transactions with fellow wholly-owned undertakings within the Peel Holdings p.l.c. group of companies.

Group Financial Statements

The group financial statements consolidate the financial statements of the holding company and its subsidiary undertakings up to 31st March in each year. Results of subsidiary undertakings acquired or disposed of during the year are included to the extent of group ownership.

The group profit and loss account incorporates the group's share of the results of associated undertakings. In the consolidated balance sheet, the fixed asset investment in associated undertakings represents the group's share of net assets of those undertakings.

The separable net assets of subsidiary and associated undertakings acquired are included in the group financial statements at their fair value to the group at the date of acquisition (which may be reassessed, if necessary and appropriate, in the group financial statements for the year immediately subsequent to the acquisition), including provisions and liabilities taken into consideration in assessing the fair value of the business acquired.

Intra-group turnover and, where material, profits (including the group's share of profits or losses arising on transactions with associated undertakings) are eliminated on consolidation.

As permitted by Section 230 of the Companies Act 1985, a separate profit and loss account for the holding company is not presented.

Cash Flow Statement

The financial statements do not include a cash flow statement, as the holding company is a wholly owned subsidiary undertaking of Peel Holdings p.l.c. a company incorporated and registered in England which produces group financial statements in accordance with the Companies Act 1985, which include a consolidated group cash flow statement.

Reserve Arising on Consolidation

The reserve arising on consolidation, being the difference between the aggregate fair value of consideration given to acquire investments in subsidiary and associated undertakings over the fair value of the separable net assets acquired, is added to or deducted from reserves in the year in which it arises.

THE MANCHESTER SHIP CANAL COMPANY

NOTES TO THE ACCOUNTS (continued)
for the year ended 31st March 1998

1. Accounting Policies (continued)

Investment Properties and Other Fixed Assets

Investment properties are included in the balance sheet at their open market value and, in accordance with Statement of Standard Accounting Practice No. 19, are not depreciated or amortised except where subject to depletion. This departure from the requirements of the Companies Act 1985 is necessary for the financial statements to give a true and fair view in accordance with applicable accounting standards. Depreciation is only one of many factors reflected in the valuation and the amount which might otherwise have been shown cannot be separately identified or quantified.

Any surplus or deficit arising from revaluation is transferred to the unrealised revaluation reserve. Realised revaluation surpluses representing the difference between historical cost and the asset's carrying value are reclassified by way of a transfer to the profit and loss account reserve in the year in which the property disposal occurs.

Properties in the course of development or practically completed but not substantially let, are included in the balance sheet at cost subject to provisions if the directors consider it prudent having regard to the prevailing market conditions. Cost includes interest and directly attributable overheads whilst the property is in the course of development.

Reclassifications between investment properties, other fixed assets and stocks are made at the lower of net book value and net realisable value.

Interest

Interest attributable to property trading and development activities and investment properties in the course of development is included in the cost thereof provided the directors consider it prudent having regard to the prevailing market conditions. Interest is capitalised on a simple interest basis without allowing for any tax relief thereon.

Depreciation

Depreciation is provided for on operational buildings included in tangible fixed assets at rates varying between 1% and 4% per annum.

Plant and vehicles are depreciated by equal annual instalments over their expected useful economic lives at rates varying between 15% and 25% per annum.

Port and canal assets include freehold and long leasehold land which is not depreciated except for dredging deposit ground bunds which are written off according to annual usage. The remaining port and canal assets are depreciated by equal annual instalments over their expected useful economic lives at rates varying between 1% and 5% per annum.

Fixed Asset Investments in Subsidiary Undertakings

Fixed asset investments in subsidiary undertakings are stated at cost less amounts provided for permanent diminutions in value. Cost represents the aggregate cash consideration, costs incurred and either the fair value or the nominal value of shares issued.

THE MANCHESTER SHIP CANAL COMPANY

NOTES TO THE ACCOUNTS (continued) for the year ended 31st March 1998

1. Accounting Policies (continued)

Stocks

Stocks are stated at the lower of cost, including attributable overheads, to the group or estimated net realisable value. Land for development and properties acquired are accounted for with effect from the date of legal completion of the contract to purchase.

Reclassifications between stocks, investment properties and other fixed assets are made at the lower of net book value and net realisable value.

Deferred Taxation

Provision is made for deferred taxation only to the extent that, in the opinion of the directors, a liability is expected to arise in the foreseeable future. Advance corporation tax which is not expected to be relieved against taxation liabilities arising within 12 months of the balance sheet date or which cannot be offset against the deferred tax provision is charged to the profit and loss account.

Turnover

Port and canal turnover comprises amounts invoiced in respect of services provided during the financial year. Property investment turnover comprises property rental income, including rental premiums, and is accounted for on an accruals basis.

Property trading and development turnover comprises property disposals (which are accounted for on a legal completion basis) together with rental income, including rental premiums, and development fees.

Turnover excludes sales related taxes.

Pension Costs

The cost of the holding company's defined benefit scheme is determined by independent actuaries, and when such costs arise, are charged to the profit and loss account so as to spread the cost of providing pensions over the employees' working lives with the company. The contribution rates are determined by independent actuaries and all monies are invested and managed independently from the group's assets.

All pension costs have been accounted for in accordance with Statement of Standard Accounting Practice No. 24.

