1. Progress of the liquidation

This report should be read in conjunction with the previous reports issued by the Former Administrators and the Joint Liquidators.

Note

This report has been prepared from information available at the time of its preparation. Due to the global outbreak of COVID-19 and the UK's response to this, requiring case staff to work from home and necessarily a lack of access to physical files or other information, we should advise that we may not have all the information required to ensure this report is both complete and accurate. Where there are errors and/or omissions we will endeavour to correct these where possible in our next report to you.

Work undertaken during the Period and work yet to be completed

Attached at Appendix C is a schedule of work undertaken during the Period together with a summary of work still to be completed. A summary of the work undertaken is set out below.

Litigation settlement

During the Period, a settlement was reached with certain former directors of BHS Group Limited and the Company. Pursuant to the settlement there was a mutual release of all claims with no admission of liability. The Joint Liquidators continue to consider other actions to maximise recoveries for the estate.

International franchise debts

The Joint Liquidators have continued to liaise with their legal advisers regarding the outstanding debt totalling approx. £564k. The Joint Liquidators have been advised that the Bahraini debtor has been placed into an insolvency process in Bahrain, however the Bahraini Court have acknowledged the UK Court judgement obtained against the debtor. The Joint Liquidators legal advisors are continuing to liaise with the trustee of the insolvent estate to understand the position of the outstanding debt.

the debtor had been placed into Liquidation, and a claim was lodged on behalf of the Company. The appointed Liquidator of the debtor confirmed the debt and has remitted a dividend of CHF 5k which has been received in January 2021.

Rates and miscellaneous refunds

The Joint Liquidators have continued to liaise with surveyors in respect of the historic rates position on the property portfolio which has resulted in various refunds being received. These have resulted in a rates refund totalling £54.7k being received in the Period. In addition to rates, £91k was received in the period, in relation to rental refunds.

The Joint Liquidators have continued to liaise with their credit collection company in

relation to a Swiss franchisee. The Joint Liquidators were advised in the Period that

As creditors may recall, a former utility provider to the Company has been holding £684k since the Company entered administration in 2016. Correspondence with the utility provider's solicitor is ongoing regarding this amount being returned to the Company. A further £5.6k was released during the Period, however correspondence continues to be ongoing, and the Joint Liquidators are investigating obtaining legal counsel's opinion on the position.

A sum of £812,236.08 was received from BHS Group Limited in repayment of funding of litigation which was provided by the Company on a non-recourse basis.

Merchant service funds

The Joint Liquidators have continued to liaise with one of the Company's former merchant service providers and following the merchant finalising matters in relation to outstanding costs internally, total funds of £20k were returned to the Company.

Other matters

The Joint Liquidators completed a VAT return in the Period for £667k repayable to the Company and are awaiting confirmation from HMRC.

SHB Realisations Limited (formerly BHS Limited) (in Liquidation) The Joint Liquidators' Progress Report

1. Progress of the liquidation

The Joint Liquidators are continuing to liaise with their tax advisors in relation to the possible tax consequences of the asset realisations made. The tax advice and work that has been received will potentially minimise any potential tax charges on assets realised, with specific reference to the settlement.

There continues to be regular correspondence received from creditors and the Joint Liquidators and their case staff continue to respond to these queries on a regular basis.

In addition to creditor correspondence, the Company regularly receives correspondences and bills from utility companies in relation to former properties. The Joint Liquidators have been responding to each of these utility providers to advise of the current position.

Receipts and payments account

Attached at Appendix B is a receipts and payments account detailing both transactions for the Period and also cumulatively since the Company entered Liquidation. Receipts and payments are shown net of VAT which is both payable and recoverable in the liquidation.

Investigations

As Joint Liquidators, we have a statutory duty to investigate the circumstances surrounding the Company's demise. In discharging this duty, we have conducted enquiries into the Company's business, dealings and affairs in order to establish whether there are any potential assets or recoveries available to realise for the benefit of the estate, including any potential claims against third parties, taking into account the potential recoveries and associated costs of bringing such recovery action.

Our enquiries into these matters to date have been, and continue to be, extensive but proportionate given the size of the Company and the quantum of realisations and creditors. A comprehensive data collection exercise has been undertaken. The collation of books, records and information relating to the Company is complete, with the Joint Liquidators obtaining the files of a large number of firms of accountants,

SHB Realisations Limited (formerly BHS Limited) (in Liquidation) The Joint Liquidators' Progress Report

auditors, tax advisors, property agents and solicitors who had historically been instructed by the Company (or otherwise had dealings with the Company in respect of their separate engagements), in order to investigate any other potential assets and/or causes for recovery action. We have sought information from directors and former directors as well as from other third parties and invited creditors to provide information on any concerns they may have in the way in which the Company's business was conducted.

A substantial review of the Company's books and records and accounting information has been carried out and a data review platform has been, and continues to be, utilised to streamline the processing of the available information and identification of key relevant documents.

