ABRIDGED BALANCE SHEET - continued 31 December 2016

The financial statements have been prepared and delivered in accordance with the provisions of Part 15 of the Companies Act 2006 relating to small companies.

All the members have consented to the preparation of an abridged Income Statement and an abridged Balance Sheet for the year ended 31 December 2016 in accordance with Section 444(2A) of the Companies Act 2006.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the Board of Directors on 9 March 2017 and were signed on its behalf by:

P Spencer - Director

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 December 2016

1. STATUTORY INFORMATION

Andantex Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

The principal accounting policies adopted in the preparation of the financial statements are set out below and have remained unchanged from the previous year.

The company adopted FRS 102 Section 1A "Small Entities" in the current year and both the financial performance and financial position of the company have remained unchanged as a result of the transition.

The date of transition was 1 January 2015.

Related party exemption

The company has taken advantage of exemption, under the terms of Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', not to disclose related party transactions with wholly owned subsidiaries within the group.

Turnover

Turnover comprises the value of sales (net of value added tax) of goods and services provided in the normal course of business. Revenue is recognised in respect of service contracts when the company obtains the right to consideration.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Long leasehold - nil

Plant and machinery - 15% on reducing balance Furniture and equipment - 15% to 25% on reducing balance

Motor vehicles - 25% on reducing balance

It is the policy of the company to maintain its long leasehold property in good condition with the cost of repair and maintenance being charged to the profit and loss account. Any depreciation would, in the opinion of the directors, be immaterial. It is considered that the consumption of the property over its useful economic life is negligible. Consequently a depreciation rate of 0% has been used.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that that have been enacted or substantively enacted by the balance sheet date.

NOTES TO THE FINANCIAL STATEMENTS - continued for the year ended 31 December 2016

2. ACCOUNTING POLICIES - continued

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

Financial instruments

Loans and borrowings are initially recognised at the transaction price including transaction costs. Subsequently, they are measured at amortised cost using the effective interest rate method, less impairment.

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the income statement.

Investments

Fixed asset investments are stated at cost less provision for diminution in value.

Current asset investment

Current asset investments are stated at market price.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 4 (2015 - 5).

Page 5 continued...

NOTES TO THE FINANCIAL STATEMENTS - continued for the year ended 31 December 2016

4. TANGIBLE FIXED ASSETS
