Notes to the Abbreviated Accounts
for the year ended 31st March 2013

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery	- 10% on reducing balance
Fixtures and fittings	- 10% on reducing balance
Motor vehicles	- 20% on reducing balance

Long leasehold premises are not depreciated as it is the company's policy to maintain its property in good repair and the life and residual value are such that depreciation would not be material. The Directors carry out annual impairment reviews to ensure that the recoverable value is greater than the carrying value. There have been no changes in the bases from the previous year.

Stocks

Stock and work in progress are valued at the lower of cost and net realisable value on an item by item basis.

Cost includes direct materials and labour, together with relevant production overheads.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Pensions

The company operates a defined contribution pension scheme for two directors. The assets of the scheme are held separately from those of the company in an independently administered fund. The pension charge represents contributions payable by the company to the scheme. Contributions are charged against profits as incurred.