Due to the sensitive and largely privileged nature of the ongoing investigations, the Joint Liquidators are unable to provide substantial information to creditors on the current investigation streams at this juncture, apart from those detailed in the schedule of work at Appendix C. The Joint Liquidators continue to consider other actions to maximise recoveries for the estate.

If you have any information or concerns regarding the way in which the Company's business has been conducted, or have information regarding potential recoveries for the estate, please contact this office by post at 110 Cannon Street, London EC4N 6EU, telephone 020 3005 4000 or by email to julia.Guy@frpadvsory.com.

Yours faithfully

2. Estimated outcome for the creditors

The estimated outcome for creditors was included in the Joint Liquidators' progress reports dated 26 January 2018 and 25 January 2019.

Outcome for secured creditors

Arcadia

The Joint Liquidators reached an agreement with Arcadia in relation to a number of matters, including Arcadia's floating charge dated 14 April 2015. The Joint Liquidators can confirm that as part of the agreement, over £30m was released from the reserves held in relation to Arcadia's secured claim into the monies available for the Company's unsecured creditors and the floating charge was released.

Barclays

Barclays have three outstanding charges registered at Companies House. Barclays recovered its exposure on the day the Company entered administration from the credit balances it was holding, as per the terms of its security.

<u>GB</u>

GB had the benefit of fixed charge security over the Company's long leasehold interest in the store at Cribbs Causeway, Bristol. The principal amount secured was £9.4m however further charges, interest and default interest have accrued on this sum.

Following the Company entering administration, GB appointed a receiver over the leasehold interest, but no sale was concluded. Upon the Company entering liquidation, the receiver resigned, and the Joint Liquidators became responsible for realising the asset.

The lease was surrendered for a premium of £500k which has resulted in GB suffering a shortfall on its lending. GB will be able to claim as an unsecured creditor for the amount outstanding to them.

SHB Realisations Limited (formerly BHS Limited) (in Liquidation) The Joint Liquidators' Progress Report

Grovepoint

Grovepoint was owed £19m by the Company and related BHS group companies as at the date of administration and had the benefit of fixed charge security over freehold and leasehold interests, both owned by the Company and the BHS group companies.

All entities party to the Grovepoint facility provided cross-guarantees to secure the liability. Grovepoint was repaid £10m by the Company during the administration and the remaining indebtedness was discharged by other BHS group companies from property disposals.

Preferential Creditors

The Joint Liquidators are not aware of any preferential claims in the liquidation. Creditors should refer to the progress reports of the Former Administrators for further details.

Unsecured creditors

At the time of declaring the first dividend, the Joint Liquidators had received claims totalling £997,882,936 from unsecured creditors. A dividend of 3.62 pence in the pound was declared on 10 November 2017.

A further sum of approximately £180,000 was held in respect of claims which had not been agreed as at the date the dividend was declared. The majority of these claims have now been rejected and these funds will now be available to unsecured creditors when the final dividend is declared.

The Joint Liquidators have issued a substantial claim in relation to the conduct of directors appointed after the sale of the Company to Retail Acquisitions Limited in March 2015 and as such anticipate that there could be further realisations made. A final dividend will be declared once these recoveries have finalised. The Joint Liquidators are unable to confirm timing or quantum at this stage, however will provide updates as further information becomes available.

2. Estimated outcome for the creditors

The prescribed part

In accordance with the Insolvency Act 1986, the prescribed part is an element of net realisations due to the floating charge holder which is made available for unsecured creditors (subject to the floating charge post-dating 15 September 2003).

As there is no floating charge the prescribed part does not apply in this instance.

3. Joint Liquidators' remuneration, disbursements and expenses

Joint Liquidators' remuneration

As advised in previous correspondence the creditors passed a resolution that the Joint Liquidators' remuneration should be calculated on a time cost basis. To date fees of £4,858,117 excluding VAT have been drawn from the funds available.

A breakdown of the Joint Liquidators' time costs incurred during both the Period and to date is attached at Appendix D.

Creditors previously approved the Joint Liquidators fee estimate covering a period of four years from the date of the liquidation in the sum of £6,583,939. The Joint Liquidators are unable to draw fees based on time costs exceeding the total amount set out in the fee estimate previously provided without further approval of the creditors.

The Joint Liquidators have been providing fee estimates on a yearly basis. This year an increase is not required and the Joint Liquidators will write to creditors under separate cover regarding this matter and future estimated expenses.

Joint Liquidators' disbursements

The Joint Liquidators' disbursements are a recharge of actual costs incurred in dealing with this matter. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP at the HMRC approved mileage rate prevailing at the time the mileage was incurred. Details of disbursements incurred during the Period are set out in Appendix D.

