DIRECTORS' RESPONSIBILITIES STATEMENT

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 101 'Reduced Disclosure Framework'. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Company has a contractual arrangement with two other Unilever Group entities, who proportionally participate in an Australian partnership, Unilever Australia Group Partnership. **NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2016**

1. ACCOUNTING POLICIES**1.1 BASIS OF PREPARATION OF FINANCIAL STATEMENTS**

Unilever Australia Investments Limited (the "Company") is a private company incorporated, domiciled and registered in the UK. The registered number is 137659 and the registered address is Unilever House, 100 Victoria Embankment, London, EC4Y 0DY, United Kingdom.

The Company is exempt by virtue of section 400 of the Companies Act 2006 from the requirement to prepare group financial statements. These financial statements present information about the Company as an individual undertaking and not about its group.

These financial statements were prepared in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' ("FRS 101"). The amendments of FRS 101 (2014/15 Cycle) issued in July 2015 and effective immediately have been applied.

In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of International Accounting Standards as adopted by the EU ("Adopted IFRSs"), but makes amendments where necessary in order to comply with Companies Act 2006 and has been set out below where advantages of the FRS 101 disclosure exemptions has been taken.

The Company's ultimate parent undertaking, Unilever PLC, includes the Company in its consolidated financial statements. The consolidated financial statements of Unilever PLC are prepared in accordance with International Financial Reporting Standards and provided in the published Unilever PLC Annual Report, available at www.unilever.com.

In these financial statements, where applicable, the Company has applied the exemptions available under FRS 101 in respect of the following disclosures:

- A Cash Flow Statement and related notes;
- Comparative period reconciliations for share capital, tangible fixed assets, intangible assets and investment properties;
- Disclosures in respect of transactions with wholly owned subsidiaries;
- Disclosures in respect of capital management;
- The effects of new but not yet effective IFRSs;
- Disclosures in respect of compensation of Key Management Personnel; and
- Disclosures of transactions with a management entity that provides key management personnel services to the company.

As the consolidated financial statements of Unilever PLC includes equivalent disclosures, the Company has also taken the exemptions under FRS 101 available in respect of the following disclosures where applicable:

- IFRS 2 Share Based Payments in respect of group settled share based payments;

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2016**

1. ACCOUNTING POLICIES (continued)

- Certain disclosures required by IAS 36 Impairment of assets in respect of the impairment of goodwill and indefinite life intangible assets;
- Disclosures required by IFRS 5 Non-current Assets Held for Sale and Discontinued Operations in respect of the cash flows of discontinued operations;
- Certain disclosures required by IFRS 3 Business Combinations in respect of business combinations undertaken by the Company; and
- Certain disclosures required by IFRS 13 Fair value measurement and the disclosures required by IFRS 7 Financial Instrument Disclosures.

The Company proposes to continue to adopt the reduced disclosure framework of FRS 101 in its next financial statements.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

1.2 CONSOLIDATION

The company is a wholly-owned subsidiary of Unilever PLC. It is included in the consolidated financial statements of Unilever Group which are publicly available. Therefore, the company is exempt by virtue of section 400 of the Companies Act 2006 from the requirement to prepare group financial statements. These financial statements present information about the company as an individual undertaking and not about its group.

1.3 MEASUREMENT CONVENTION

The financial statements are prepared on the historical cost basis except that the following assets are stated at their fair value: None.

1.4 JOINT ARRANGEMENTS

The Company has a contractual arrangement with two other Unilever Group entities, who proportionally participate in an Australian partnership, Unilever Australia Group Partnership, a limited liability partnership registered under the Laws of the State of New South Wales. The partnership activities are confined to Australia. The Company accounts for its share (49.75%) of the profit and loss, assets and liabilities of the Partnership in accordance with IFRS 11.

1.5 GOING CONCERN

When preparing financial statements, management makes an assessment of the Company's ability to continue as a going concern. The Company shall prepare financial statements on a going concern basis unless management either intends to liquidate the Company or to cease trading, or has no realistic alternative but to do so. When management is aware, in making its assessment, of material uncertainties related to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern, the Company shall disclose those uncertainties.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2016**

1. ACCOUNTING POLICIES (continued)

When the Company does not prepare financial statements on a going concern basis, it shall disclose that fact, together with the basis on which it prepared the financial statements and the reason why the Company is not regarded as a going concern.

Unilever Australia Investments Limited has net current liabilities. These financial statements have been prepared on a going concern basis because Unilever PLC Limited has formally indicated that it will continue to provide financial and other support to the Company to enable it to trade and meet its liabilities as and when they become due, for at least the next twelve months.

