CHAIRMAN'S STATEMENT

The Directors have pleasure in submitting their 80th Annual Report to the Members together with the audited accounts for the year ended 31st May 1990.

Having won the championship in the previous season, anything less was going to be something of a disappointment, and despite a prolonged effort, the season under review saw us finish fourth in a long and well contested league programme.

Attendances overall were slightly down on the previous season, but nevertheless produced a respectable average of 33,713 spectators per game.

During last pre-season we won the Makita International Tournament at Wembley, beating Porto F.C. and Liverpool 1-0 respectively. We went on to beat Independente, the Argentinian champions, 2-1 in Miami. December saw us beat Glasgow Rangers, the Scottish Champions 2-1 at Ibrox Park in the "Zenith Challenge", and in May we beat the South Korean National side 2-1 in the "Caltex Cup" in Singapore.

These were all prestigious matches and provided valuable experience against world class opposition during a period when we were denied entry to European competitions. Europe, nevertheless, must still be our aim for next year.

During the year, Niall Quinn was transferred to Manchester City and Andrew Marriott joined Nottingham Forest and, of course, in thanking them both for the contribution they have made to the Club's success, we wish them well in their new careers.

We have been very active in the transfer market and in the season covered by these accounts have signed Siggi Jonsson from Sheffield Wednesday, Colin Pates from Charlton Athletic, Craig McKernon from Mansfield Town and David Scannan from Queens Park Rangers.

During the summer, Martin Hayes joined Celtic, Kevin Richardson joined Real Sociedad and John Lukic joined Leeds United and in thanking them for their services we wish them too a successful future with their new clubs. What is normally a quiet period ended with the signing of Andrew Linighan from Norwich City and Anders Limpar from F.C. Cremonese in Italy.

The strengthening of the squad indicates clearly our desire to regain the Championskip, which prior to the season before last had eluded us for so long.

There were changes too in our back room staff. Theo Foley accepted the offer to join Northampton Town as their Manager having been with them as a player during his early career.

CHAIRMAN'S STATEMENT (Cont.)

Theo had an important part to play here as George Graham's assistant, and although we shall miss his friendly face and effervescent personality, we do of course wish him every success in his new challenge.

The combination team had a tremendous season and won their Championship in a closely fought finish with Chelsea. To Stewart Houston and all of the players involved, we offer our sincere congratulations.

Stewart Houston has moved up and now takes the position of 1st Team Coach. The vacancy thus created has been filled by George Armstrong whom, as many of you will remember, played for us back in the 1970's. George has spent the last 5 years coaching in Kuwait and I am sure that the experience he has gained will prove to be of great value in his new post.

The close season has been even more active than last with a massive amount of redevelopment work being undertaken, much of it relating to the recommendations contained in Lord Justice Taylor's Final Report.

New entrances to the West Stand Lower Tier have been provided in Highbury Hill. The South West entrance for visiting supporters has been reconstructed allowing far better access.

Vehicle access to the pitch and new First Aid facilities have been provided at the South East corner of the Stadium whilst a major refurbishment of the main East Stand offices and Dressing Rooms etc has been undertaken. Safety and comfort have always been of prime concern, and these additional measures will ensure that we maintain our position at the forefront of our industry.

Turning to the Accounts, I am pleased to report that the retained profit for the year under review was £596,871 taking into account a provision for taxation of £217,741. Last year, I stated that it was essential that we remain profitable if we are to face up to the challenge that the future undoubtedly holds. Since that time, transfer fees and players wages have escalated and the implications of the "Hillsborough" tragedy have been defined by Lord Justice Taylor.

Within the next few years, the ground will need to be converted from its present configuration into an 'all seater' Stadium which will cost many millions of pounds, whilst reducing the overall capacity dramatically. Every year brings a new challenge.

Finally, I would like to place on record the Board's appreciation to our dedicated staff, many of whom have worked under particularly difficult circumstances for many months during the reconstruction of the East Stand.

PETER HILL-WOOD
Chairman

ARSENAL FOOTBALL CLUB LIMITED NOTES ON FINANCIAL STATEMENTS – 31st MAY 1990

1. ACCOUNTING POLICIES

(a) Basis of accounting

The financial k'atements have been prepared under the historical cost accounting convention.

(b) Turnover

Turnover represents income from football and related activities.

(c) Depreciation

Depreciation is calculated to write off the cost of plant, equipment and motor vehicles in equal annual instalments over their estimated useful lives at rates ranging from 10 per cent to 20 per cent.

Leasehold properties are depreciated over the periods of the lease in equal annual instalments.

Freehold properties are maintained in such condition that their value is not diminished by the passage of time and the related expenditure is charged to profit and loss account in the year it is incurred. Therefore any element of depreciation is considered to be immaterial and no provision is made.

(di Stocks

Stocks are stated at the lower of cost and net realisable value.