Leased Assets

Assets acquired under finance leases are capitalised at a value equivalent to the cost incurred by the lessor and depreciated over their expected useful economic lives. Finance charges thereon are charged to the profit and loss account in the period in which they accrue. The capital element of the future lease payments is reflected within creditors.

Expenditure on operating leases is charged directly to the profit and loss account.

Government Grants

Government grants received in respect of capital expenditure are credited to a deferred income account and released to the profit and loss account over the useful economic life of the assets to which they relate.

Valuations

Certain investment properties were professionally revalued by Edward Rushton Son & Kenyon Limited, International Valuers and Surveyors on the basis of open market value at 31st March 1998.

The directors have considered the previous independent professional valuations carried out by Edward Rushton Son & Kenyon Limited, International Valuers & Surveyors at 31st March 1997 and by Dunlop Heywood & Co. Limited, Consultant Surveyors at 31st March 1994, on the basis of open market value.

In the opinion of the directors, having consulted the group's own professionally qualified staff, the current open market value of such investment properties is not materially different from their valuation or cost incorporated in the financial statements.

18. Borrowings

	Group	
	1998	1997
	£'000	£'000
Creditors (amounts falling due within one year)	4,727	1,501
Creditors (amounts falling due after more than one year)	35,786	37,345
Gross borrowings	40,513	38,846
Cash at bank and in hand	(6,937)	(20,245)
Group net borrowings	33,576	18,601
Repayments of gross borrowings fall due as follows:		
Finance leases:		
Within 1 year	303	334
1 - 2 years	329	297
2 - 5 years	656	789
	1,288	1,420
After five years by instalments	572	767
	1,860	2,187
Other borrowings:		
Within 1 year	4,424	1,167
1 - 2 years	1,350	1,241
2 - 5 years	4,804	4,417
	10,578	6,825
After five years by instalments - Amortising Bonds 2014	25,842	27,601
After five years not by instalments - Perpetual Debenture stocks	2,233	2,233
	38,653	36,659
Total gross borrowings	40,513	38,846

The Perpetual Debenture Stocks bear interest at rates between 3.5% and 4% and are secured by floating charges on various assets of the company.

The Amortising Bonds 2014 are secured by a first fixed legal charge on the income generated by certain leases and investment properties of the holding company and a subsidiary undertaking and bear interest at a rate of 8.59%.

The secured loan of £3,022,000 is secured by a first fixed legal charge over the leasehold property to which it relates and bears interest at 1% above LIBOR.

Finance lease obligations are secured on the assets to which they relate (note 11).

THE MANCHESTER SHIP CANAL COMPANY

NOTES TO THE ACCOUNTS (continued) for the year ended 31st March 1998

18. Borrowings (continued)

The group and holding company are committed to the following minimum annual future payments under non-cancellable operating leases on plant and machinery as follows:

THE MANCHESTER SHIP CANAL COMPANY

NOTES TO THE ACCOUNTS (continued)
for the year ended 31st March 1998

24. Pension Commitments

In March 1997 the company with the consent of the Scheme's trustees resolved to wind up its existing scheme with effect from 1st April 1997. The existing surplus had been valued on an ongoing basis. After augmenting benefits for active members, deferred pensioners and existing pensioners, the actual surplus on winding-up amounted to £20.67m.

As from 1st April 1997, a new scheme was set up for all the active members of the existing scheme, with certain improvements in benefits. The new scheme is again a defined benefits pension scheme based on final pensionable pay. The assets of the new scheme are held separately from those of the company.

The pension cost for the period is £Nil (1997:£Nil).

25. Capital Commitments

	1998 £'000	1997 £'000
Group capital expenditure commitments were as follows:		
Contracted for but not provided for in these accounts	<u>6,304</u>	<u>1,027</u>

26. Contingent Liabilities

At 31st March 1998, the company had guaranteed bank overdrafts and loans of the intermediate holding company Peel Holdings p.l.c. amounting in aggregate to £65,000,000 (1997:£75,000,000).

27. Ultimate Holding Company

The ultimate holding company is Tokenhouse Holdings Limited, a company incorporated in Guernsey.

The largest group of undertakings, of which the group is a member, that produces consolidated accounts is Peel Holdings p.l.c., a company registered in England. Its group accounts are available from the Company Secretary, Peel Holdings p.l.c. at Quay West, Trafford Wharf Road, Manchester M17 1PL.

THE MANCHESTER SHIP CANAL COMPANY

SUBSIDIARY AND ASSOCIATED UNDERTAKINGS

Subsidiary Undertakings

The principal subsidiary undertakings consolidated as at 31st March 1998, all of which were wholly-owned unless otherwise stated, were as follows:

Incorporated, registered and operating in:	Company	Principal activities
United Kingdom	Ship Canal Land Limited	Property investment
	Ship Canal Investments Limited	Property investment
	Manchester Ship Canal Developments Limited*	Property development

* 51 Ordinary 'A' shares owned by the Manchester Ship Canal Company (51% owned).

Shares in the principal trading subsidiary undertakings at 31st March 1998 represented ordinary shares.

A full list of subsidiary undertakings will accompany the next annual return to be filed with the Registrar of Companies.

Associated Undertaking

The associated undertaking as at 31st March 1998 was as follows:

Incorporated, registered and operating in:	Company	Group shareholding	Identity and nominal value of class of shareholding	Principal activity
United Kingdom	Mode Wheel Properties Limited	25.1%	25 'A' Shares of 10p	Property development