1.6 DEBTORS

Debtors are amounts due for services performed in the ordinary course of business and other receivables. If collection is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as due within one year. If not, they are presented as due after more than one year.

Debtors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

Interest-bearing borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost using the effective interest method, less any impairment losses.

1.7 CASH AND CASH EQUIVALENTS

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

1.8 VALUATION OF INVESTMENTS

All unincorporated business combinations are accounted for by applying the acquisition method. Business combinations are accounted for using the acquisition method as at the acquisition date, which is the date on which control is transferred to the company.

Investments in Group undertakings are entities controlled by the Company, where control is the power directly or indirectly to govern the financial and operating policies of the entity so as to obtain benefit from its activities.

Associated company investments are entities in which the Group has a long term interest and over which the Group has directly or indirectly significant influence, where significant influence is the ability to influence the financial and operating policies of the entity.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2016**

1. ACCOUNTING POLICIES (continued)

Investments in Group undertakings are held at cost less accumulated impairment losses. Where the value of an investment is considered to have been permanently impaired, a carrying value below cost method is employed and any impairment charge is taken to the Profit and Loss Account.

The carrying amounts of the Company's fixed assets investments are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

1.9 CREDITORS

Creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. If payment is expected in one year or less, they are classified as due within one year. If not, they are presented as due after more than one year.

Creditors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

1.10 FOREIGN CURRENCY TRANSLATION*Functional and presentation currency*

The company's functional and presentational currency is AUD.

Transactions and balances

Transactions in foreign currencies are translated to the Company's functional currencies at the foreign exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are retranslated to the functional currency at the foreign exchange rate ruling at that date. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary assets and liabilities denominated in foreign

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2016**

1. ACCOUNTING POLICIES (continued)

currencies that are stated at fair value are retranslated to the functional currency at foreign exchange rates ruling at the dates the fair value was determined. Foreign exchange differences arising on translation are recognised in the profit and loss account (except for differences arising on the retranslation of qualifying cash flow hedges, which are recognised in other comprehensive income).

1.11 FINANCE COSTS

Net finance costs are comprised of finance costs and finance income, including net finance costs in relation to pensions and similar obligations.

1.12 INTEREST INCOME AND EXPENSE

Interest income and expense are recognised in the Profit and loss account using the effective interest method.

1.13 CURRENT AND DEFERRED TAXATION

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following temporary differences are not provided for: the initial recognition of goodwill; the initial recognition of assets or liabilities that affect neither accounting nor taxable profit other than in a business combination, and differences relating to investments in subsidiaries to the extent that they will probably not reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the balance sheet date. For investment property that is measured at fair value, deferred tax is provided at the rate applicable to the sale of the property except for that part of the property that is depreciable and the company's business model is to consume substantially all of the value through use. In the latter case the tax rate applicable to income tax is used.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised or that the Company has determined it is appropriate to recognise the deferred tax asset as it is recoverable due to the fact that the Company is part of a UK group for group relief purposes.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2016**

2. JUDGEMENTS IN APPLYING ACCOUNTING POLICIES AND KEY SOURCES OF ESTIMATION UNCERTAINTY

Estimates and judgements are continually evaluated and are based on historical experience and other factors including expectations of future events that are believed to be reasonable under the circumstances.

The company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

Impairment of fixed assets investments

The company makes an estimate of the recoverable value of the fixed assets investments. For description of management's approach see Note 1.8 Valuation of investments.

3. AUDITORS' REMUNERATION

The fees for KPMG LLP (and its associates, if applicable) in respect of the statutory audit for the current year are borne by a fellow Unilever Group company, Unilever U.K. Central Resources Limited.

	2016 A\$	2015 A\$
Audit of these financial statements	5,891	4,631

The company has taken advantage of the exemption not to disclose amounts paid for non-audit services as these are disclosed in the group accounts of the parent company.

4. EMPLOYEE INFORMATION

No employees were employed by the Company during 2016 (2015: no employees) and no employee costs were incurred by the Company (2015: A\$NIL).

5. DIRECTORS' REMUNERATION

No remuneration (2015: A\$NIL) was paid by the Company to the Directors, including the Chairman. All Directors are employed by Unilever U.K. Central Resources Limited or Unilever PLC and are remunerated by those companies respectively in respect of their services to the Unilever Group as a whole. None of these costs are charged to the Company.