Expenses of the liquidation

An estimate of the Joint Liquidators' expenses was set out in the various letters previously circulated to creditors, the most recent of which was dated 27 February 2020. Attached at Appendix E is a statement of expenses that have been incurred during the Period. It is currently expected that the total expenses incurred or anticipated to be incurred are not likely to exceed the details provided prior to the

SHB Realisations Limited (formerly BHS Limited) (in Liquidation) The Joint Liquidators' Progress Report

determination of the basis of the Joint Liquidators' remuneration. However, within the statement of expenses there are a number of costs which have exceeded the estimate previously provided. These are as follows:

- Trading Liabilities: originally there were no further trading liabilities anticipated, however, a late CVA rent claim from a landlord was received and duly paid during the Period of £93,330.
- DLA Piper (UK) LLP: there was an increase in fees payable in the Period totalling £9,847. This was in relation to legal advice in respect of forensic work undertaken.
- Womble Bond Dickinson LLP: there were additional unforeseen costs totalling £10,420 in the Period. This was due to a change of legal advisors in relation to the ongoing Npower matter, which Womble Bond Dickinson LLP are now handling on behalf of the Joint Liquidators.
- Elham Ali Hassan: there were additional costs in respect of Bahraini counsel totalling £24,622 which was in relation to the Court order over the Bahraini franchisee.
- Stephenson Harwood LLP: a total of £22,860 was payable in the Period to cover the legal costs in respect of the settlement agreed with various former directors.
- Birkett Green Lees LLP: additional costs of £8,209 were incurred due to the additional advice required on the business rates liability of a former London property.
- Insurance of Assets: the Joint Liquidators note that there has been an error
 in previous reports with the insurance costs not being reported separately in
 the statement of expenses. Since the start of the insolvency process, the
 former Joint Administrators and subsequent Joint Liquidators' incurred costs
 of £92,880 in respect of the insurance of buildings and assets. Insurance has
 reduced as and when properties have assigned or been disclaimed with
 £1,505 being incurred within the Period.

3. Joint Liquidators' remuneration, disbursements and expenses

When instructing third parties to provide specialist advice and services, or having the specialist services provided by the firm, the Joint Liquidators are obligated to ensure that such advice or work is warranted and that the advice or work contracted reflects the best value and service for the work being undertaken. This is reviewed by the Joint Liquidators periodically throughout the duration of the assignment. The specialists chosen may regularly be used by the Joint Liquidators and usually have knowledge specific to the insolvency industry and, where relevant, to matters specific to this insolvency appointment.

Creditors have a right to request further information from the Joint Liquidators and further have a right to challenge the Joint Liquidators' remuneration and other expenses, which are first disclosed in this report, under the Insolvency (England and Wales) Rules 2016. (For ease of reference these are the expenses incurred in the Period as set out in Appendix E only). Further details of these rights can be found in the Creditors' Guide to Fees which you can access using the following link https://creditors.frpadvisory.com/info.aspx and select the guide for liquidation. Alternatively, a hard copy of the relevant guide will be sent to you on request. Please note there is a time limit for requesting information being 21 days following the receipt of this progress report. There is a time limit of 8 weeks following the receipt of this report for a Court application that the remuneration or expenses are excessive.

The Joint Liquidators' schedule of work

The table below sets out a detailed summary of the work undertaken by the Joint Liquidators to date and details of the work it is anticipated will be undertaken by the Joint Liquidators throughout the duration of the Company's liquidation.

Where work undertaken results in the realisation of funds (from the sale of assets or recoveries from successful actions taken against third parties), there may be a financial benefit to creditors should there be sufficient funds available to make a distribution to one or more class of creditor. In this case, work undertaken will include the scrutiny and agreement of creditor claims.

A proportion of the work undertaken by the Joint Liquidators is required by statute, including ensuring the appointment is valid, notifications of the appointment to third parties, regular reporting on the progress, notifying statutory bodies where required in relation to the conduct of the directors, complying with relevant legislation and regulatory matters. This may not have a direct financial benefit to creditors but is substantially there to protect creditors and other stakeholders and ensuring they are kept informed of developments.

Case Control, Review, Strategy and General Administration	Case Control, Review, Strategy and General Administration
In order to aid efficient case management, regular reviews of the working file are undertaken. These reviews ensure progression of case specific matters an also ensure general compliance matters are attended to. Members of the Joint Liquidators' team working on the various work streams mer regularly to ensure that matters are being progressed effectively, to shark knowledge and to ensure that there is no unnecessary duplication of work. It is also necessary for the Joint Liquidators to regularly correspond with the legal advisers appointed on the various work streams to discuss progression of the work streams referred to them.	d liquidation and the various work streams in order that maximum value is achieved for the Company's assets and any claims identified are considered on merit and progressed appropriately for the benefit of creditors. There are also a number of ongoing matters being progressed which, whilst they do not provide a financial benefit to creditors, are essential in order to finalise the Company's affairs.
